

Owners Tammy Strine (Left) & Joey Bolin (Right)

Tammy Strine is also a native to this area. She currently lives in Union Bridge, Maryland. One of her favorite desserts is Cherry Pie. Since Tammy just became co-owner of Ventura's Bar and Grill in Fairfield, she doesn't have a lot of spare time but when she does, she likes to garden, hang out with her kids and imagine this, COOK! I also know that she bakes a lot of the desserts that Ventura's has on their menu! She has never attended Pippinfest, but she has heard a lot of good things about the food, so she is excited to check it out.

Tammy and her friend and business partner Joey Bolin recently purchased [Ventura's Bar and Grill](#). The restaurant has been a staple in the Fairfield Community for many years. The menu is extensive and quite popular among the locals. Their Mission has been to create and maintain a professional establishment where customers can arrive and enjoy themselves in a clean and friendly atmosphere and they strive to give our customers great food for their hard-earned dollars.

They also have begun to have special evenings with the owners. These evenings are for the staff to be able to show off their talents with food and beverages that are not normally on their menu. Check out their next event called Pizza Palooza, which is scheduled for this weekend on September 16th. If you are unable to make this one, I am sure they will be scheduling additional evenings like this one in the future. Another great source to find out about [Ventura's Bar and Grill](#) is their Facebook page [Ventura's Bar and Grill Facebook Page](#)
