Vet Tech FT

Atlanta Veterinary Dental Services is seeking a full time licensed veterinary technician with a passion and high interest in veterinary dentistry. We are a practice limited to veterinary dentistry; committed to offering advanced dental procedures with top-notch medical and surgical patient care, excellence in client communication and service in a compassionate and accommodating manner. Applicant should have at least 3 years' experience, excellent client communication skills, detail oriented, self-motivating and work efficiently. Familiarity with high speed dental units, maintenance of instruments, basic-moderate dental knowledge, i.e. oral anatomy, probing and charting is required. Knowledge of dental radiography positioning is highly recommended, but training will be offered to maximize efficiency. Applicant will be assisting in various advanced dental procedures such as basic COHATs, root canal therapy, regional anesthesia, fractured jaws and advanced periodontal therapies.

Salary based on experience.
