

Puddleducks Weekly Newsletter

for week commencing 13th September 2021.

General Information:

Welcome to the 2nd week back of term.

Due to the high temperatures at present, can we please remind you to make sure you provide your child/ren with sun hats as well as sun cream to keep them safe.

Can we please also ask for some welly boots which can remain at the setting, so that the children can access the outside messy play as often as they wish.

Cooked food menu this week is: Menu one

Please be aware cooked food is ordered each fortnight. Any new cooked meal requests are required by Wednesday 22nd September to take effect from Wednesday 29th September 2021.

Learning Lounge: booster classes for all children

An information sheet is being issued for all children in the Pre-School room regarding the classes your child/ren is attending, so that you can keep abreast of each week's activity. If you have not been handed your sheet, please just ask.

Letters & Sounds Pre School Room (Which instrument) – To develop general sound discrimination

This activity uses two identical sets of instruments. Staff give the children the opportunity to play one set to introduce the sounds each instrument makes and name them all. Then one child goes behind a screen and chooses one instrument from the identical set to play. The other children have to identify which instrument is being played.

Blast for all three year olds – an interactive program designed to improve listening and speaking skills.

Week 2 (Single action words. Add a phrase & action phrase) – Focusing on following directions from an adult e.g. Alex clap, Jane wave.

Social skills for all two year olds - Week 2 - Feeling Safe - To know the rules of the setting, which are:

- We are kind
- We share
- We have listening ears
- We have walking feet

Individual Education plans (IEP's) – child specific

Topic for term 1: All about me
