PRESIDENT'S MESSAGE JUNE 2025

Hello members! For those who missed it I finally made it to a meeting last month. Rehab is almost complete.

While recovering I had to make a decision on the Sport King charters and since we were on the hook for \$7000 and had fewer than 8 anglers, I cancelled the charters in order to keep the club from taking a loss.

We did get a date for our annual twilight trip aboard the Betty O out of Marina Del Rey, July 12, 2025. The trip is filling fast, so if you plan to go, now is the time to get your charter paid.

The Sierra freshwater trip seems to have been a success from the pictures I have seen. Thank you, Vince, for a successful outing. I love when trips go well even if the weather did not cooperate.

As always, I am looking for club member input about charters you would like to see on our schedule. As we take limited loads we look for approximately 20 anglers and a boat that will not add their own or more anglers to increase their bottom line. I have no control over fuel surcharges and galley prices. Remember fuel and food prices have gone up. I have been able to hold the price of charters for a few years. I hope you see a charter you love and you will go fishing with the club.

I plan to attend meetings in the future so stop by and say hello. Let me know how we can improve the club and PARTICIPATE in club activities. The more the merrier.

Again, thank everyone who stepped up while I am getting better. Hope to see you at a meeting and on the water soon.

William Davis, President

FRESHWATER EVENTS UPDATE

Hello Members.

Our trip to the Sierras was a great time! We had a solid turnout and everyone got on some fish. We started our weekend off at the Upper Owens where a few of us landed juvenile rainbows and a brown. Robert Lopez and I were both able to land a brown and rainbow at the river, it was tough fishing but we found them. After we headed over to Convict where, despite the fast winds, everyone caught multiple fish. Nothing bigger than Mark Rubio's whopper, a 5.08lb rainbow trout caught on an orange and yellow mouse tail. It put up a good fight but Mark landed it.

Some members stayed at Convict while some of us headed to different spots including Rock Creek Lake. The lake was cold and snowy but between 4 people we were able to land and release over 30 fish in a 2-hour span. Jose M landed a beautiful male rainbow weighing in at 2.60lbs on a mouse tail. Mouse tails seemed to be the hot bait that weekend. We ended our first night with a group dinner and drinks at Mammoth Brewery, we were all tired but it was a great way to end the first day.

We finished up the trip fishing Bishop Creek and then headed to Intake II where Jose L and his wife Patty showed us around. The lake produced a few healthy sized fish. Joe Valerio extended his stay into the week and was rewarded with his first Golden Trout while doing some hiking to the back of Rock Creek. Thank you everyone who made it, it was a great time and I can't wait for the next one.

This coming month, June 21st, will be our next freshwater event at Prado Regional Park. As the weather heats up, we will target the catfish that are currently being stocked. The more your bait stinks, the better. We will be fishing 7:30am-1:30pm formal weigh in. Rules are the same as whopper board rules and only 1 winner this time for biggest fish.

Looking ahead to October 4th, our freshwater event in Big Bear. We will be doing a one-day event but members are welcome to stay for the weekend. I am planning to head up there Friday and stay till Sunday. We are looking into lodging, more details to follow.

Thank you, Vince Sainz, Freshwater Chair

East Cape, Baja, Mexico - Fishing

Submitted by James Garcia

On May 15, my grandson and I boarded Delta Airlines from LAX flying to East Cape, Baja, Mexico for May 15-19 2025. This was my grandson's first airplane flight and also his first saltwater boat trip. We were trolling on the boat for almost 2 hours and then my grandson hooked his first Marlin. It took him about 45 minutes to an hour to bring it on board. The look on his face, the smile that he had, was something I would never forget. What a memory, just to see the thrill and the excitement my grandson was having. We caught three Marlins that morning. The following day we caught 143 pounds of yellowfin tuna. That would be the first time my grandson caught a tuna. The third day the weather was nice, with glassy water, and by 7 o'clock that morning we hooked up on our first Marlin. Throughout the day we hooked up eight more. We were done with our limit by 1 PM. We were part of the Danny Hernandez East Cape fishing tournament. Our team's name was ICDFISH. Yes, we won the tournament. It was a great, great day. With the Marlin we did Catch and Release. One of them didn't make it so we kept it and had it smoked. We kept all of the yellow fin tuna and had them fillet & freeze it.

We had a special guest with us fishing. His name is Rocky, from the NCIS TV program. He had a great time with us and we had a great time with him. I would like to suggest if you have grandkids kids of your own, neighbor's kids, take them fishing. It doesn't have to be Mexico. It could be Long Beach or San Pedro. Take them out, especially if they never fished before. They will have a blast and you'll be able to see the smile on their face. In closing, I am going to be making plans to take my grandsons and my sons all of fishing this summer. Time goes too fast.
