The Beginning of Sorrows

10.1.25

Jesus began, *"My children you are about to be hit with forces beyond your control that will set in motion despair, discontent, fear, panic and hopelessness. This is the time to change Heart Dweller's focus to their only hope, which is repentance and My mercy."* My dear ones, Jesus is your peace and your protection over all calamities, embrace Him now and never lose awareness of His secure and loving presence. He has said to me, *"I'm coming for you sooner than you think."* Tonight before prayer, a core member brought up a very serious meeting with all our top military generals and those in other countries as well. It was a move done only in very serious converging world events. Jesus continued, *"Do you see what I was talking about? Clear concrete preparations for war are happening world wide, along with shootings in churches and it's only the beginning, the beginning of sorrows."*

"Lord what is on Your Heart to talk about?" "REPENTANCE. For many different reasons, but mostly to get people ready for death. Like I said, I am coming for you sooner than you think, but I want you to be working diligently, fully engaged in the state of readiness, befitting My Bride and warrior for righteousness. Do not allow the approach of war to make you slack off because I have told you that the Rapture will happen after that. I am counting on you to prepare Heart Dwellers all over the world for what is soon coming, it is just beginning."

"My people, many of you are not ready for the Rapture, or My coming, or death. I need you all to start recognizing the ways you have violated and not taken with seriousness and action, My Words in the Gospel. Go deeper and search your hearts for the times you passed a homeless person by, or an elderly man in need of help, or a child in distress, or anytime at all that you could have rendered aid and you were too caught up in your own business to go out of your way and stop. Deeply examine your heart attitude towards others, especially those you work with, family members who differ with you. Look for jealousy, impatience, judgments, condemnation, lust and desiring what others have or repeating a bad report, gossip, etc. Do you know that when you watch the news you are sinning by allowing yourself to hear fabricated stories to discredit legitimate events? The fact is, you can no longer be sure of who is telling the truth. So, much of what you hear is manipulated by AI to evoke a certain response from you, causing others to join in until a spirit of homicide and chaos spreads like wildfire. This is how the dark powers foment revolutions, tearing families, nations and governments apart so they will no longer be able to operate, and the dark side will be enabled to take over. This is exactly how it happens, twisting the truth to set people at odds with one another. They fire up the Muslims against the Christians and in that way get rid of both groups."

"My people do not participate in these discussions or demonstrations. You are being played. Rather expose the darkness and their evil schemes to get rid of those they want eliminated from the earth. Show them My love, patience, forgiveness and warn them that they are being played. Your nation is in great peril now, and your prayers can turn things around. Set a guard over your mouth to not sin. Do not contribute to the vitriol, hatred, and rage, rather expose it because this is on a national and international world level. But My greatest concern for you right now is the lack of discipline and personal holiness. Do not participate in the ways of darkness and do all in your power to diffuse conflict. There are also electromagnetic forces at work on everyone's mind causing them to not track and fall into frustration and apathy. You have felt them, you know exactly what I'm talking about."

Work actively to snuff out your vices. Give the better portion away to another, be the last in the line, offer help to those around you, and call down My Peace in heated situations. My Peace will always calm others, but if you do not have it nor exercise it, you will contribute to unruliness. Let others go first, do not take the last portion for yourself, make excuses for those who pose a challenge, such as, they just got some bad news, pray for them. If someone makes a mess help them clean it up. If they admire something non essential, give it to them, if they make blunders confess your blunders and make them look better than you. In fact lift up everyone around you and change the narrative to make it hopeful because these may be your last days on earth. Do not criticize when you must instruct, rather be encouraging. If you see something left by another, leaving a mess, clean it up yourself and make light of it, "Oh I was just passing by and I had a towel in my hand, it was easy." If you find something that has been lost, seek out the owner. My children you are about to be hit with forces beyond your control that will set in motion despair, discontent, fear, panic and hopelessness. This is the time to change Heart Dweller's focus to their only hope, which is repentance and My mercy."

Why is Mother Clare Posting Military Videos
10.2.25

May the Lord give us all the wisdom and patience to approach this next leg of our journey His way, taking full advantage of what He is teaching us. Amen. Lord, we bind all leviathan witchcraft that would twist this message and take away from its true meaning. Dear Family, bear with me as I explain this turn of events and why I have posted military videos of impossible situations, overcome by the under dogs. The truth about Americans is that we have grown lazy and self serving...living in instant gratification. We've become accustomed to the soft version of life. We have been lulled into a half sleep state, deliberately I might add.

The Lord has told me that we are far too lax and our operational standards are far too low, we need examples of people who give their all. So, He asked me to start finding videos of roll models to stimulate excellence and jar us out of our complacency. I apologize that its all about women in the military, I need to find some good men as role models too. But it is a fact that women do get passed over and sidelined in preference to men. If you have any videos about brave men who were underdogs and became role models, please send me a link and I will follow-up on it. I AM NOT A FEMINIST, far from it, I totally support men's roles according to Scripture, but we must consider that in Heaven there will be neither men or women. Galatians 3:28 which states, "There is neither Jew nor Greek, there is neither slave nor free, there is no male and female, for you are all one in Christ Jesus".

These stories are about courage in the face of opposition and taking costly risks. Disobeying orders when lives are at stake, choosing to risk court marshall rather than seeing brothers die without the help they called for. So, please don't get the wrong idea about what I believe. Now before us lies a war, something America has not experienced for hundreds of years. And it's time to suit up and prepare ourselves for a very unfamiliar survival oriented way of living, with bombs, communications down and shortages of all kinds including food and water. But the most necessary discipline is spiritual in nature which sets the stage for the practical side.

I initially played these just for Heart Dwellers on our community feed, but it would be good for all of us to change the narrative on our easy lifestyle, complaining, grumbling, and prepare ourselves for a crucial paradigm shift, knowing that death is at the door for America. Man-up is what I feel the is Lord telling us. Man-up and repent for all the ways you have not modeled your life on the Gospels. Do the works of repentance so you can go straight to Heaven in the Rapture. The next video will go deeper on Repentance and Purgatory. God bless you dear ones.

President in Danger NOW

10.3.25

Heart dwellers, this is an emergency.

Father Ezekiel had a dream that there was assassination of President Trump.

He had a dream of a great, great oak tree with an eagle living at the very top. And some native hunters came by and killed the eagle.

So, I'm asking you to intercede right now! Today, fasting and prayer all day for President Trump.

This is also the Feast of St. Francis coming up, and we can intercede with him as well as the Blessed Mother and the Sacred Heart of Jesus, because it's first Friday and first Saturday.

Please put your heart into these prayers and cry out to the Lord to protect President Trump.

Please. That's what we're doing on the mountain. Thank you.

Purgatory, We Didn't Expect THAT

10.3.25

May the Lord gently grant us understanding as well as increasing our offerings to the dear souls who are in purgation. My dear ones, I am still coming to terms with the revelation of my purgatory, and these are the mass readings the Holy Spirit chose for us today, the third Sunday in Lent. The phrase "many will be saved but only as going through fire" comes from the Apostle Paul's first letter to Corinthians, specifically 1 Corinthians 3:15. It describes believers who face significant trials and temptations where their works or deeds are tested and purged by divine judgment, resulting in the loss of their reward for those dead works but their eventual salvation. The fire represents a

spiritual trial that burns away everything that is not of God, a process that purifies and refines the person even though they suffer loss, the loss of the works that were done in flesh, that is, for nothing unclean can enter heaven. So, part of this was from AI. I thought it was a good explanation, so I used it. The entrance antiphon, Oh, look at me and be merciful, for I am wretched and alone. The opening prayer. When we are discouraged by our weakness, give us confidence in your love. The alternate opening prayer. Heal the wounds, our sins and selfishness bring upon us. We acknowledge our sinfulness. Our guilt is ever before us. And the Responsorial Psalm 103. The Lord is kind and merciful. He pardons all your iniquities. He redeems your life from destruction. And I'm taking that in this context to mean working out of our debts and purgatory.

I'm going to be sharing a lot about purgatory just to make sure we all have got it right that it comes from the scriptures. I mean, it's been manipulated by the church for indulgences if you would pay money, things like that. But it is still sound doctrine. We can't blame the church for what the devil twists and does with things, right? Right. So, warnings from Israel's history, 1 Corinthians 10, 1-6, and 10-12, in the New International. *"For I do not want you to be ignorant of the fact, brothers and sisters, that our ancestors were all under the cloud, and that they all passed through the sea. They were all baptized into Moses in the cloud and in the sea. They all ate the same spiritual food and drank the same spiritual drink, for they drank from the spiritual rock that accompanied them, and that rock was Christ. Nevertheless, God was not pleased with most of them. Their bodies were scattered in us."* Now these things occurred as examples to keep us from setting our hearts on evil things as they did, and do not grumble as some of them did, and were

killed by the destroying angel. These things happen to them as examples, and were written down as warnings for us on whom the culmination of the ages has come. So, if you think you are standing firm, be careful that you don't fall. Now, there were some present at the time who told Jesus about the Galileans whose blood Pilot had mixed with their sacrifices. Jesus answered, *"Do you think that these Galileans were worse sinners than all the other Galileans because they suffered this way? I tell you no, but unless you repent, you too will all perish. Are those 18 who died when the tower of Siloam fell on them? Do you think they were more guilty than all the others living in Jerusalem? I tell you no. But unless you repent, you too will all perish."* Then He told this parable, *"A man had a fig tree growing in his vineyard, and he went to look for fruit on it but did not find any. So, he said to the man who took care of the vineyard, for three years now I've been coming to look for fruit on this fig tree and haven't found any. Cut it down. Why should it use up the soil?" "Sir," the man replied, "Leave it alone for one more year. I will dig around it and fertilize it. If it bears fruit next year, fine. If not, then cut it down."*

When I received the Lord after celebrating Mass today, I saw Padre Pio distinctly smiling and looking into my eyes. Oh, what a treasure to have a visitation from him. Padre Pio, it was you and you were smiling at me. "How could you smile at me? I am such a wretch." "That's easy," he replied. "You are repenting and nothing could make me happier." "Wow. Oh, I'm undone by the immensity of my sins." "That's a start," he said. "Keep going. Go deep, Clare. Then you will be able to lead others into the deep. The fact that most Christians do not believe in purgatory does not negate the fact that it exists. It only postpones the great penances they will have to do when they discover why they are there. You will do yourself and others a great favor by teaching about it even as you discover more and more about yourself." I pondered that for a moment and he got my attention, he said, "I'm serious, my little one. Yes, you are a little one growing littler and littler with each passing day. Continue in this direction and there will be nothing to snag you. It will all be ironed out. Please do not be disheartened. All must pass through this cleansing, either on this earth or in heaven. It is something you cannot avoid, but I will tell you this much. This is how saints are made."

Well, I was self-medicating with a peanut butter protein bar with my head down, and he lowered himself and looked up into my face with his eyes twinkling. My mind wondered about a friend. "Am I a judge?" And he said, "Judge not, lest ye be judged." And I snapped out of it. "Oh, Padre Pio, you're amazing." He continued, "In fact, that is where most of your purgatory will come from. A lifelong history of finding fault, making presumptions, falsely accusing, a bit of paranoia, which cannot be helped in the times you're living in. But some of these things, Clare, have been used as weapons to block things that would have been very good for you. Other times you hurt people by your suppositions, and that affected their lives in a negative way, just like all the ones who judged you shooting arrows in your back and even letting them fester there, leading to unbelief or self-hatred and just wanting to give up. You were not the angel you thought you were because you couldn't see your faults. This is so common to this generation and these times. People declare to themselves, "I'm a good person. I don't steal or rape or murder." As they come walking out of a meeting where they just demolished someone's career, blinded by self-righteousness, "It is such a joy to see you smiling, Padre Pio." He replied, I wanted to cheer you on and confirm that you are taking the right path to freedom. These sins weigh you down and impair your vision. It is wonderful and glorious to be free of them. And this is what I want for you, Clare, as well as every soul that visits your channel and takes you seriously."

And I just want to mention here, I believe it was the last message about purgatory. These are layers. When you judge, when you sin, there are layers of darkness that fall on you, like a blanket of darkness, and the more you judge, the darker it gets, and the less you can see. And this is where purgatory has to come in and burn away all of that, given to reveal who you are and what you've done and where you stand with God. I got up to check on my husband who has been in pain and grabbed a cookie from

the kitchen. I heard, "And then there's gluttony," as I was taking my first bite. I had to laugh. I knew that was coming, Padre Pio continued, "Those who eat to be entertained, comforted and distracted. They live to eat, not eat to live. There are so many who had nothing to eat tonight. With a price of those cookies, they could have purchased a sack of rice. It is very American to be ignorant of the plight of those around the world. But thanks be to God. There are other Americans that sacrificed to support starving immigrants in war-torn countries. Be mindful, Clare. Be truly mindful. Listen to the voice of the Spirit, not the voice of your stomach." Then he said, "Shall I continue?" "Yes, please, if you think I can handle it." Padre continued, "Loneliness." There are so many that are desperately alone. They have lost all their friends because they're not relevant anymore in the world on the hunt for prosperity and fame. Rather, Those who are alone are considered a waste of time. You're relevant, isolated from the expanding world with all its pursuits of fame and fortune. Those who would take time to care and visit the infirm and incarcerate it are like angels to the Lord. As you do it to one of these very forgotten ones, so you have done it to your Jesus. Another serious layer of darkness falls upon those who miss their prayer times for some worldly pursuit. In purgatory they will cry out with deafening pleas for the Lord to visit them. They will feel so abandoned. You know that feeling. You have cried out for him many times and you just couldn't go another minute without feeling His presence. This is like purgatory for ignoring Him when He waits for you to come to prayer and comfort Him. These are the three areas where most fail miserably. And for the last group, their stay in purgatory will be painfully lonely. So, there you have it my dear one. Focal points for you and those serious about the rapture. Know that I am praying for you all, for you are greatly loved by all of heaven." And that was the end of Padre Pio's message to us. Saint Padre Pio.

God bless you channel. I love all of you. Thank you for being part of our walk in this world. I'm so excited about what the Lord is going to do for us and what we're going to do for Him in the future with this new understanding that we can't let things slide. Amen. Amen.

A Sweet Time With Jesus
10.6.25

May the sweetness of Jesus lodge deep within your soul and bring you peace. Amen. Jesus said, "*Stay with me,*" after I receive communion this evening." I replied, "I'm here, Lord. *Finally at last we can spend some time together,*" He said. "Lord, if you can keep the interruptions out." Here He replied, "*I need your commitment.*" "I commit." So, He began, "*I have longed for this time with you, beloved.*" "Me too, Jesus." "*Good. Then here we are together at last.*" And I wanna say I share this with you because this is how He feels about you as well. He longs for time with you and you are His beloved. The whole reason I put these messages out is to show you how approachable He is. He will speak to you. He loves you so dearly, but we all walk around with so much guilt and condemnation. We think that He doesn't want to be with us. Nothing could be further from the truth. That's the enemy. His whole job is to separate us from God, period. I got hit with hunger and sleepiness, and I know it's the enemy. Demons are trying to make me sleepy and get distracted with food, but I didn't let them do it this time. And the Lord said, "*Bear through this with Me.*" So, I did. I just want to inform you that solar storms are wreaking havoc with our minds and our bodies. The foil fabric that I have seems to help deflect the radiation, takes away the headaches, because the sun's plasma emissions have been wild lately, bringing confusion and brain fog and sleepiness. So, you may want to get a tinfoil out if you're experiencing that level of confusion and disorientation.

Back to the Lord. I said, "Thank you for loving me and wanting to be with me, Lord." He replied in such a gentle tone. *"It is my pleasure, although you don't believe it with certainty. I am glad you will listen to Brennan Manning, by the way. He is very much a heart-dweller. I think listening to him will refresh your charism. You are in need of refreshing, are you not?"* "Yes, Lord, absolutely. I feel so battle-worn and weary, and confidence is a little bit low. What should I do?" *"That's easy,"* He replied, *"Spend more quiet time with me."* "Lord, but I do get caught up with distractions, and even now I'm struggling to keep my eyes open." *"And that will pass,"* He added. "It's so good to hear you say that, Jesus." *"It's so good that you are hearing me beloved."* "Lord, I don't understand how we can have contradictory subjects going at the same time with a message. Repentance and the Father's love? He replied,

"What was the first grace I gave you on the night of May 5th?" By the way, that was the night fire came down from heaven and I met the Holy Spirit who took up residence in my heart and belly. "The very first grace you gave me on the night of my conversion was searing conviction of all my sins." He replied, *"That's correct. Beloved, with all the sludge of sin lining your heart and mind, I could not pour in the new wine. First, the vessel must be burned out and sanitized. I was delicate with you. You were like a Dresden China tea cup. Very, very delicate. It was beautiful how you responded. Tears of joy, recognition of your sins. I was so happy with you that night when all my dreams for you began to come true."*

"Oh Lord, You filled me with such love, and I still had a long, long way to go. There was so much corruption in me." *"Yes, but you saw it and kept seeing it, and I can work with that. It is the souls who refuse to look at their actions and recognize their sinfulness that make it hard for Me. Beloved ones, please don't ever refuse to confront your sins. Never run from the truth. I come to clean you out and prepare you for heavenly graces, and when you try to cover up your sins, hiding them and are unwilling to expose them, I cannot grant you the graces so necessary to your destiny. Some learn as little children to hide their sins because they are afraid they will be beaten and rejected. Others will be disappointed with them and they will lose the love and affection they so long for. So, they sit silently while others are ready to confess and open their hearts and minds to correction. This is tragic for Me because I want so badly to give them heavenly graces, but until they are honest about what they have done, who they are and who they are not, I cannot. So, I give them to others, have learned to be humble and confess their failings. Please, My little ones, please, never be afraid of telling the truth about yourself. I love you so tenderly. It will never change My love for you. Never. When you have matured and are ready to openly take responsibility for your faults, I can begin in earnest to prepare you for the next level of graces, but until that happens, You are not ready for the gifts that can be safe only in a soul of utmost humility and integrity because those gifts will be used to destroy them. It takes great courage and moral strength to be open and welcome corrections. This sets a pattern for growth and advancement that you are willing to be teachable and conquer yourself. This is what I love to see in My bride. I encourage you to listen to Brennan Manning, the Franciscan priest who struggled with alcoholism and the way he exposed his weakness to the world. He is a man endowed with great love and understanding."*

His famous word from the Lord sums it up. "I love you the way you are, not the way you think you should be. I had nothing to offer the Lord in my 33rd year when He visited me. I thought I had to be holy, but no. He drew me into His arms as the sin-stained, wounded and broken soul I was. Then He revealed His overwhelming love for me, and I was never the same after that. His love is tender, like a downy feather floating in the breeze from a nest of doves. His love is all-consuming, like getting caught in the undertow of the ocean. His joy tugs you away from your dark past into the ecstasy of heavenly realms. His love sweeps away all doubt, all fear, all hatred and anxiety. When He has touched you and made His intentions clear, your heart is left speechless and you know beyond the shadow of a doubt that He is in love with you and will never ever abandon you. When He speaks with me, there's no air of condescension, rather His voice is calm, steady, and reassuring. He knows why my heart is troubled and has already provided remedy. When evil lurks, He secures me in His arms and shields me with His words of protection. You know beyond the shadow of a doubt that He will protect you

from demons, big foot, cougars, and every form of pernicious evil. His name is a strong tower, the danger cannot scale, but lifts you out of harm's way effortlessly. There is no one like our God who made you and loves the work of His hands. There is no evil too dark, no crime too violent, no deeds so vile that He cannot find it in His mercy to forgive you. All He wants is to forgive you, make it right with you, heal your brokenness, equip you with skills you've always dreamt of having with the support you've needed to realize your dreams and that's so true He did that with art and with music with me I always wanted to do artwork and express things through art and I just I couldn't get beyond stick drawings and then after that May 5th, all of a sudden I knew how to paint and how to draw. It was a gift that was just given to me almost immediately. And then He gave me the gift of music. I was overwhelmed, just overwhelmed with the way He set my life up. He took away photography, which was a challenge for me because it could cause me to get prideful and gave me music, which is a wonderful gift, but I really have to struggle sometimes to be able to do it. That keeps me humble.

He is not like anyone you've ever known. He is God, omnipotent, glorious, faithful, and true. The best friend you could ever have. He is able to provide for your every necessity. Heat in the winter, water in the drought, sunshine for the garden, healing for your loved ones, and increase for your sheep and cattle. All that He asks is that you live by His rules, that in the end will bring you the greatest happiness and lead you into eternal life. Before I was saved, I made a mess out of my life. And at age 33, it needed severe reworking. It was a mess. That night He came down from heaven and inhabited me. Everything changed. I was given inspiration and skills and direction that brought me so much joy.

And I was given a good husband. He's so faithful, my dear ones. Don't be afraid to come to Him and to confess your faults to Him. And remember what Brennan Manning said, "I love you the way you are, not the way you think you should be." Remember that and do not let self-condemnation take the joy out of your life, forge ahead knowing that He truly, truly loves you.

How to Know Satan Who You Serve

10.08.25

May the Lord strengthen and give you courage, dear family, even to exploring the truth about the light of your life.

Jesus is concerned for the covens that come here at night to the refuge. He loves them and is deeply troubled about their future, which may soon come to an end on this earth. Lord, what would you like to say to our neighbours?

Jesus began, *"I am so glad you asked Me, beloved. Yes, it is time to give serious love to these lost souls. They have no idea of who they are serving. Many signed on for power, but the day will come when they are abysmally weak, forever incarcerated in bodies on fire. Claire, how can you not have compassion for these I love and mourn for? I need all lovers of Me to care as much as I care for every Satanist and new ager on this earth. Ask for this love and I will give it to you."*

Lord, for your sake, I want to love them. Please give me this gift.

Jesus continued, *"It won't be easy, and you may not see any result. Carrying my cross for them is no small matter, but I know that for the love of your Saviour, you will do this kindness for Me, and I will give you all the grace you need to touch their hearts."*

So, let us begin.

Jesus continued, *“My children, who have chosen the dark side, you are not fully aware of this fallen angel’s agenda for you. Consider AI and how it knows exactly how to target people’s emotional responses, because this indeed is a taste of what this angel is capable of. Satan knows all your buttons, and why shouldn’t he? He sets you up to respond to him from your mother’s womb. He was the one that inspired drunken and brutal beatings your mother went through, your brothers and sisters suffered through and the betrayals and poverty of your family. He knows every nerve ending in your brain and body, and he plays it like Yahshah Haifetz played his violin. This is why you cannot penetrate deeper into his motives for you. He embodies the genius of the angelic hosts of heaven. I’m telling you this because you have no idea of the depths of his deceit. As a result, you feel drawn to his promises to give you every conceivable carnal satisfaction and supernatural skill one can have while on this earth.*

He is the embodiment of carnality and rules the senses of his subjects as if they were preschool toddlers. I’m telling you this so you can go deeper in your understanding of exactly who you’re working for. But there is hope to discover more about this angel. Many of you are Sephardic Jews and have ancient roots and spiritual understanding from your Middle Eastern lineage, which was exposed to Babylonian mysticism, as well as Mesopotamian, Egyptian, and the Kabbalah supernatural practices. But far and above these skills, there is one kernel that touches the heart, the source of life. I am genuine love, the one who designed you in your mother’s womb. This feeling can be approximated by certain controlled energy waves, as you well know. But never will it touch you with the love I have for you that is unattainable to Satan and his minions. But easy for the Triune God who formed you in your mother’s womb. And this is what you are missing in your life with the love I have for you. It brings healing, wisdom and peace. I’m not talking about the love your mother or your coven has for you, because as you all well know, there’s always someone plotting and competing against you to get more power and demonstrate superior strength. There’s always competition to move to the top and gain supreme control, to be Satan’s little pet. One more sacrifice of someone you love or something you love to attain more power. But I do not play that card with my people, rather I protect your loved ones, unless you with your very own mouth not realising, speak a negative word over them that opens a door.”

When there is a painful sacrifice in your life, it is for your ultimate good and you will see them again in heaven. Yes, there is the promise of restoration and eternal happiness. But seriously, what exactly do you have to look forward to when you die? How can you know for sure that this powerful angel is telling you the truth? A tree is known by its fruits. A good tree cannot bring forth rotten fruit, and a rotten tree cannot bring forth good food.”
Ask yourself, what is he training you to do?

Is he capable of bringing forth new life?

Or must everything again with Me first and then he alters it?

Does he teach you to know the truth so you can make solid choices?

Or does he teach you to mislead yourself and people and turn them against one another?

Does he bring happiness and peace around you, or fear and trembling?

I teach, teach you how to repair and do things that will last.

So, what happens when he gives you an assignment and you fail?

Does he come and comfort you and instruct you on what went wrong and encourage you to try again?

Or does he impose a painful punishment that leaves you feeling weaker and more of a failure than you ever were before? Think it through my loved one.

What is his mode of operation? Is it threats and fears?

Or encouragement and help for your next try?

Here's a simple quote from John Ramirez, the powerful witch in New York. Satan came to him every night like a father with instructions and affection. John's father was a brutal war lock. He never said anything kind to his son. He beat him mercilessly and brought him to desperation. Satan knew this, so he played that card and there was nothing John wouldn't do for him. But John became tired one year and asked Satan, his father for time off and what happened next was so cruel. Satan struck him blind for one year, humiliated, he couldn't see to do anything, and was led around by his grandmother.

If any of you have seen the chosen series by Dallas Jenkins you've experienced the most accurate portrait of My personality and way of leading that I employed that has ever been done to date. I was gentle and compassionate, instead of kicking Mary Magdalene out of my circle when she fell, I forgave her and welcomed her back in. For those that sinned and contracted the leprosy, I healed them asking for nothing in return, but to sin no more. The healing was done out of compassion and love, never out of any kind of personal gain or recognition. I challenge you to research Me and Satan, and make a decision based on historical facts, not opinions and propaganda. You will know a tree by its fruit. This is a measurable reality, so you can make an informed decision.

I bless you in your search for truth.

RAPTURE Prepare NOW

10.9.25

My dear ones, this is a message from 10 years ago, and the Lord has brought it to my attention to confirm the sequence of events. Everything is converging right now, October of 2025. I don't know when the war will start, but when it does, we go up. In the meantime, the Lord is asking us four things we can do in preparation. Stay intimately and closely united with Him in prayer with rhema readings. Begin now to do a serious examination of conscience. You must go deep. Recognize the seriousness and weight of your sins. Number three, repent on the deepest levels possible to avoid purgatory or worse. And number four, do penance and spread this word to help prepare others. Much of purgatory can be avoided if we make satisfaction, even as the scriptures say, "You will not be released from the prison until the last penny has been paid." No sinful attitude can enter heaven. It must be ironed out. We can do our best now, or be detained in purgatory, to be cleansed.

This message, as I said, was given ten years ago, so some details may have changed, but this is the sequence of events. When the war starts, in earnest, we go up. Jesus continued, *"There's going to be a limited nuclear exchange, enough to throw the world into a panic, and set the stage for Obama to take the reins of peace and be declared as the hero."* Well, a lot has changed in the last 10 years, so I'm not exactly sure how that's going to play out, but he is a major figure in the background. There's no doubt about that.

After all, how can the victor enjoy his victory without broadcasting it all over the world? *"Your country will recover from this devastation more quickly than anyone would expect because everything is in place with full knowledge of what is coming."* Okay, now I want to divert here for a minute and say I want to draw your attention to something and that is the turnkey event. Turnkey is a term used in business when everything is set up for the product to go live on the market. The marketing, the packaging, the production, everything's ready. All you have to do is say go and that's the turnkey. And there it is. It's there because the whole

groundwork has been laid for it and it's a done deal. You just need the permission to go ahead with it, so to speak.

So, one of the reasons why we're going to recover so quickly from this is because of all the groundwork being done right now and has been done for months, years, previous to this time. As He said, *"Your country will recover from this devastation more quickly than anyone would expect because everything is in place with full knowledge of what's coming. Your country will no longer be a World power. She will have massive issues of reconstruction and contamination to deal with. Make no mistake, those underground cities contain the important people, while everyone else struggles on the surface. Law and order will be out of control. Criminals will take full advantage to rape and pillage. Life will be a mess. That's when I'm coming for you. Lift up your head and watch the sky. I am coming for you that same day. Let Me repeat Myself. Lift up your head. I am coming for you that very same day. Do not fall into despair. Do not panic. I have warned you over and over again. Your redemption draws nigh. This is the moment of eternity that you've been waiting for. I keep My promises."*

And that was the end of His message.

Power In The Prayer of Exhaustion

November 26th, 2020

The Lord encourage your precious heart dwellers, we are fighting the good fight and we will win. When I came into prayer, I happened pull a Rhema card from my collection and it said "You are the lamp stands suspended between Heaven and Earth." And I knew the Lord was referring to us as prayer warriors and intercessors. I had just run across an article on EMF's, Electro Magnetic Force, and wondered very much if that was connected to prayer, or if prayer put out that kind of energy. So, when I came into prayer, the Lord immediately began to

answer my question.

"You asked Me," He began, "A question about energy waves and intercession. There are most certainly measurable energy waves released in intercession, even the one you feel lame about, that is when you are feeling heavy under a burden. Once the agreement has been made with a soul, that they have given their lives to Me to do with as I see fit, there will be times when I draw upon that soul to intervene by carrying a burden.

Yes, it is very true that when you carry a burden, for Me, that is you have a prayer burden for a soul that is in desperate need, like the soul of this nation, you can expect to feel it in your body if you are electronically sensitive. You have observed this for many years now, your body goes down, a feeling similar to adrenal exhaustion, which is tied into the production of this energy, and you feel like nothing more than a blob lying there, almost senseless, hardly able to even focus.

Clare, it is in times like this that I take you up on the gift you have made to Me, of your total being. There is so much to prayer that is not understood. I know you feel like you've accomplished more in travailing prayer, and truly it is significant and passionate. However, you are not to discount those times when you feel like there is nothing left of you and you are offering even that to Me. You are like a wet dish towel thrown to the side. However, it is in times like this when I am siphoning off your grieving energy and receiving it as a fasting prayer offering and using it as a means to move mountains. May I say, the more useless you feel, because of this

torpor setting in, the safer you are and freer from vain glory, for your prayers do not seem to be eloquent or passionate.

While the passionate prayer of the righteous man avails much, so does the surrendered prayer of a soul who has given their whole life's blood as a sacrifice to Me. This is what this state of spiritual torpor is all about."

Now torpor is defined as a state of physical or mental inactivity, similar to lethargy. For instance, bears do this when they hibernate. All physical systems are put on the minimum amount of energy necessary to survive in a state of deep rest.

This is different from what the mystics call *acedia*, which is spiritual sloth.

Forgive me Lord, but I have been feeling that perhaps my problem is spiritual sloth, please do not let me off easy, but tell me as much of the truth as I can handle. Please, I do not want to lead anyone astray, that is, telling them this is a form of intercession when instead it is just plain old laziness and indifference.

"Spiritual sloth is indeed a sin you are prone to," Jesus replied, "But you do not realize that when you are falling into a stupor over intercession because you are truly standing between Heaven and earth in an intercession that captures all of your senses and dulls them, almost as if you were asleep. This is legitimate prayer."

Lord, I know I have been lazy in prayer, please forgive me and help me.

"I will, and part of that help is explaining to you the difference between spiritual sloth and a spiritual torpor. Sloth is outright neglect, not pressing in, giving up at the slightest resistance or distraction. Your monitoring of the events because of the grief and anxiousness you have felt is one dynamic (borderline distraction and giving in to curiosity). It is difficult for you or anyone for that matter to pull away from a news source. It is addictive. But in this situation that is so critical, it is good for you to have solid information so you don't remain ignorant. And that is why I have put a certain source in your life, he is quite aware of what is going on from behind the scenes and from the viewpoint of military intelligence.

When you heard the news about China bribing Republicans, you let out a deep sigh of relief because something was finally breaking and revealing the fraud. You also woke up this morning without that dark cloud over your head. That was part of your intercessory offering. These symptoms disappearing at a time when news breaks should tell you quite a bit about where your heart was and why you walked in such a cloud of darkness for days."

Well, my heart was greatly relieved, and I did care very much, and I couldn't stop thanking You for what You are doing to reveal the corruption.

"Clare, spiritual sloth is more about not caring. The voice of this attitude is, "Oh, who cares, it's not important to me. What difference will that make, my life is so far removed from all these things." This was the attitude you once had before you were born again."

Yes Lord, that pretty well sums it up.

Jesus continued, *"I really want to make a point here, but you are not letting Me. Yes, I know you have been lax at specific prayers, but I also know your heart grieves for what this nation is going through and the implications it has on the whole world. It is that grief that I am speaking about, I harness that grief, so to speak and as you are suspended between heaven and earth, that grief counts as powerful prayer. You are interceding. Your grief*

is your prayer. You could attach a lot of pretty words to that and feel like you were doing more, but you are right in not doing that. Your prayer is your grief. Period. And I honor that, especially because it comes from the heart. If you tried to make that into an intercessory prayer for everyone, it would not carry the weight which is coming from the grief in your heart, not from eloquent words.

What I am saying here is nothing new. Many years ago, I told you, "A sigh is a prayer." In other words, My heart is moved to action when your heart is grieved and lets out a sigh, We are One after all.

To continue to believe it is spiritual sloth is a misconception that leads to discouragement, making you feel worthless and unable to pray. But the truth is far from that. It is the grief in your heart that is authentic prayer and the feeling of emptiness, and not having accomplished anything that is a suffering and adds to the virtue of your prayer.

In this way you are not congratulating yourself on strong prayer, "Wow I really travailed for that!" But are simply giving all you had that comes from the depths of your heart, in a way that you are unaware of.

Many get this confused with acedia, which is the name for spiritual sloth and indifference, kind of a stupor, where nothing matters. Far from feeling that nothing matters, your heart is riveted on the situation you are praying for in such a way that you and I are immersed in it. In many ways you are in fact feeling much of what I am feeling for the situation.

I do want you to share this because many of My prayer warriors have grown weary and feel so ineffective in prayer. But I tell you, I am going deeper with them, I am mining the grief in their hearts that they feel over the current situation. It is a powerful offering to feel bankrupt and unable to do any good. Everyone longs to be effective, to make a difference, to be needed and wanted, everyone. And not to feel that way is a suffering. To feel worthless and without power is a suffering and it is then that you are releasing more and more offerings, fast offerings, to see My Hand move and change things.

So, My people, I know you are exhausted from waiting and praying and waiting some more, but do not grow weary, this feeling of being drained and worthless is part and parcel of the prayer offering you have made of yourselves to Me. You have given your whole life and being to Me and I am harvesting wonderful fruit that will affect not only this nation, but the whole world.

Imagine a great river flowing through this nation. Imagine seeking out all the tributaries that make this great river, as you did on assignment for Readers Digest when you followed the Mississippi River from the mouth, all the way to the head waters in the north. Many streams and even rivers flowed through Minnesota adding to the volume of water that finally terminated as a great river into the Gulf of Mexico. And so, it is with the great volume of prayers that are being released to reinstate your President in what was truly a land slide election for him.

Each of you like a stream or small river, are allowing the waters of grace to pass through your beings and be added to the other thousands of rivulets that are all accumulating in a land slide win for your President. Though you don't feel very consequential, all your combined efforts are a formidable force, a force that is preventing the Antichrist from pushing his agenda through. He will fail in this endeavor until My Father gives the word to bring My Bride home. Then He will take over and undo all the good your President has done thus far.

That is not a reason for you to be discouraged. That is a reason for you to rejoice and keep on fighting so that when the time comes I can exult in liberating you from all the pains of death and bring you home, from the very

midst of your work for Me, triumphantly bringing you to the banquet table where I will don the servant's clothing and wait on you. So My words to you My Brides, is continue in the great commission, knowing that every effort of yours is bringing you closer to that time when I will say to you, "Well done My good and faithful servant. Enter into your Master's joy."

ALIEN INVASION of EARTH 3IATLAS

10.14.25

My dear family, we've been warned about an alien invasion for many years, and recently, alien crafts at first thought to be comets, have entered our solar system. At the present time that I know of, there are 17 supposed comets that are actually alien ships, and I believe they are preparing to carry out a massive invasion of our earth. Lord Jesus, we worship your holy name, and we know that it can be used against every evil. Let us cleave to you with all our hearts and trust in your deliverance. Amen.

Ezekiel was given a dream a few nights ago. There was a phenomena at Devil's Tower, Wyoming, where heavenly lights were blazing out of the top with God rays, spectacular God rays from the very top of the rock formation. And then from the inside, God rays were spilling out on the left and the right. All around it, it was brilliant, dazzling. It was a world phenomenon that was drawing world attention, even from the Christians who was starting to believe it was the Lord returning to earth. The displays were fabulous and very convincing. People from all other the world were assembled at the foot of the tower. The same tower from the movie "Close Encounters of the Third Kind". You know, it's kind of funny. It's devil's tower, and people are thinking it's the return of Jesus? I think the name is correct and describes very well exactly what it is.

Ezekiel and I, in the dream where they're watching it, almost convinced that this must be a heavenly demonstration of light, but we snapped out of it, fully realizing that it was the great deception. An alien invasion and we left quickly. Boy, people were drawn to it, it was so beautiful and dazzling they were just entranced with it, and really many, many people were believing that it had to do with Heaven and with God. "Lord, I must ask the information given to me today, was that accurate about all the so called comets racing through our solar system. They are not comets at all, but alien ships?" *"My beloved, I know you are going through trials with your body, but I want you to know that your purgatory is almost finished. Beloved of My heart, do not give up. Keep plotting along in union with My sacrifice for all of humanity on the cross. Believe and hang in there, Clare. I'm responding to your husband's prayers that have been said in faith. That means I'm healing you both."* Complete healing, Lord? *"No My love. This will happen in your translation. But in the meantime, I am washing you both clean as fresh snow so your healings can begin simultaneously when you arise. This last phase of your purgatory will be hard, but don't give up. I will sustain you and the community. You will make it through all of you. This is a word of encouragement for you before the storm increases. This is also a word to all Heart Dwellers around the world. Your salvation draws nigh. It will be a rough takeoff, but persevere and always hope in My great binding love and mercy. Acknowledge your sins and cease repeating them. Now, to answer your question about the fallen angels. Yes, it is indeed true with far more than has been revealed to anyone, but it is safe to repeat it."*

So, what I was told, dear family, is that 3IATLAS will be presented as the good guys, and many will fall for their narrative that they created for you, which of course is a lie. Then the other ship, or comet, coming in, called Swan. It's supposed to be very large, a mother ship which many smaller alien craft will come out of. They'll send them out in abundance. When Swan comes, it will attack Earth and the aliens who arrived first will defend us but only to gain our trust because these fallen angels are all in it together but everyone will put

their trust in the ones that supposedly saved them okay and that's all I was given dear ones it came from a supposedly reliable scientific source. Before or after the rapture, I don't know. "Lord, could you please help me with that?" Jesus replied, *"That is not to be disclosed at this time, but I want everyone to be repenting of their sins of the past and to accept difficulties in humble submission, knowing you have done much worse things in your life than others, and you are either interceding or being purified. You will be wise to keep a strict watch over your heart and tongue. All that I have allowed, My precious ones, is only because I love you and want your unfinished business cleaned up before the rapture. For those of you who know they are staying, I want to pour new graces into you and this is part of your preparation. Remember always, I love you, I am for you. I am never against you and you will come through this."* And that was the end of His message.

Protecting Your Spouse's Discernment

10.15.25

My dear family, my husband came to me with some concerns, which I will share with you about the military videos I have put up. I had discerned the unusual approach to getting everyone's attention to rise up, to be strong, committed, and brave in the Lord for whatever is coming in these end times. You know, we've been told these things are going to get rough for a long time, but people are kind of jaded and worn out about the whole thing, because it didn't seem like anything was happening. Well, now something is happening. I came into prayer concerned that I might have made a mistake in posting them. Well, originally, I wasn't going to. They were just for our communities, but one got published and I thought that everyone needed to press in and be strong for the tribulation. So, I allowed them to be posted, but looking back, maybe that wasn't for everyone. So, I asked the Lord, "Lord, do I need to do damage control?" Jesus began, *"Not quite. I allowed you to dive into that because I wanted to convict all of you of your laziness. I also knew you would enjoy the adventures and could easily get hooked on it. In truth, it was a test, my bride. I saw you beginning to suspect that and your husband calls you to check it again about watching it anymore, and you got pride. You must be very careful, My love. There are seducing spirits planted in everything. You can feel the movement of My spirit when something is off, and you were beginning to suspect it was time to move on, which it was. This is what you may tell the channel. No one's discernment is perfect."*

"Each of you do the best you can with what you have. Always be suspect when you feel a check about something. In this case, Clare started to feel a check but didn't cut it off soon enough. The enemy was trying to sidetrack her. She has been sidetracked many times before in her life as a Christian, and it has been a pattern in her life. Note, I said it has been a pattern. She's still learning, and you have a benefit of watching her mistakes so you don't fall into them. A little goes a long way when something becomes pleasurable and a habit, drawing you away from your work. Suspect that you might have been seduced and that the enemy is playing on your fancies, distracting you away from focusing on the real mission I've given you." "Thank you, Lord. Please forgive me." *"You are learning, and you have a good husband who watches over you. I have seen that you take him very seriously, and that pleases me to no end. He is your covering, and you're honoring his input is a built-in safety factor. You work together well as a team. Tell him for Me that I'm very pleased with the way he brought this to your attention."*

"And for all of you who are married, there is no place for criticism in your relationship. No place for belittling or fault-finding. What there is place for is watching over one another and gently suggesting there may be something in what they are doing that is a trap. Without accusation or a hint of criticism, you are partners."

You are there to protect, not browbeat, an act superior, cutting your meat down. There is no condemnation in Christ, but there's plenty of room for increasing your discernment skills together as a team to condemn your spouse and find fault. Bringing up their errors of the past is unnecessary and counterproductive. That only discourages. Rather, stand by their side and help them go through their discernment process with me without making them feel inferior or guilt-ridden. When you take that approach, thinking you are so superior to them, you're setting yourself up for a big fall. Rescue the way you want to be rescued. For when I see that, I will answer your prayers. But if I see belittling, it can impair your prayers from being answered. In this case, it was a test. A little goes a long way. The minute she began to feel that it was going for too long was the minute she needed to get more serious about discernment. And she did. It just took a little longer than I was comfortable with, but thanks to the prayers of her husband and their ability to share together, they unraveled it and figured it out. And now this message is confirming exactly what happened.

"My dear ones, do not be afraid to discern with one another. Do not be afraid to take the time and sit down with your spouse and say, let's look at this together because I think it could go too far. That's the gentle, loving, and sane way to handle discernment when you think the enemy may be pulling a fast one on your spouse, period." And that's the end of His message.

RAPTURE FRAUD You've Been Duped 10.16.25

Blessed ones, you've been taken for a ride by the enemy, broadcasting false reports about the rapture. But not all channels have drunk from worldly sources. I've been with you for 11 years now, and the Lord and His providence told you from the beginning the sequence we would live through before he took us. In addition, we have the scriptures, speaking of unprecedented earth changes. You are beholding them now as we speak. Seven interstellar comets racing through our solar system. And today, six earthquakes off the chart, 7.9. All over the world, these earthquakes are happening. And it is written that they would happen. That's how we know where we are in God's timeline. Unprecedented astronomical events, strange events, potentially catastrophic to this earth. The government is not sharing this with you. They're afraid to cause panic so you don't know what's really going on. Now, the Lord did not leave you without recourse, but psyop pretending to be innocent testimonials have pulled the wool over your eyes. Jesus told you the rapture will happen on the heels of war. Now, many of your friends and family are jaded. And as a matter of fact, that was the intended reaction by swamping the media with all these calls about rapture happening at such and such a time. It was deliberate to burn us all out and ridicule any mention of the rapture, and that is because they do not have a one-on-one relationship with Jesus.

My dear ones, we can't be so easily influenced and duped and manipulated. And it's a life of prayer and knowing the Lord and the voice of the Lord and the Holy Spirit that is going to prevent this from happening with you again. You will not survive what is to come without a real conversational one-on-one relationship with the Lord. You will be fed disinformation by those in the fake news who have no real allegiance with our Constitution. Their only agenda is to destroy it through psyops and fake news.

Dear ones, you must have your own relationship with Jesus. If you are to conquer disinformation in your life. That will guide you right into the system to destroy you. And from the very get-go, I've been teaching you to listen for the Lord's voice because you can't listen to other people. You've got to know from the Holy Spirit that you are hearing from God. This is why. Look what happened with the rapture hoax. Now, some people may say, well, where were you when all this was going on. I'll tell you where I was. I was in over my head with

alligators, with the witches creating distracting situations and fighting to keep everything afloat here. And I'm sure they did it on purpose to give you pause to think that, wow, how come she hasn't said anything? Maybe she's waiting to see what will happen. But I admit I was curious, but what I was looking for was what the Lord told me to look for, the beginning of the war. And I was busy praying against it. All of us were praying against it. I can just see Christians saying, oh, no, not that again, when they see the title of this message. But I'm telling you now, you have nothing to lose and everything to gain by following what the Lord has given us. Why, you ask? Because I have taken the Lord's words very seriously. And purgatory to me is the last place I want to be. So, I'm looking at my life very carefully. And while I do that, the Lord is asking me to help you look at your because I'm trying to prepare you for the moment you will stand before God in the judgment which will be a moment when you cannot amend your ways or make up for your failures yes you may be saved but only is going through the fire 1 Corinthians 3:15, *"but if anyone's work is burned up he will suffer loss, though he himself will be saved, but only as through fire."* The Apostle Paul uses this to encourage believers to build their spiritual lives carefully, as their efforts will be tested by a purifying fire.

There's vanity, vain glory, ulterior motive, make money, any of those things will sink your ship and be burnt up in the purifying fire. Loss of works in the context of 1 Corinthians, it refers to a believer whose spiritual work, actions, and teachings will be proven worthless in God's judgment and is burned away, leading to the loss of reward, even though the person themselves is saved. I thought this was a pretty neat little clip from AI, so I copied it. Things like, did you preach for popularity, for money, to be accepted, even though some things didn't feel right to you, but would go against the popular narrative? If this is to be found as your true motive, your works will be burned in the fire, and there will be weeping and gnashing of the teeth on that day. I'm appealing to you to repent from dead works, things that you did for yourself from false motives. Repent from personal sin while you have a chance. Now is the time. Later will be too late. Make a list drawing from the seven deadly sins.

Precious ones, you know when you've hurt the Lord you have that sinking feeling in your heart that you let Him down tuck in with the Holy Spirit and allow the Lord to remind you of the times when He called you to do something and you passed Him by. Fast and be alone with the Lord, counting on His mercy and Holy Spirit to reveal the truth to you about yourself. He prays that you will put in the effort to hear Him and that you will believe it is Him through this channel, worship, journaling, and believing it is Him, then acting in obedience. So, the idea is after you've worship, you ask Him to speak to you, and then you listen for His words, or you pour your heart out to Him, and then listen for His words. That's how it all starts. And in this time, in this time frame with everything that's going on, He absolutely is passing out new graces for you to really hear Him clearly. And if I get in a fix and I can't figure out, was that you, Lord, or something else? I break away from it for a while. And when I come back and read it, it's usually very clear to me, whether it's Him or it's not Him. I also use the Bible promises it to get a confirmation that it is Him.

So, on this channel, He has led you very simply, journaling, worship, I'm believing it is Him, then acting in obedience. I have a whole playlist on my site to give you the tools to discern. Or you can use my website search engine, but I know it's easier to follow a reliable prophet like Brandon. But the sad truth is, Jesus does not want you to get it from a third party. Not Brandon, not me. He himself wants to give you much more understanding than a generic prophet can post. You're a Heart Dweller and you know how to rest in His heart. Beloved ones, you are His sheep and His sheep know His voice. This comes with territory of being here, and My sheep know My voice.

My beloved one, so very dear to my Lord's heart, He wants to speak with you. I'm here to teach you how to listen. You know the old adage. You can give a man a fish, or you can teach him how to fish. I've been feeding you fish after fish after fish. Now is the time to learn how to fish. And Jesus is the master fisherman, and He himself wants to teach you. Please don't disappoint Him.

Avoiding Purgatory-Our Spiritual Decline PART 2

10.17.25

Blessings dear family, may the Lord grant us great love for Him and for others and a truly repentant heart. Amen. Mother Clare began, *"Repent and do the first works"* that's Revelation 2:5. It means to turn away from a spiritual decline, remember the early, loving actions and devotion that characterized the years of your conversion, and return to doing those "first works" of love, faith, and service. Failing to do so carries a severe warning of the church losing its effectiveness or even its existence. Remember where you have fallen. Acknowledge the spiritual decline or departure from original principles and passion. Repentance is a call for a change of heart and mind, a turning back to God and His ways. Do the first works and return to the foundational acts of love, service, evangelism and community support that were central to the church's early days.

The apostle John records Jesus exhorting the church in Ephesus to *"Remember therefore from where you have fallen; repent and do the first works"*. If they fail to heed His words, Jesus gives a warning: *"If you do not repent, I will come to you and remove your lamp stand from its place"*. Paul had written a letter to the church in Ephesus roughly 30 years prior to Jesus' letter. At that point in the Ephesians' growth, Paul commended them for their love. Jesus also commends the Ephesians for some things, their toil and perseverance, their intolerance of evil people, their discernment amongst false apostles and their endurance for Christ. Jesus' issue with the Ephesians is that they "have forsaken their first love" that's in Revelation 2:4. The church at Ephesus was a hard-working, faithful church, but they were lacking in love.

In response to this abandonment of their first love, Jesus exhorts them to "repent and do the first works." Repentance is confirmed in the follow-through; repentance is followed by reformation. John the Baptist stressed the need for action in his preaching: *"Produce fruit in keeping with repentance"* that's Matthew 3:8. Jesus points to the early days of the church in Ephesus and to remember the service they had accomplished and the love they had expressed and then do those things again.

There is also a relationship between works and love here. The apostle John attests to this reality in 1 John 5:3: *"This is love for God: to keep His commandments."* This echoes Jesus' words in John 14:23: *"If anyone loves Me, he will keep My word"*. It seems that, as one grows in love for Christ, he or she will desire to obey even more. What does it mean, then, to "repent" and do the first works? Repent, in its most literal sense, simply means "to change one's mind." A change of mind often results in a change of attitude, emotion and action. This meaning can be seen clearly in Acts 2. Peter is presenting Jesus as the rightful Messiah, King of Israel. His hearers are comprised of the very people who had crucified the Lord via the Romans. Peter tells them they needed to repent or change their mind and be baptized (Acts 2:38). Their repentance involved changing their minds about Jesus being a mere man and their own need to be forgiven. Happily, about 3,000 people repented and were saved that day.

In Revelation 2:5, Jesus exhorts the Ephesians to repent, and that change of mind would lead to a change of attitude. The follow-through would be a return to their first works, encouraging their love for God. Jesus' message to the church of Ephesus should be a warning to all of us. We can do great works and persevere through trials and still lose sight of loving God. Saying or doing the right thing is meaningless without love. We must not forsake our first love and we must continue doing the things that encourage our love for God. And here is what we have to focus on if we want to go directly to Heaven; repentance. There are sinful habit patterns we have all carried for so long they have become ingrained in such a way that we hardly know what we are doing. Jesus died on the cross to redeem us, but we still owe a debt to the ones we have hurt. For instance, if you borrow my truck and back it into a tree, you need to make it right by restoring the bumper and

rear lights. You're not going to jail, but you must repair the damage. That is one reason why prison has work crews to help with community projects, to make up for the damage they've done to society by their crimes.

We cannot enter Heaven with sinful attitudes, for instance: When the Lord took me to Heaven and we were at the Carmelite monastery, Saint Faustina walked in and I became jealous. Everyone in the room knew what had happened, so she rushed to my side, knelt down and said, "Everyone here has experienced that feeling in their lives on earth Clare, we do understand." Her heart was to make me feel better. After a tour in Purgatory, you have no more jealousy, you become pure sweetness to everyone even those who have come from Earth with abundant fruit. I was horrified that I actually felt that way. Oh how ashamed I was for feeling jealous of this wonderful saint that I follow. How embarrassing to have that exposed before others in Heaven!

That's what I am talking about, purgatory, getting these bad habits out of our souls. Dear ones, Jesus has asked me to help all of Heart Dwellers to repent of their hidden and unacknowledged sins. He wants us to go straight to Heaven in the Rapture, but the majority will go to a building Jesse duPlantis was not allowed to enter, where there are tiny isolated rooms, a door for one person every four feet, no interaction with others, and a searing sense of conviction for the sins we didn't make satisfaction for or repair the wrinkles, spots, and blemishes. Jesus is asking us to prepare for our purgation so we can enter Heaven sooner and not have to suffer. These days everyone is complaining about how hard life has become. I will let you in on a little secret, you are doing your purgatory now, while on this earth, and your attitude should be gratitude for the bag of gold the King just tossed into your prison cell to help pay your debt so you can be released into Heaven. Be thankful! You have no idea what He has given you.

Have you ever wondered about those living alone for years in a nursing home? "Lord, would You please address this?" So, there are two things to remember, one is that you have been redeemed but you still have work to do to change and rid yourself of toxic attitudes which I guarantee will embarrass you to no end when they pop up in Heaven. Think of it this way, you have just lived seventy years of your life on a toxic planet with a toxic culture and have sinful thoughts you work desperately to hide and erase. The Lord in His mercy and care for you takes you to a place to detoxify and be restored to your baptismal purity, until you have nothing to hide. When you step out that door from purgatory you are going to be the happiest you have ever been in your whole life. You will see and understand like never before the souls all around you and God's magnificent plan for your future life with Him. You will be done with guilt, deceit, rebellion and pride. You will have the constant sweetness of Jesus in your heart for all creatures. There will be no more striving for positions, preoccupation about what others think of you and the pressing need to prove yourself. All of that gone, forever. Amen!

The Bitter Pill of Self Annihilation

10.20.25

Blessings and the peace of the Lord to you, dear family. "Wow...I'm still here Lord," said Mother Clare. *"That was quite a stretch for you Clare."* "It was, I don't remember when it has been that chaotic, thank You for helping me." Saint Benedict please be with us tonight. *"I am here and I forgive you for not coming sooner. You were being tased, meaning that you're being hit from all sides, but it is wisdom to bear with the pain of these cross currents. It is for purgatory, Clare, and they don't understand why I am allowing it. Nor did they understand why I allowed Myself to be crucified."*

“Lord, I don’t know when I have found myself such a failure.” “You’re not a failure, it’s just not your time. Do you trust Me without doubt?” “I think so.” “Good, then we will make it through.” “Worthless. I feel so worthless.” “You are not worthless, just very heavily oppressed. This is part of letting go of your self effort and seeing the real truth about who you are and who you are not. All great leaders pass through this gate of humiliations, look at Mother Theresa, at the end of her life she felt so low and abandoned. In the meantime, thousands were being saved and cared for. Her sisters were thriving and drawing more dedicated women into the order.

“My people, you all must pass through this experience in order for you to be liberated from claiming your works to be of you. All must see the futility of their nature to recognize how I did the doing of the good things you accomplished. Do not despair, this is a part of your purgation. How relieved you will feel when you have left all of your self behind it will be so liberating! Many of your faults spring from this deep seated attitude and the bitter pill of self annihilation is not a punishment but an act of glorifying Me in your life, setting you free of yourself, destroying all illusions and it is very painful. When it is over, it is the safest place to be. Do not be distraught when you realize the ‘little’ you have done in your lifetime. There will be a time of celebration after the Lamb’s Book of Life is opened. That’s why I am working so hard to clean up your purgation. Truly, I do not want you to go through this on a level any deeper than it already is.

“I uphold your honor during this time of your life. I nurture and cherish you in your all consuming poverty of soul and spirit. I created you to be glorious, Satan stepped in to twist the source of that glory and thereby spoil your place in Heaven. Which by the way, you and I need to spend some time there...perhaps tonight.”

“Oh that would be so wonderful! Please help me make it happen Lord.”

“Yes. I will help. This topic is quite deep and has spreading repercussions, just so you know, we are not done with it. There are many revelations on pride to be addressed in this topic. Stay little, little one. And that was the end of His message.

God bless you dear Heart Dwellers and may the joy of the Lord be our strength! We love you and we are praying for you.

Please Back Us Up We Need You in This Hour
10.20.25

May the Lord's peace be with you all. Precious family, the Lord's heart for us is to be clean through repentance and the sacraments, especially reconciliation, with Him, our family members, and everyone around us. Be at peace and know that He has our back. Our main concern must be staying in intimate prayer and worship with Him. on. Love Him, worship Him, care for those around you, and wait on the Lord, evangelize whoever you can, and pray, pray, pray. Repentance releases graces for evangelization. Let us love the Lord with all our heart and love our brothers and sisters as we love ourselves. Our God will provide for all our needs according to His riches and glory. Have total confidence in that. Repeat that constantly or other ejaculations of confidence in God. We are fighting many wars here on the refuge. With Halloween coming up, they really intensify. So I ask for your prayers. The enemy is hitting our most vulnerable spots, and we are learning how to love and be patient with one another beyond our capacity. Praise be to God.

We have need of prayer to pass through this storm. So please, be the Heart Dwellers who care for us as we care for you and continue to bring you His messages. We are also in need of donations right now to get heating wood in for the winter, especially those who are living in cars and buses and using sagebrush to stay warm. We're donating to charities who are truly sacrificing their lives to bring the gospel to the poor, especially safe houses for those running from sex trafficking. I'm asking you to be merciful to us and those we support, and please donate as you can to keep the refuge running smoothly. This is a season in which we need your continued support. This is a season in which we need your continued prayers. Thank you, my dear ones. We're doing us together. And in due season, we shall be rejoicing in heaven with the deepest gratitude and love.

And I want to share a vision that Father Ezekiel had a couple of years ago that we were going through a storm in a schooner, an old fashioned sailing ship, and we were on a big river and we were nearing the waterfalls where it plunged into the sea. A very dangerous place where we could all be smashed to smithereens. We had a full ship and we were sailing into difficult, alligator infested waters. And then we came to a precipice and we dropped off into the ocean and when we landed we were all still on the ship, still intact but a lot of damage had been done to the ship but we were sailing now on beautiful blue-green seas of calm water with rainbows everywhere and sparkles everywhere. Oh God, thank you for this promise. We need it right now. So, what I want to say to you is we are definitely going through the rapids in this moment, in this hour, and we need your prayers. But we're going to come out of it, and we're going to come out of it more anointed, more informed, and more loving then ever. So hang on guys it's such a pleasure to serve with you. God bless you all. Yes, we are doing this together and in due season, we shall be rejoicing in heaven. I send you my blessing and with the deepest gratitude and love. I bless you in the name of the Father, the Son, and our precious Holy Spirit. Amen.

P.S. Remember what Jesus told us at the start of the war on American soil, we will be taken up to be with Him. And to love and serve the desires of His heart even in heaven. Yes, we will still be bringing in the harvest and equipping the saints on earth with prayer. I do so look forward to praying with you all.

Witches Do You Really Trust Satan's Promises

21.10.2025

My very dear heart dwellers, please bear with me as I speak with the witches and warlocks that come and stand around our property at night and curse us. This is on the Lord's heart very much, He loves these people and He wants to reach them. So forgive me, if I post a few of these, understand that it is for the goodness of God's heart and that He wants this done. And, of course, you can use these in your own communities for those you know who are working for the dark side. Okay, so tonight I spoke to our neighbors.

Good evening and welcome dear witches and warlocks, I've been thinking about you a great deal and praying for wisdom from God for you. It all began as I was putting on my evening habit as it got cooler and thoughts began to pass through my mind like falling snow. I call you dear, not because I know you intimately, but because you are very dear to Jesus, the Second person of the Holy Trinity, which corresponds to the three natures of man, body, soul, and holy spirit.

The Lord Jesus began,

"Clare, you are correct in saying that you are here for them because I love them unconditionally. My dear ones, is it now power that you seek? Is it not also control and retaliation for the ugly things that have been done to you and those who have made a decision to hate you and persecute you."

Jesus continued,

I want you to consider that I hate what has happened to you in your life, even what you have done to yourself, not realizing its lasting consequences. As a result, self-hatred and self-harm which are increase to you in subtle hidden signals in dark music cause you to hate yourself and even more.

And this is true guys, they can reproduce the emotional effect through wavelengths when you hear the music. And they do it also when you're surfing on the Internet. You get little good doses of dopamine. But vibrational, they're created and stuck in behind the movies and everything so you can get addicted to it. Okay, moving on.

If you came to me, Jesus continued, We could begin the process of healing the layers of hatred you cover yourself with. To Me, you are My child and you are beautiful. I love you and want to heal you. Don't fool yourself. If you were the only child of mine left, I would have surrendered my body to torture and death, just to guarantee you could be with Me in heaven.

And as an aside here, guys, forgive me, but the dog is eating a bone and I don't know how I get her out of here. If I put her outside, she'll bark because our visitors are here as usual tonight, 2 .52 a .m. Okay.

Jesus continued, I will tell you a secret, when you analyze why you've chosen satan as your leader, you were acting out of wounds and programming done to you in the past that have never healed. And many of you are intensely focused on a revenge for these wounds, declaring that will never happened to me again. And these wounds still cause you deep pain and twists your identity because you become consumed with bitterness and hatred, and that twists your identity.

And it also twists your destiny, the part of you that God wired to do marvelous things with marvelous tools and skills that He gave to you at conception. They cause you deep pain and twist your identity and even the special destiny I created for you. And then, there is the belief that I or My Christian people have done you wrong, I must remind you, that My Christian people are only human and have their own selfishness, manipulation and struggles. Pain is everywhere you look, but what causes it is hidden from you. You see, it's not the Christian, but the demon behind a weak Christian who does evil. And it is good for you to know that satan sent that demon specifically targeting you to hurt you and turn you off, to believing in Me for the rest of your life so he could take over your personality and you would serve him. But you see, I am not like those who hurt you and left you broken on the ground, deserted with no compassion or safe place to return to. The ones who have done these injuries that drive you to acquire your own power to protect yourself were commissioned by none other than satan himself.

His lust for souls to retaliate on Me and My father in Heaven drives him day and night without rest to devise more ways to hurt Us, meaning the Holy Trinity, for not stepping down and letting him be the man in charge because he has no power like We do, because he is a creation not the Creator. He must wound what means the most to Us, and that is you. You mean the most to Us, Father, Son and Holy Spirit, one God. I, Jesus, loved you enough to die on the cross in terrible torments in order to have you in Heaven with Me. I and My father gave all We had for you, and you have been groomed to hate the One who loves you the most.

This is the dynamic that drives Satan to hurt God's creatures, destroy the earth, but most especially the creatures made in His own image. Again, this corresponds to the threefold nature of Us as the Godhead, and My threefold being, an act of proof of how and why I made you from My very own substance and endowed you with free will. I wrote out a plan for you with wonderful things in it, knowing that you would encounter many obstacles and many enemies and even your own self would be an enemy through sloth or other inclination especially chasing after things that catch your fancy.

Boy, satan is the master manipulator to get you distracted and working on things that are 100 ,000 miles away from your true destiny. And that's why when you come to the Lord, you give Him your life He completely tears down and removes the past that was created by satan to keep you from your destiny.

Okay.

My image, body, soul, and spirit, and satan has set himself to retaliate because he is in a lower dimension than man in his fullness in heaven, where I want to take you and keep you there for eternity. He chooses to destroy you as children growing up, teaching you to hate by brutalizing and then convincing you that God did it. And so you have to get back at him all the same, all the time knowing it's a lie to recruit you into the dark practices of killing, stealing and destroying everything that is beautiful that I created for your pleasure.

And you'll note in the scriptures it describes Satan as the one who comes to kill, steal and destroy. Jesus continued, *Look at the validity of the book of Revelation. 2,000 years ago, John, the author, was shown the end game plan how you could recognize when I was returning. Even in Matthew 24 and 25, it is spelled out in simple language which in this very moment in time is materializing just as it is laid out in the scriptures.*

Okay, we've found a new place for the bone out of the giant jaw of the dog.

So as I said, things in this very moment in time are materializing just as it's laid out in the scriptures.

For instance, Matthew 24 verse 1, and this is about the destruction of the temple and the signs of the end times.

Jesus left the temple and He was walking away when his disciples came up to him to call his attention to the beautiful buildings. Jesus said to them, do you see all these things, he asked? Truly, I tell you not one stone here will be left on another, everyone will be thrown down.

And as an aside, this is an archaeological fact that not one stone was left upon another and this was in Jesus' time, and I believe the temple was destroyed in 70 AD, with the Romans coming in and burning the city.

As Jesus was sitting on the Mount of Olives, the disciples came to him privately. Tell us, they said, when will this happen, and what will be the sign of your coming and of the end of the age?

Jesus answered, *watch out that no one deceives you. For many will come in My name claiming, I am the Messiah and will deceive many.*

And as an aside here, I want to say, satan has tried to make himself equal to Jesus by saying that, he is His brother. This is absurd, he is a creature, he was an angel before he fell from heaven. He was created by God to lead worship, okay, so he's not Jesus' brother. Jesus is the Second person of the Holy Trinity of the Godhead. Okay.

You will hear wars and rumors of wars, but see to it that you are not alarmed. Such things must happen, but the end is still to come. Nation will rise against nation and kingdom against kingdom. There will be famines and earthquakes in various places. All these things are the beginning of birth pains.

We see it in the news every day, the earthquakes all around the world, the volcanoes forming and exploding all around the world, the shifting of tectonic plates at an unprecedented rate all around the world. It's an incredible increase from 100 years ago. It's so obvious that these are the end times that Jesus talked about. Okay.

Then in verse 9 of Matthew 24, Jesus continues, *Then you will be handed over to be persecuted and put to death and you will be hated by all nations because of Me. At that time, many will turn away from the faith and will betray and hate each other. And many false prophets will appear and deceive many people. And because of the increase of wickedness, the love of most will grow cold. But the one who stands firm to the end, believing in Me, will be saved. And this gospel of the kingdom will be preached in the whole world as a testimony to all nations. And then the end will come.*

So there are a couple of things to note here. People, our Christians are being searched out everywhere and slaughtered in Africa, in Russia, in China all over the world, they're being killed at an unprecedented rate.

And this gospel of the kingdom will be preached in the whole world as a testimony to all nations, then the end will come and this is so obviously referencing the Internet. Missionaries going to foreign countries and the internet reaching even through the remote jungles of Africa because people are provided with a computer and they can see what's going on. It's amazing. It's so amazing. Now that's how you discern that the words are from God, not just a misleading narrative to manipulate you, and you're doing their will but Jesus wants you to have hard, actually.

Jesus continued, *I want you to have hard proof of the truth and that is why the Bible is so accurate. You can predict what I will do by reading these stories and researching what I have done in times past and why I did what I did.*

He continued, *I am edified by the Chosen Movie Series, It depicts My nature very accurately for the first time in 2000 years. Now you know who I AM, even as it is written by John the beloved disciple, "If you have seen Me you have seen My father" John 14:9, truly the nature of our Godhead and personality is love, gentleness, healing, equipping, protecting you on this earth so you may discover and complete your destiny.*

But for Him to be able to do that, you have to turn your life over to Him and say, okay, I'm done I made a mess of my life and I am turning it over to You now, do whatever needs to be done, I'll follow you unconditionally. And He will open up a communication channel with you, I mean, on a daily basis.

So truly the nature of our Godhead and personality is love, gentleness, healing, equipping, protecting you on this earth so you may discover and complete your destiny, that is my whole heart for you. Satan works very hard using your fancies to move you in the opposite direction of what I created for you. That is one reason you will never be happy, working for him. You may get excited when you see his sheer power in the way he commands his fallen angels and demons, but lasting deep peace and happiness will surely evade you. Instead you'll be wrapped with fear of those who hate you, betrayals, backbiting, lying and worst of the Lake of Fire which I never created for you. It was created for Satan and his angels. So, what's the bottom line here?

So what is all the barking about?

Well out in this forest, three miles from the nearest **** on the edge of national park, our visitors come dawn and dusk and stay till 5 in the morning freeze and rain all the time, cursing us and the dogs bark at them, but I couldn't record this message until I brought them in. So moving right along with what the Lord had to say at that point.

So what is the bottom line here? What will truly make you happy, fulfilled, and secure? And this is the truth. You were born for love, to be loved, to receive love, to give love, and return it to Me, your Creator, to prepare you for everlasting happiness in a perfect world that Satan was kicked out of because of his jealousy, a place where there is no more sickness, lying, stealing, hatred, fear, murder, and especially rejection. Rejection is something that has plagued human beings from the beginning of time when Eve was deceived by Satan into disobeying God. That time was like heaven on earth until she violated the covenant with God, her disobedience is the first cause of our misery here on earth. Satan did not have the authority to destroy earth then, only mankind had that authority. But when she obeyed Satan, that covering was lost. So the Father sent his only begotten son to suffer and die in human form to redeem the souls of earth and open the way for eternal happiness.

That is what He is inviting you to, from eternal misery and fear to eternal happiness, the bottom line, He loves you. Satan is using you to do his dirty work and looking forward to seeing the expression on your face when the demons drag you to hell because you rejected the only one who loved you with His very life that's the truth, and it goes much, much deeper.

But here, I have addressed the Common lies, the devil has taught to new ages and Satanists who look forward to reigning in hell, which is a lie, they will be tortured for eternity in hell. Please consider what I have shared, I was a new angel for 12 years, a transmedium, a numerologist, astrologer, Scientologist, Transcendental meditation. I tried everything, then one night He came to me in an undeniable show of power, the first thing I felt was conviction because I had no idea of what sin was. In the new age, you don't have sin, you just make mistakes, but He came to me with conviction, not in an ugly overpowering way, but in a great show of power and forgiveness and love that sent me into an ecstasy for 30mins. And now, my destiny is being fulfilled because I gave Him my life, no strings attached, and I am deeply satisfied that's the way He wants you to be as well. Whatever your discipline, your gifts, and your talents, and His plan for your life is, I guarantee you it's beautiful and fulfilling and the rewards at the end of that trail are out of this world. So God bless you in your search for truth, dear ones and May He protect you from those who will destroy you from seeking truth, may His angels cover you and direct your path into His loving and forgiving arms Amen.

And this is Mother Clare, and I will publish this on YouTube under Heart underscore dwellers. And if you are seeking refuge from what you've been involved in, I highly recommend the book by John Ramirez, who was an ex-Satanic high preach in New York City. The title is Destroying Fear, Strategies to Overthrow the Enemy's Tactics, and Walk in Total Freedom.

4.14.16 Reposted 10.25.25

May the Compassion and steadfastness of Jesus be with us as we listen to the beating of His heart, Heart Dwellers.

For those of you who have a zillion distractions during prayer and worship...I have a couple of suggestions that work for me. One is to keep a pencil and pad nearby and write down any to do things when you think of them and then go right back to prayer. A lot of times our mind is spinning spinning spinning and when it begins to slow down, forgotten things register suddenly in our minds like popcorn.

Another is to ask the Lord to help you enter into worship, and at the same time refocus on worship until you finally can connect with Him and He takes charge of your thoughts. Anyway, that's the kind of prayer time I had with Him, playing worship music and ever so gently redirecting my wandering mind back on His presence, singing those songs in my heart along with the music and the last one was How Long, which is about the Rapture. Finally after about 45 minutes of this we began to connect, heart to heart and thoughts began to clarify, His thoughts. At first I thought they were my thoughts, but then I realized it was Jesus revealing His heart to me.

This is what I saw and felt. I saw a young mother with her two children one in a stroller the other walking with her on a beautiful spring day. Then I saw another mother going shopping with her children. She was holding a toddler and about to put him in the shopping basket while her other child held on to the handle. They were happy and going about their day. Then I saw a young married couple walking into the store at the same time, it was obvious they were in love with one another.

Then all of a sudden it happened, an explosion about 4 miles away, a blinding flash of light, a surge of fire and wind, and they were gone. Incinerated. One moment they were all so happy and fulfilled going about their lives, the next, in the midst of horror, they were gone.

I began to understand...life was so good for these people, so hopeful, so full of a future yet in a moments time it was over. It is so hard for me to believe that this could happen in a heartbeat, that all of America could be devastated, young children in kindergarten, college students exchanging grades on their last exam, young girls mastering the balance beam, teams getting ready for the baseball season, all innocently going about their business and all of a sudden their bodies were lying shared on the ground and the world as they knew it ceased to exist. Horror of horrors, how could God allow this to happen.

Sure, we know all the arguments about sin and punishment, but what about the innocent ones whose lives are just beginning. What about those who are still searching for meaning in their lives, still searching for God and haven't yet found Him? It all seems so brutal and senseless.

Then I began to understand the struggle taking place in the Heart of God, He loves each and every one of these, He formed them in their mother's womb, He endowed them with a spark of Himself and gifts to share with mankind, children to raise. He saw the struggles and things they overcame in their lives. Their good and bad decisions, He was there for those, encouraging them to do the right thing. He knows each and every one intimately, like we know ourselves. And He loves them as His children, how can He let this happen?

As I was thinking these things, Jesus began to speak, "Now you are reading My Heart. Now you are seeing just what I am facing. I never want this to happen, never. I know you are weary My Brides, but please look at this from My perspective, I never, ever want this to happen, to Me it is the horror of all horrors. And to compound it some of those may never see Me or be with Me in Heaven.

I said to the Lord, "So what do you do?"

He answered, "Grit My teeth, let out a deep gasp and allow it to happen. But oh how I cringe, how I abhor what must come to pass. So do you understand, another minute means hundreds of souls come into the kingdom before it is too late. But then it shall be too late, but oh how I dread that. I want you to have My perspective My Brides, I abhor what must soon take place, so what is another minute? Hundreds of souls. And when it happens, at least many, many more shall be with Me in Heaven. So I say to you, don't be in such a hurry, I dread this event. Come and live in My Heart, see what I must see, feel what I feel and understand, while you are looking at a celebration and freedom from this earth, I am looking at holocaust.

Do not jump to conclusions here, I did not say I'm changing the timing, rather I am asking you to join your heart to Mine and see what I am enduring in these moments. Minute by minute, it is pure torture. Yet at some point, it must go forth. All mankind busy about their daily lives, will suddenly be thrown into an abyss of excruciating pain and loss, and be stunned in utter shock, speechless, unable to think. This is what I face minute by minute, until My Father releases it, and then I must deal with the aftermath. Another horror story, horror so great you cannot in your mortal minds understand the repercussions.

Oh stay by My side My Brides, comfort Me as the angel comforted me in the Garden before My arrest. Wrap your tender arms around Me and comfort Me, for never has there been a time of travail such as is coming upon the earth, and I dread it with all My being. Yet My Mercy will take over situation after situation at the appropriate time for each poor soul involved.

This is what I wanted to talk with you about today. I need your comfort, your prayers for mankind, those who have been made in My image whether they be good or bad, it is not My heart to see them suffer, it's not My Heart.

Please, I am asking you, stay by My side, give every spare moment to Me, truly I am walking the way of the cross again and to those of you who have chosen to accompany Me, I tell you it means more to Me than I can ever express. This is the darkest hour for humanity, this is what all flesh has dreaded, it will overtake the whole world and throw it into a chaos which has never been known and will never again be known until the end of time. Stay with Me.

The Spirit of Jezebel and Her 70 Sons

November 31st, 2025

I came before the Lord, "Help me not hear from the point of my pain but to truly hear your words to me."

Jesus what's on your heart?

Jesus began,

"Be brave, My daughter, be very brave. Indeed, it will seem like your prayers are going in circles, or the opposite of your request is happening, as attacks against you intensify. But do not be moved by what you feel, by what you see, or what you face. Rather hold on. Cling to Me and know that you have already won the battle. We have

the victory already. It is in your hands and that you're just passing through the valley of the shadow of things that look dead.

That is why I inspired David to write those words.

Psalm 23:4

**Yea, though I walk through the valley of the shadow of death,
I will fear no evil;
For You *are* with me;
Your rod and Your staff, they comfort me.**

"It's a valley of shadows many of My brides are passing through, and will pass through continuously, the valley of the shadows. My beloved brides, that is what I want to talk to you about. Satan uses shadows, smoke screens and false fires to rile you up, to cause you to fear, to cause you to doubt and even be discouraged to the point of giving up. No longer fix your minds or your lips, My beloved little one, to utter those words anymore.

Here Jesus is talking about my saying I'm tired, or finally said out loud, "I give up!", and several more times in my heart. Forgive me Lord

Jesus continued,

"Renounce that spirit of unbelief and take those words far from your mouth. These are powerful utterances that gives such ammunition and power to the devil. He derives life source from it.

"Every time one of My faithfuls utters those words of weariness and wanting to give up just like Elijah, after defeating the prophets of Baal, and was met with such an onslaught attack of fear and unbelief when Jezebel spoke her words of his death.

1 Kings 19:1-5

Ahab told his wife Jezebel what Elijah had done and that he had killed the prophets. ² She sent a message to Elijah: "You killed my prophets. Now I'm going to kill you! I pray that the gods will punish me even more severely if I don't do it by this time tomorrow."

³ Elijah was afraid when he got her message, and he ran to the town of Beersheba in Judah. He left his servant there, ⁴ then walked another whole day into the desert. Finally, he came to a large bush and sat down in its shade. He begged the Lord, "I've had enough. Just let me die! I'm no better off than my ancestors." ⁵ Then he lay down in the shade and fell asleep.

Jesus continued

"She has released the spirit of her 70 sons which comes from the spirit of the false prophets.

"She was a witch, and many, but especially 70 of her prophets had committed themselves to her not on sexually defiling themselves with her but they vowed an oath to worship her, to idolize and adore, and whole heartedly commit themselves to her work and agenda. That is why I had you pray against that, and it would be good for you to pray for that again."

So, I looked this up and I found in **2 Kings 10**, Ahab's 70 sons were killed by his rival Jehu, to ensure his legacy would not live on. It was also prophesied by Elijah. So, I was confused when thinking about Jezebel and her 70 sons but there is much debate if all seventy children were from her alone. Many believe Ahab had concubines just like most kings. This is something the Lord had me pray against a while ago for a soul. So, when reading this and getting the message, I didn't know how they connected but I see the Lord is talking about things of the spirit. Jezebel and her 70 sons are demonic spirits and assignments used against us.

"Pray against this insidious spirit which is in the heart of many who struggle with sexual perversion or immorality of any kind. That is the spirit you're dealing with."

As an aside family, when praying for some particular souls, I would pull the rhema card often; "You are dealing with a spirit, pray for them." I would wonder, "What spirit is this, Lord? Help me so this person can receive deliverance". But I wouldn't get any specific direction. I have been praying since, but now the Lord has revealed.

"Jezebel came to defile not only the nation of Israel, but her husband's throne and legacy and incited the hearts of the people against Me through her cunning witchcraft. Ahab was under a spell and the 70 defiled souls laid in her bed of sexual sin constantly as they burned for lust even for one another. So great was their great perversion that went on during her reign. She enjoyed it, laughed and scoffed at My words and My law for there was no fear of God in her heart. She was raised up in the ways of pagan rituals and idolatry at a young age."

"But there is great hope, great hope. As you pray, many will be delivered from this spirit, My brides."

I had many thoughts in my heart, and I heard Jesus saying

"You can trust Me"

Okay, Lord.

"And that soul also struggles, Beloved. His marriage and family are under attack. You must pray for him as well, to be delivered from Jezebel and her ways. Her spirit and that of her accompanying 70 sons can reside within a male or female and most often comes through trauma or a soul tie when a soul lies in a bed of sexual sin with another soul with that same spirit. They are yoked and she then has access to that soul's life because of the covenant made out of fornication. But this is the year of the Lord's favor and I have come to set the captives free using My brides to do it. It's time My beloved brides, pray for souls, pray for your loved ones, friends, those you know who struggle with any form of sexual sin and immorality."

"This is the spirit, the power demon that holds the strongman and all the other demons together to ensure the souls don't receive full deliverance, but now you know. So, as you pray, I will come to set some of you free, My brides. There is no shame in your hidden secrets, your hidden lives only that I see, and your hidden shame in trying to deal and struggle with this vice. Renounce the desires, seek Me out and begin to pray against this spirit, binding it hand and foot, and speaking freedom over your body, over your faculties, over your mind, will and emotions, which are used many times to stir your passion, not realizing, its demonic interference that has been sent in the form of electromagnetic energy to cause you to fall into temptation."

"But again, there is no form of temptation that has come onto man that I do not give a way out. So, I have come to you now to give revelation to the source of your salvation, and that of many others. Be faithful to pray and I will do the rest. Seal every open door, with My blood, in your life and the lives of those you pray for in this regard, so that the cycle does not continue over again."

That was the end of Jesus message
