

Why is the quality of care so much better at Hazel Findlay???!?

We happen to think that we have the very best staff around and while that is true, the **NUMBERS DON'T LIE!**

We are excited to announce that Hazel Findlay is a 5-star rated facility in both RN staffing and overall staffing! In fact, we are leaps and bounds above most everyone else!

Out of the **439** facilities in Michigan, Hazel Findlay ranks **24th** for the number of CNA hours provided to residents and **30th** for the number of nurse hours!

Our staff and residents are so fortunate that we are able to maintain such high levels of staffing numbers which directly affect the kind of care we give our residents!
