

## VIOLATION

By John Lipinski

Abraham's nation, God's chosen few  
With stark indignation, they chose to do  
Whatever they wanted, or care what was right  
Over and over, didn't fear the Lord's might  
Now, Joshua's nation, throughout history  
Without recollection, had a short memory  
And the Lord forgave them, 'twas the depth of His love  
But, from a jealous God, came the anger from above

Violation, didn't listen, you see  
Why did you not realize the cost  
Violation, get down on your knees  
Oh, Israel nation, you'll wander, you're lost

For Samuel's nation, God promised, profound-ly  
Increased their numbers, what wonders abound  
The land of milk and honey, of vast proliferation  
Continued to grow and grow, a large population  
This powerful nation, had ten laws to abide  
A simple proposition, had the Lord on their side  
And needed to believe, in one God, this day  
A sad situation, cuz, they did not obey

Violation, didn't listen, you see  
Bow down to a calf, you're gonna feel His wrath  
Violation, you can't do what you please  
At the fork in the road, you chose the wrong path  
Violation, didn't listen, you see  
Why could you not realize the cost  
Violation, get down on your knees  
Israel nation, in summation, you're lost
