Open burning is never allowed in town limits.

### Save Water and Money!

#### *Outdoor Water Conservation Tips*

- Water in short intervals for best absorption, especially on slopes or compacted soils.
- Water your lawn in the early morning or evening. Avoid watering during the heat of the day or when it is windy to reduce evaporation.
- Broom or manually clean gutters, sidewalks and walkways instead of using a hose.

#### *Indoor Water Conservation Tips*

- Don't use the toilet as a wastebasket.
- Check faucets and pipes for leaks. A small drip can waste 20 or more gallons per day.
- Don't let the bathroom sink run while brushing your teeth or shaving.
