

## MH-Direct/Indirect (DI)

### With HID Remote Ballast

The **MH-DI** dynamic shape and unique direct aspect of this base up Metal Halide **Direct/Indirect** fixture reflects light at specific angles with precise bulb placement. This produces more light on product and at floor levels eliminating annoying glare and shadows. Ideal for lighting retail, manufacturing, commercial, industrial, and sports facilities with white ceiling heights from 12-50 feet.

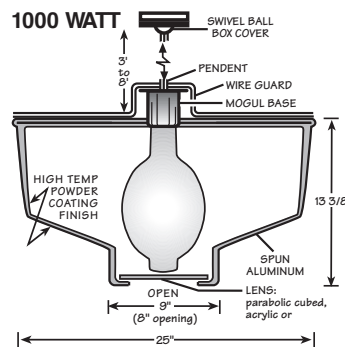

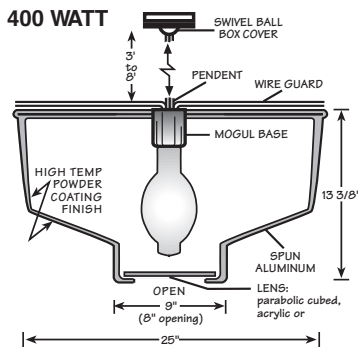

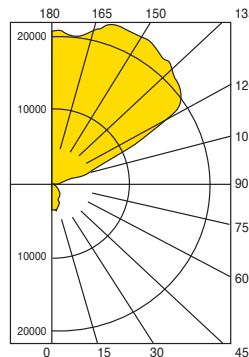

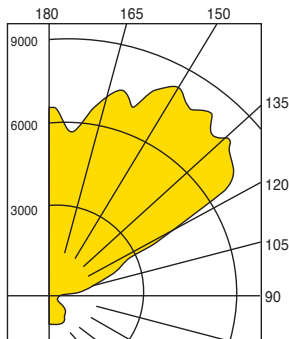

### Description

- Direct/Indirect aluminum fixture pre-wired and assembled for Metal Halide base up lamps.
- Indirect opening 25" diameter with a 30 degree smooth reflecting inner surface.
- Direct opening 8" diameter with either a solid acrylic or cubed parabolic lens.
- Light disbursement 10% direct – 90% indirect.
- Fixture painted: high temperature polyester powder coating; gloss white.
- Pendant and 4" swivel ball box cover included.
