WORKING IN PARTNERSHIP WITH OTHER AGENCIES POLICY

Policy statement

We work in partnership with local and national agencies to promote the well-being of all children. We will never share your data with any organisation to use for their own purposes.

Procedures

- We work in partnership or in tandem with, local and national agencies to promote the well-being of children.
- We have procedures in place for sharing of information about children and families with other agencies. These are set out in our Privacy Notice, Information Sharing policy, Safeguarding Children & Child Protection policy and Supporting Children with Special Needs policy.
- When consulting with the Multi-agency Safeguarding Hub (MASH) we follow their directive.
- Information shared by other agencies with us is regarded as third party information. This is also kept in confidence and not shared without consent from that agency.
- When working in partnership with staff from other agencies, we make those individuals welcome in our setting and their professional roles are respected.
- We follow the protocols for working with agencies, for example on child protection.
- We ensure that staff from other agencies do not have unsupervised access to the child they are visiting in the setting and do not have access to any other child(ren) during their visit.
- Our staff do not casually share information or seek informal advice about any named child/family.
- When necessary we consult with & signpost to local and national agencies who offer a wealth of advice and information that help us develop understanding of issues facing us and who can provide support and information for parents. For example, ethnic/cultural organisations, drug/alcohol agencies, welfare rights advisors or organisations promoting childcare and education, or adult education.
