WELCOME to the Badlands Angus Alliance Bull & Bred Female Sale. This is not only a partnership between Best Angus, Strommen Ranch and Talkington Angus Ranch, it is also a partnership with all of our current and future customers. With our combined resources and marketing assistance from our partners at Stockmen's Livestock Exchange in Dickinson, ND, we are committed to helping our customers add value to their females and continuing the Badlands Angus Alliance sale as THE PREMIER SOURCE for bred females in western North Dakota.

This sale features 600 elite, source and genetic-verified bred females from our respective programs and from our commercial customers. We are proud of the exceptional herds our customers are building and we are excited to help them market their top females through this sale. They are influenced by and bred to Best, Strommen or Talkington seedstock.

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning.

Many of them are AI-bred to proven, calving-ease sires with a tight calving window, and have been ultrasounded for calving dates. This year's consignments offer a variety of calving start dates, including March, April and May. They are all source and genetic-verified and bred to known calving-ease genetics. A full ranch and production history on each consignment is included in the heifer listings.

The coming-2-year-old ANGUS bulls are thick, stout, rugged, fully guaranteed and will be ready for service in big country. They were retained specifically for this sale. We are excited to offer these bulls as it gives us a chance to see our genetics as they age and develop. These bulls have been slowly developed with soundness and longevity in mind, with an optimum gain, not an excessive gain. Our ultimate goal is to have the bulls range-ready, sound-footed and ready to go to work for you!

Strommens are offering a select group of registered bred heifers, beginning on page 28.

SALE ORDER • Bulls will sell first, followed by the commercial bred heifers and then the registered bred heifers.

VIDEOS • Videos of the bulls and bred females will be available on www.DVAuction.com

TERMS AND CONDITIONS • Bulls sell under the standard terms and conditions of the American Angus Association. Terms of the sale are cash. Full payment is due on sale day. For purchases made through DVAuction, please remit payment directly to Stockmen's West, PO Box 1348, Dickinson, ND 58602. All cattle must be paid for prior to release from Stockmen's Livestock. Any cattle remaining after two days from the sale will be charged \$5 per head per day for feed.

ANNOUNCEMENTS • Announcements made from the block on sale day will supersede the information printed in this book.

BULL DEVELOPMENT • These bulls have been handled correctly and developed without ANY creep. They have been fed just enough to express genetic differences, but not overfed as to compromise soundness or longevity. We want you to have a bull that will do his job and last for years.

SALE TIME • The sale starts at 12 p.m. MST.

EPDS • EPDs are current as of 11/5/2025.

BULL DELIVERY • We will offer free delivery on the bulls within 500 miles of Dickinson, ND. Deliveries will begin immediately following the sale.

FEMALE DELIVERY • We will not deliver the females, but can assist in lining up trucking. Please contact us or Stockmen's West to make arrangements.

HEALTH • All bulls and registered heifers have been on a complete health program as prescribed by our respective veterinarians. Specific health information on the commercial bred heifers is presented in their individual write-ups.

FERTILITY • All bulls have passed a fertility exam performed by Dr. Gary Scheiber for the Best Angus bulls, Dr. Pat Bierman for the Strommen bulls and Dr. Chance Noyce for the Talkington bulls.

SIGHT UNSEEN PURCHASES • If you, for some reason, are unable to attend the sale, but wish to place a bid, feel free to call us and we will handle your bid as if you were here. If you wish to be on the phone during the sale, we will try to accommodate your request. Please let us know in advance so arrangements can be made. All sight unseen bull purchases are fully guaranteed, when you talk to the owner prior to the sale.

GUARANTEE • The bulls are fully guaranteed for one breeding season. We understand that these are animals and that injuries do occur, but we have the utmost confidence that we have developed these bulls in the best way to protect your investment. If an injury or death occurs, the ranch of origin will guarantee them for the purchase price minus salvage value (\$2,500).

LIABILITY • Anyone attending this sale does so at their own risk. Neither the owners nor anyone connected to this sale, assumes any liability, legal or otherwise.

WATCH & BID ONLINE • Videos of the bulls and heifers are available at www.dvauction.com. Bid online via DVAuction, too!

www.TalkingtonAngusRanch.com

Welcome to the 2025 Badlands Angus Alliance Bull and Bred Female Sale. We are honored to continue this one-of-a-kind sale with our partners and friends, Strommen Ranch and Best Angus, all the reputation cattlemen who consign top quality heifers, and the crew at Stockmen's Livestock Exchange. We continue to be dedicated to making this sale the premier source for genetic and source verified, maternally bred commercial Angus females in the region.

Talkington Angus Ranch is located on the edge of the Badlands between Belfield and Medora. We are the fourth generation, and our children are the fifth to ranch in this location in the 119-year history of our family operation. Our goal continues to be to focused on balanced trait, maternally oriented cattle. We continue to stay the course and not chase trends, extremes, or the next hot thing. Every decision we make, is with our commercial customers profitability in mind. We believe fertility and longevity are the most important traits that lead to profitability. Right now, every calf is worth a lot of money, but what sets the most profitable operations apart is cows that breed early, year after year, and last for years. Structural soundness, fleshing ability, foot quality, udder quality, and good dispositions all play into this philosophy, and are a requirement at our operation. We strive to raise cattle that fit our environment and our customers, moderate females that can thrive in rugged terrain and arid climate.

This sale will be the only opportunity to purchase coming 2-year-old Talkington bulls. These 18 bulls have been developed specifically for the Badlands Angus Alliance sale with fertility and longevity as the ultimate goal. These bulls have never been pushed hard. Last winter they were backgrounded at a rate of 2.5lb/day gain and then ran on pasture from June 1st until September 10th, before being brought back into the feedlot. These bulls have all been parent verified to ensure that the genetics you are investing in are correct. Please feel free to contact us with any questions or requests for further information. We always welcome visitors if you wish to stop by and see the bulls and their dams.

Tremendous fertility and longevity behind this bull. His dam is off to a great start with a progeny WR of 3/106. His Pathfinder grandam posts a WR of 6/108. His Pathfinder great granddam has a BR of 8/95, WR of 8/104, and a calving interval of 8/368. The next three dams back lasted until 14 years old with a WR of 12/107, 11 years old with a WR of 9/104, and 12 years old with a WR of 10/109.

Moderate framed, big middled bull with a dam that has caught AI every year with a calving interval of 4/367 and a BR of 4/95.

SAT AUTHORITY 4175 • Lot 18

We are so grateful to be a part of this Alliance that is the premier commercial female sale in North Dakota. Strommens and Talkingtons are great partners with very similar philosophies to our own. I am extremely proud of the heifers that the consigners brought to Dickinson the last few years. More importantly, the feed-back from the buyers has been excellent. I expect nothing less from this year's offering as well. Our goal of helping our customers realize the value they deserve for raising superior Angus females, continues to move forward.

We ranch in the North Dakota Badlands southeast of Watford City in some of the most rugged terrain in the region. We are committed to producing cattle that thrive under harsh conditions. Ranching is full of challenges, which is why we believe it is better for us to design cattle that will be profitable working in harmony with nature instead of a constant struggle against mother nature. Cattle designed to be profitable require less labor inputs since they can maintain their body condition and breed back on poor quality stockpiled forage. They can do this since they are deep ribbed, wide made and poses genetic fertility. They have sound udders, feet and legs allowing them to forage and care for their calves without extra assistance from management. Disposition and intelligence are extremely important traits for reducing labor requirements as well. We can't forget the most important profitability trait of them all, fertility. Just to make things a little harder, we need to make sure these cattle will be profitable to all segments of the beef industry. They need to gain, have excellent feed efficiency and strong carcass traits. Talk about a challenge, but this is what makes breeding cattle so much fun!

The bulls are all virgin two-year olds that were retained specifically for this sale.

We are a family operation and I would like to thank all of the family and friends that help us keep Best Angus running. We could not do what we do without our customers support over the years. We hope to see you all in Dickinson, but if you are unable to attend please contact me and I will gladly help you select an Angus bull that will fit your environment.

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Aaron, Pete or Shane to arrange transportation. High speed internet is required for successful bidding - be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. DVAuction support can always be reached at (402) 474-5557.

We're proud to again partner with our friends, the Bests, Talkingtons, the crew at Stockmen's Livestock Exchange, and our valued customers to offer this unique event. Our goal remains the same—to continue this sale as the premier source for maternal Angus genetics in western North Dakota.

At Strommen Ranch, we raise fertile, functional, easy-fleshing cattle that thrive on grass and raise big calves without creep feed. Profitability in the beef business starts with cattle that have the Maternal POWER® to do more with less. Our cows must calve annually, breed early, and wean heavy calves while withstanding the challenges of the Northern Plains. We select for fertility, longevity, structure, and real-world performance—traits that keep your operation productive and sustainable.

We're equally committed to customer success beyond the sale. Strommen Ranch offers multiple avenues to help market your cattle, ensuring strong returns for our customers' programs. We stand behind every bull we sell with service after the sale and a guarantee that's second to none. Our relationship doesn't end on sale day—it begins there.

The bulls we're bringing to Dickinson reflect that philosophy—rugged, sound, and backed by generations of Maternal POWER®. On page 36 you'll find a detailed explanation of the registered bred heifers we're bringing to the sale. We believe they have the potential to mature into exceptional cows.

We invite you to join us December 3, 2025, in Dickinson, and again at the ranch northeast of Solen, ND, on February 21, 2026, at 3 p.m. CST, for our Maternal POWER® Angus Bull & Female Sale, featuring: 120 Angus bulls (yearlings and coming 2-year-olds) and 20 Registered Angus replacement heifer calves.

We appreciate your interest and support, and look forward to visiting with you.

Aaron & Sheyna, Cassidy, Cooper & Clint Strommen

Commercial BRED FEMALES

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning. Many of them are carrying A.I. calves from proven calving-ease sires for a short calving period. This year's consignments offer a variety of calving start dates, including March, April and May. They have been ultrasounded for calving dates, sorted for quality and disposition, source verified and bred to known calving-ease genetics. Sale order will be determined by Stockmen's Livestock, as they are managing this portion of the sale.

If you have cattle out of and bred to Talkington, Strommen or Best bulls and you'd like to consign bred heifers in 2026, please contact us!

SORENSEN RANCH, WATFORD CITY, ND

65 AI-BRED HEIFERS, DUE MARCH 18

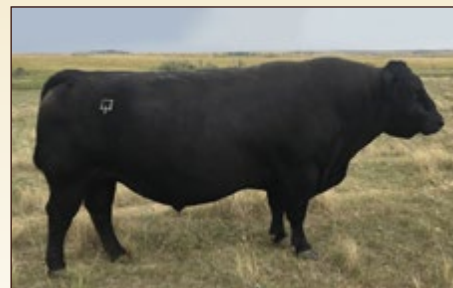

30 AI-BRED F1 BALDY HEIFERS, DUE MARCH 18

Contact: **JARVIS & KATIE SORENSON • (701) 570-6680**

Sorenson's ranch was established in 1906 and they represent the 4th and 5th generations ranching in McKenzie County. Jarvis and his family focus on raising cattle that do well in the Badlands and thrive on tame grass. Jarvis has a great eye for cattle and buys a lot of calves and bred females for producers throughout ND and MT, representing Connexion Livestock. These deep-ribbed, feminine heifers are all home-raised from the heart of their herd. Sorensens have been long-time customers of Talkington Angus, Best Angus, and Strommen Ranch. Their cow herd is strongly influenced by Alliance, Ext, Payweight and Resource.

They were artificially inseminated to Best Box Cross 291. Box Cross is an ideal bull for heifer matings. Expect calves by March 10. The calves come very easy and have strong calf vigor. The calves take off after birth and fit right in with all the calves at weaning. Bests are still going back and breeding to Box Cross, since he is the best calving ease sire they have ever used and the daughters are making excellent cows. An added bonus is Box Cross does an excellent job of adding marbling to his progeny.

These heifers will weigh approximately 1050 lbs. on sale day. They were pregnancy ultrasounded by Dr. Gary Schiebere and have been on a full vaccination and mineral program. They were vaccinated and boosted prior to breeding with PregGuard® Gold FP 10, then given Vira Shield® 6 + VL5 and poured with Dectomax®.

BEST BOX CROSS

JASON ERICKSON, BEULAH, ND

24 BRED HEIFERS, DUE APRIL 15 FOR 22 DAYS

Contact: **JASON & ANGIE ERICKSON • (701) 290-5158**

Repeat consignors Jason and Angie Erickson of Beulah, ND, are long-time Strommen Ranch bull buyers that are bringing us a top-notch set of bred heifers from their outstanding operation. Maternal Power® genetics run deep with sires including Rainfall, Motive, Stellar, Resource and Charlo. Jason has a very discriminating eye and always spends a day before the bull sale sorting through bulls and asking questions. Disposition is a top priority for Ericksons.

These home-raised heifers have been near the top of this sale in previous years and have had a high level of customer satisfaction. They should weigh 1,050 lbs by sale day and are bred to Strommen Ranch sons of Stellar to start April 15th for 22 days.

They were pregnancy ultrasounded by Dr. Travis Kuhlka of Glen Ullin, ND and have had a full health and mineral program. They received ScourGuard® and Bovi-Shield Gold® VL5 this fall, along with being poured with Clean-Up™ II.

COLEMAN CHARLO 0256

SAV RESOURCE 1441

DUSTIN HUESKE, RICHARDTON, ND

30 AI-BRED HEIFERS, DUE MARCH 10

12 BRED HEIFERS, DUE APRIL 1 FOR 21 DAYS

8 BRED HEIFERS, DUE APRIL 22 FOR 21 DAYS

Contact: **DUSTIN & COLEY HUESKE • (701) 290-3448**

Repeat consignors Dustin & Coley Hueske of Richardton, ND have built a reputation for their heifer development based on high customer satisfaction. The heifers they are bringing are a combination of their own home-raised heifers, and heifers originating from the Tim & Garrett Meyer herd. Both are reputation herds that dedicate a lot of time and resources into their genetic programs.

Hueskes and Meyers both implement a wide scale AI program. These heifers have been heavily influenced by genetics such as Tahoe, Resource, Rainfall and Stellar. The AI-bred heifers are bred to SAT Wolverine 916 and the bull breds are bred to Talkington Angus bulls sired by Coleman Authority and Minburn Reno.

These heifers were AI'd to SAT Wolverine 916 and pregnancy ultrasounded for calving date by Dr. Chance Noyce. They will weigh approximately 1050 lbs by sale day and have had a full health and mineral program, including Vira Shield® 6 + VL5. They've been poured with Clean-Up™ II and drenched with Safe-Guard®.

SAT WOLVERINE 916

SCOTT CYMBALUK, BELFIELD, ND

10 BRED HEIFERS, DUE MARCH 8 FOR 21 DAYS

Contact: **SCOTT & ANJI CYMBALUK • (701) 260-1174**

Repeat consignors Scott and Anji Cymbaluk, along with their son Bradie are the 3rd and 4th generations to ranch north of Belfield. Their cows run in rugged Badlands, just north of Talkingtons. These home-raised heifers are easy-fleshing, gentle and cake-broke.

They were exposed to three Talkington Angus bulls - two Essential sons and an Easy Decision son. Cymbaluks have been long-time Talkington Angus customers. Their cow herd has been influenced by sons of Bravo, Motive, Versatile, Tahoe, Innovation, Wolverine and Renovation.

These heifers were pregnancy ultrasounded for calving date by Dr. Chandy Olson and will weigh approximately 1100 lbs by sale day. They have been on a full herd health and mineral program, were poured with Cydectin® and vaccinated with Guardian® and Vista® 5 VL5.

E&B ESSENTIAL

COLEMAN EASY DECISION

ALEX DEIS, LINTON, ND

40 AI-BRED HEIFERS, DUE MARCH 11

Contact: **ALEX, NANCY, AMBREE, BRAYLEE & HUXLEE DEIS • (701) 321-1491**

Repeat consignors Alex and Nancy Deis have brought us another nice set of heifers they purchased from long-time Strommen Ranch customer, Chris Palmer of Zap, ND. Alex and Nancy do an excellent job developing heifers. This is a top-cut set of heifers that will weigh 1,050 lbs on sale day.

The Palmer heifers were purchased through the Badlands Heifer Calf Special in January. Palmers run a very disciplined breeding program, and purchase large groups of half brothers. They have built a reputation for excellent feeder steers and top-of-the-pen replacement heifer calves. Each and every one of these is a granddaughter of Bruin Torque 5261 or S R Silverado 083 from bulls purchased from Strommen Ranch. They were the premium top-cut out of 150 heifer calves and they are all carrying A.I.-sired pregnancies by SAV Easy Street 2289.

These heifers were ultrasounded by Steele Vet Clinic for sex and calving date, are on a full health and mineral program and were vaccinated with Safe-Guard®. They are gentle and cake-broke.

BRUIN TORQUE 5261

SAV EASY STREET 2289

TACHENKO RANCH, GRASSY BUTTE, ND

35 BRED F1 BALDY HEIFERS, DUE MARCH 25 FOR 21 DAYS

6 BRED F1 BALDY HEIFERS, DUE APRIL 15 FOR 21 DAYS

Contact: **CODY TACHENKO & ANGI HOWE • (701) 260-1299**

Repeat consignors Cody and Angi are the 3rd and 4th generations to ranch and run Hereford cattle south of Grassy Butte, ND. Their cow herd is all Hereford, so none of these home-raised F1 Baldies will be held back. The top-end will be coming to the Badlands Angus Alliance Sale. These heifers are extremely gentle and cake-broke.

These heifers were bred to two E&B Essential sons and a calving-ease U2 Coalition son from Talkingtons. These heifers are exclusively sired by Talkington Angus bulls out of Hereford cows, heavily influenced by Churchill genetics. The recent Angus genetics purchased have been sons of Wolverine, Motive and Innovation.

These heifers will weigh approximately 1050 lbs. on sale day and have been pregnancy ultrasounded by Circle C Vet Clinic. They have a full herd health and mineral program. The heifers are vaccinated with Vista® 5 VL5 drenched with Safe-Guard® and poured with Clean-Up™ II.

E&B ESSENTIAL

U2 COALITION

LANCE ROSSOW, FLASHER, ND

30 AI-BRED PRAIRIE DIAMOND HEIFERS, DUE MARCH 24

25 HOME-RAISED BRED HEIFERS, DUE APRIL 2 FOR 30 DAYS

30 PRAIRIE DIAMOND BRED HEIFERS, DUE APRIL 2 FOR 30 DAYS

Contact: **LANCE & ASHLEY ROSSOW • (701) 527-7323**

Repeat consignors Lance and Ashley Rossow are bringing three nice groups of home-raised heifers, as well heifers they purchased through the Badlands Angus Alliance Replacement Heifer Calf Special from Prairie Diamond Ranch of Hebron, ND. Kelly & Lori Unruh, and their boys Kane and Canyon, have developed one of the true reputation herds of cattle in this region. Whether they are selling feeder calves, bred heifers, or heifer calves, their cattle have long been sought-after and consistently top the market. The Unruhs buy top-end bulls and have AI'd their heifers and cows for decades.

The Rossow herd is influenced by Strommen Ranch sons of Revolver, Early Arrival and S R Silverado 083 and many years of AI genetics. Lance and Ashley spend a lot of time with their cow herd and have a top-tier heifer development program.

The group of AI-bred heifers were AI'd to Easy Street and other two groups are bred to Strommen Ranch sons of Revolver and Epitome. They have been sorted for quality and breeding date from a large group. These heifers are gentle, cake-broke and have been worked with dogs.

They are on a full mineral program and received Vira Shield® 6 + VL5 and were poured with Dectomax®. They were ultrasounded by Dr. Shaun Bousis and are estimated to weigh 1,050 lbs on sale day.

SAV EASY STREET 2289

S R SILVERADO 083

BOLTZ RANCH, GRASSY BUTTE, ND

18 AI-BRED F1 BALDY HEIFERS, DUE MARCH 15

17 BRED HEIFERS, DUE APRIL 1 FOR 40 DAYS

Contact: **JED AND BECKY BOLTZ • (701) 590-1560**

This is the second year consigning for the Boltz family. This is certainly a reputation herd in western ND. In recent years they used sons of SAV Renown and Resource. The cow herd history is made up of bulls by Cole Creek Black Cedar, OCC Great Plains, OCC Missing Link, HBR Encore 4161. The heifers are all home raised and bucket fed as calves. The baldies are sired by Hereford bulls from Carmichael Herefords from Meadow SD and Van Newkirk from Oshkosk Nebraska. The heifers are AI'd to SAT Wolverine. They were cleaned up by a Packer son from Best Angus and a 2 year old Best Winchester 379 that was used successfully on heifers last year.

These heifers will weigh 1050 lbs by sale day and have been on a full health program, including Vira Shield® 6 + VL5, drenched with Safe-Guard®, poured with Clean-Up™ II and they've received an anthrax vaccine

21AR PACKER

SAT WOLVERINE 916

WARREN WORONEICKI, HEBRON, ND

75 AI-BRED F1 BALDY HEIFERS, DUE MARCH 20

Contact: **WARREN & JODIE WORONEICKI • (701) 290-5689**

Repeat consignors, Warren and Jodie Woroneicki ranch north of Hebron and focus on raising high fertility cattle that can thrive with minimal inputs. They practice year-round grazing with minimal hay supplementation. These cattle are handled almost exclusively with horses. Woroneicki's feeder cattle are highly south-after and always top the market.

These heifers are all AI-bred to E&B Essential, a bull Talkingtons own with ST Genetics. He is a sure-bet calving-ease bull and his progeny are stamped with a moderate, stout build, impeccable structure and are loaded with breed character. Warren buys large groups of half-brothers with recent genetics including Right time, Tahoe, Intuition, Wolverine and Essential. A portion of these heifers came from John Woroneicki and are out of Strommen Ranch sons of Landmark and Substantial. These heifers have all been pelvic measured to ensure minimal calving difficulties.

These heifers will weigh approximately 1000 lbs by sale day and have been pregnancy ultrasounded by Dr. Travis Kuhlka for calving date. They have been on a full herd health and mineral program. These heifers have been vaccinated and boosted with Bovi-Shield GOLD FP® 5 VL5 and an autogenous vaccine for Mycoplasma and pinkeye. They have been drenched with Valbazen® and poured with Clean-Up™ II. and are cake-broke.

E&B ESSENTIAL

CASEY VOIGT, BEULAH, ND

38 BRED F1 BALDY HEIFERS, DUE APRIL 10 FOR 23 DAYS

Contact: **CASEY & JULIE VOIGT • (701) 870-0771**

Repeat consignors Casey and Julie Voigt are bringing a solid group of home-raised F1 Baldy Heifers. Casey is a true cattleman and has a discerning eye for the type and kind that work in the Knife River Valley. The Hereford influence stems from Riverbank Herefords and Baumgarten Herefords.

These home-raised heifers will calve starting April 10 for a short calving window of 23 days and were bred to Strommen Ranch sons of Rainfall, an Essential son from Talkingtons and a son of Robust from Bests. These heifers will weigh 1100 lbs by sale day.

They were ultrasounded by Steele Veterinary Clinic for sex and calving date and have had a full health and mineral program including Bovi-Shield Gold® VL5 and poured with Clean-Up™ II and wormed with injectable Valcor™.

SAV RAINFALL 6846

SHYPKOSKI RANCH, BELFIELD, ND

35 BRED HEIFERS, DUE MARCH 5 FOR 14 DAYS

15 BRED HEIFERS, DUE APRIL 20 FOR 14 DAYS

Contact: **DWAYNE SHYPKOSKI • (701) 290-4581**

Shypkoskis, though new to the Badlands Angus Alliance, have custom-developed heifers for over 30 years and have ranched near Belfield since 1956. Their operation has grown over time into a diversified cattle operation. Along with running about 300 cow-calf pairs, they custom feed and develop heifers. Run about 1000 grass yearlings. They background and market finished cattle, as well. The farm operation consists of small grains, corn, silage and hay. Over the years this has been a family operation including Dwayne's son Trell and daughter Shae. The Shypkoski family was a volume buyer at the inaugural Best Angus bull sale and they have been excellent customers of Bests ever since.

These heifers should weigh about 1100 lbs by sale day. They are all home-raised and bred to Best Angus bulls. They handle off of horseback, 4x4s, and dogs.

They were pregnancy ultrasounded by Wibaux Veterinary Clinic and have been on a full health program, including PregGuard® Gold FP 10 prior to breeding and boosted with Vira Shield® 6 + VL5 this fall. They were drenched with Safe-Guard® and poured for Ivermectin.

BEST BOX CROSS

TALKINGTON ANGUS RANCH, BELFIELD, ND

25 AI-BRED HEIFERS, DUE MARCH 8

10 BRED HEIFERS, DUE MARCH 22 FOR 16 DAYS

Contact: **SHANE, AMANDA, ABBY, HADLEY & CADE TALKINGTON • (701) 290-7222**

These heifers are all home-raised from Talkington Angus Ranch. Both their registered and commercial herds are represented in this group. They will sell as commercial.

The 25 AI-bred heifers are all bred to Montana Klondike. His first calf-crop was born 100% unassisted and had an average birth weight ratio of 95. The bull bred heifers were cleaned up by Klondike and a calving ease grandson of HA Image Maker that Talkingtons raised.

These heifers have been pregnancy ultrasounded for calving date and calf sex by Dr. Chandy Olson. They are gentle and cake broke. They will weigh approximately 1050 lbs on sale day and have been on a full herd health and mineral program. They have been drenched with Safe-Guard®, poured with Clean-Up™ II and vaccinated with Vista® 5 VL5.

MONTANA KLONDIKE 2212

O'DONNELL RANCH, WIBAUX, MT

40 AI-BRED HEIFERS, DUE APRIL 1

Contact: **DAN O'DONNELL • 406-939-0526**

Dan O'Donnell is a first-time consigner to the Badlands Angus Alliance, but no stranger to Stockmen's Livestock Exchange! He is bringing a solid set of AI-bred heifers he purchased from Jesse Jalbert and Tom O'Donnell.

These working-class heifers should weigh about 1050 lbs by sale day. These AI'd heifers will calve over 10 days, each one due to the proven calving-ease sire Easy Street from Strommen Ranch. The Easy Street progeny have tremendous vigor, are light at birth and have plenty of performance at weaning time. We believe the females will be much like the maternal line behind him: excellent uddered, great feet and tremendous longevity. His second, third and fourth dams all made it into their late years producing ten or more calves each.

They were pregnancy ultrasounded by Dr. Terry Hall for sex and calving date. They have been on a full health, mineral and vaccination program and were poured with Ivermectin.

SAV EASY STREET 2289

STROMMEN RANCH, SOLEN, ND

6 REGISTERED BRED HEIFERS, DUE MAY 1 FOR 21 DAYS

5 REGISTERED BRED COWS, DUE MAY 1 FOR 21 DAYS

Contact: **AARON, SHEYNA, CASSIDY, COOPER & CLINT • (701) 290-7983**

These purebred heifers and cows are from our registered herd and have a little later calving date outside of our short calving window. Most have had sons in our bull sale or daughters retained in our herd. Every female in this offering has many generations of maternal-focused AI genetics stacked into their pedigree.

The heifers are bred to Easy Street or a son of Stellar. The cows are bred to Strommen Ranch sons of Landmark and Robust.

They were ultrasounded by Mandan Vet Clinic for sex and calving date. They sell as commercial cows without papers, but papers are available for \$250 per female. Papers are av without papers. They have a full health and mineral program including Vira Shield® 6 + VL5 and poured with Clean-Up™ II.

A spreadsheet with pedigrees and calving dates is available upon request.

SAV EASY STREET 2289

MARKETING

opportunities

THROUGH THE BADLANDS ANGUS ALLIANCE

If you have cattle heavily influenced by **Talkington Angus**, **Strommen Ranch** or **Best Angus** genetics and you'd like assistance in marketing them, please contact us!

In addition to helping our customers capture added value for their bred heifers and replacement heifer calves, we are working to help you capture added value for your entire calf crop.

Contact us about these marketing options:

BADLANDS ANGUS ALLIANCE BULL & BRED HEIFER SALE

Dec. 3, 2025 • Stockmen's West, Dickinson

Featuring commercial bred heifers that are out of and bred back to Talkington, Strommen or Best genetics.

BRED FEMALES

We are excited to offer you this group of bred females we think have the maternal ability to be the "Herd Building Kind". They originated from Pine Coulee Angus and Medicine Rocks Ranch - Montana-based herds that strongly believe in the power of the Angus cow. Some of the genetics represented would be BC Robust, Resource, Renown, Juneau, Bravo, Capitalist 316 and Charlo.

We are really making it "easy" for you. They are all AI-bred to either our SAV Easy Street 2289 bull or Coleman Easy Decision.

We invite you to attend the sale, or visit us at Strommen Ranch to sort through these exciting females.

BUILDING DEMAND FOR your HEIFERS

We are proud of the herds our customers are developing with Strommen Ranch, Talkington Angus and Best Angus genetics and that is why **we strive to help our customers capture additional value for their females** through the Badlands Angus Alliance, where our collective customers have marketed nearly 4,000 bred females since 2018. Many of those heifers have commanded a \$200 to \$500 per head premium over other bred heifer sales in the region!

The Badlands Angus Alliance continues to be the **premier sale in Western North Dakota for source and genetic verified Angus replacement females.** It demonstrates the strong demand we've helped build for genetically sourced cattle of maternal pedigree.

LIMITED SEMEN *available!*
Contact **STROMMEN RANCH**

BRUIN Torque 5261

AAA #: 18248293 • There are three things Torque does better than any bull we have ever used – he adds body length, improves disposition and he stands on a tremendous foot. He works great on those big-bodied, easy-fleshing females that need spine length and extension up front. He improves disposition and foot quality, all while maintaining maternal function and power. His sons consistently sell at the top of our sales and we truly believe the best is yet to come with the 60+ Torque daughters we've retained in our herd.

SEMEN *available!*
Contact **STROMMEN RANCH**

SAV EASY Street 2289

AAA #: 20473600 • We acquired SAV Easy Street 2289 with our friends at Select Sires Argentina & Juan Debernardi-Carne. We thought he was the true highlight calving ease bull of the 2023 Schaff Angus Valley sale.

Easy Street's beautifully uddered President dam has a birth ratio of 2@87. His maternal granddam has a birth ratio of 10@93 and his great granddam has a birth ratio of 10@95. His second and third dams both produced beyond 12 years of age, proving not only their fertility, but their longevity, as well. This makes us very confident in Easy Street's potential to be a long-term calving-ease bull that will leave behind beautiful, productive, long-lasting females.

We expect this gentle-disposition bull to make beautiful females in a calving-ease package.

For semen on these bulls or to book custom AI services, contact us!

BEST *Angus*

CALVING-EASE BULLS

FOR YOUR NEXT HEIFER PROJECT!

Angus Alliance Winchester 975 • Reg# 16533253

After using Winchester for a season and being thoroughly impressed, we purchased a semen interest in Winchester. We have used him mainly for breeding heifers for the past five years. The calves come easy with excellent vigor. He has a classic pedigree combining maybe the greatest female producer in the history of the Angus breed in N Bar Emulation EXT and Coleman Donna 386, the matriarch of the Coleman program. The daughters are what you would expect. They are attractive wedge-shaped females with strong udder attachments and perfect teat size. His EPD profile has held strong even though he has more of a historic pedigree. His actual performance ratios from use in 7 herds show 102 ratio for yearling and weaning along with 106 for marbling. His progeny demonstrate extra length and excellent rib and capacity. Dispositions have been very good. We have only had one cow that needed to be culled due to temperament after calving. If you are looking for sure thing calving ease and exceptional daughters with a classic pedigree, you might want to give him a try.

Best Box Cross 291 • Reg# 17438354

We have never used a bull that has had a more positive impact on our herd than Box Cross's sire LAR Alliance 64L. We have used numerous sons over the years and many of our top cows have been 64L daughters. Box Cross's dam was a Pathfinder donor dam that weaned off 9 calves for us with a 105 weaning ratio. She was my favorite cow at the ranch. We sold Box Cross to Ash Coulee Ranch as a yearling. Scott used him on heifers and cows with great success. Many of his sons were sale toppers and Scott says he still has customers asking if they could get more Box Cross sons. We didn't start using Box Cross until we started to see daughters producing for Ash Coulee. Box Cross calves are small at birth, but they still have excellent calf vigor and they catch up to their higher birth contemporaries by weaning. Box Cross will reduce frame without a big decrease in performance. The daughters are fertile and productive. Box Cross daughters are the smallest cows in our herd, with excellent udder structure with strong attachments and small teats. They are fertile and easy cattle to be around.

Coleman Donna 386 is the dam of Winchester

N Bar Emulation EXT is the sire of Winchester

ST TALKINGTON ANGUS RANCH

CALVING★EASE BULLS

FOR YOUR NEXT HEIFER PROJECT!

Wolverine

SAT Wolverine 916 • Reg #: 19544206 • The Wolverine progeny are moderate, stout, good footed, loaded with breed character, and have plenty of substance for a bull with his level of calving ease. His high volume, easy fleshing Pathfinder dam records a BW ratio of 5/98 and a WW ratio of 5/105. Wolverine has become a go to for breeding virgin heifers nationwide as he has ascended to near the top of Select Sires sales the past two years.

Contact Select Sires or Talkington Angus Ranch for semen.

Klondike

Montana Klondike • Reg #: 20412812 • Klondike was our selection at the 2023 Montana Ranch sale. He is stout made with an impressive hip, excellent hoof structure, and a real herd sire look in a moderate package. He will be an important part of our heifer breeding going forward in our herd and in custom AI projects. His sire, Logo 8148, is an outcross source of low birthweight and high growth genetics. His dam, Coleman Donna 505, is powerfully built, yet feminine with a picture-perfect udder.

Contact Talkington Angus Ranch or Montana Ranch for semen.

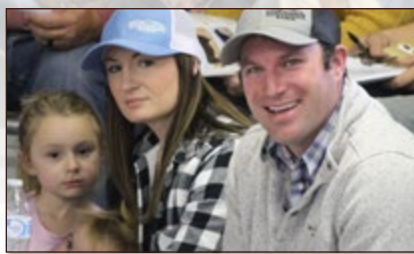

E&B Essential

E&B Essential • Reg #: 20128935 • Essential possesses incredible structure and design and we appreciate his foot quality and mobility. He is a balanced trait sire fortified by a proven cow family that we expect to add fleshing ability, improve docility, and longevity. His standout dam is admired for her femininity, structural integrity, udder quality, and exceptional feet and legs. She is also the dam of the Accelerated Genetics sire E&B New Addition, who has been a perennial sales leader and has left beautiful, moderate framed daughters with exceptional udder quality who wean big calves across the US and South America. We feel Essential has the potential to be one of the top maternal sons of the extremely popular Growth Fund.

Contact ST Genetics or Talkington Angus Ranch for semen.

REPLACEMENT HEIFER CALF SPECIAL

Save the date!

2/05/26

Stockmen's Livestock (East Barn)
Dickinson, ND • 12 p.m. MST

In 2026, we're proud to again offer an exclusive opportunity to add value to your Strommen, Talkington or Best influenced females.

The Badlands Angus Alliance Replacement Heifer Calf Special is scheduled for **February 5, 2026**, at **Stockmen's Livestock** in Dickinson, ND.

This sale is open exclusively to replacement heifers influenced by Talkington Angus, Best Angus or Strommen Ranch genetics. It's an exciting opportunity for our bull customers to enhance the value of their current heifer calf crop or for anyone interested in purchasing replacement heifers for a bred heifer development program.

Heifer calves sold through the Badlands Angus Alliance Replacement Heifer Calf Special (January 2026) will automatically qualify for the 2026 Badlands Angus Alliance Bull & Bred Female Sale (December 2026) when bred back to Talkington Angus, Strommen Ranch, or Best Angus bulls.

Before marketing your 2025 heifer calves, contact Shane, Aaron or Pete to discuss this event and other marketing opportunities available through the Badlands Angus Alliance.

BADLANDS ANGUS ALLIANCE BULL & BRED FEMALE SALE

December 3, 2025 - Stockmen's West - Dickinson, ND - 12 p.m. MST
40 COMING 2-YEAR-OLD ANGUS BULLS • 30 REGISTERED ANGUS BRED HEIFERS
600 COMMERCIAL BRED HEIFERS FROM OUR CUSTOMERS

The Talkington, Best and Strommen herds are each backed by a similar maternally-oriented, balanced-trait breeding philosophy. We each place heavy emphasis on fertile, efficient, easy fleshing cows, which is why our genetics fit well together for discriminating cattlemen who desire cattle backed by generations of maternal excellence – phenotypically appealing females with good feet, great udders and outstanding docility.

We invite you to join us in Dickinson on Dec. 3, 2025, for the Badlands Angus Alliance Bull & Bred Female Sale featuring elite, source- and genetic-verified bred heifers from our customers and stout, rugged, coming 2-year-old bulls from our respective programs.
