

# CELESTIAL CHURCH OF THE COSMOS

The purpose of this Chart is to Approximate the Celestial Correlation between the 7 Churches of Asia and the Pleiades in Taurus. The Zodiac or Mazzaroth will be plotted onto the Earth Geographically to suggest that the Taurus-Orion Constellations in the Heavens amazingly Reflect the Topographical Configuration of Greece as Orion and Turkey as Taurus in their Localities on Earth. The precise Ancient Locations to the 7 Churches of Asia correlate as the Hyades of Taurus. Amazingly, the Taurus Mountains thus correspond in Relative Distance as are the Pleiades in Modern Day Turkey to the Hyades of Taurus. The Constellation Taurus with Pleiades, Mirrors its opposite Geographic Position with Pleiades as the 7 Churches adjacent the Taurus Mountains of Turkey. They are distanced apart in a similar Pattern from the Taurus Mountains opposite their Positions as are the Pleiades from the Head of Taurus. The 7 Churches of Asia, from the Book of Revelation are Geographically in a 'V' Shape like the Horns of a Bull. This Region is called the Hyades and is considered also a Pyramid with the Church of Pergamum as the 'Capstone'. This was the Ancient 'Seat or Throne of Satan'.

## WITNESS OF THE STARS TELLING THE STORY OF CHRIST'S CONTENTION

The 12 Constellations in the Heavens can be Mapped-Out on Earth as they Mirror their Positions with Key Geographic Latitudes and Longitudes. Symbols and Numbers play a Significant Role in all things Spiritual, as YHVH is the Author of Mathematics and Design. Each Zodiac Symbol has a Meaning ascribed to the Redemptive Work of Christ Jesus. The Constellations tell the Story of the King. This King of the Cosmos is Jesus Christ. The Mazzaroth shows His 1st Coming and His Triumphant Return. The Star Story starts in Virgo and ends with Leo, thus a 'Sphinx' Duality in more ways than one. What is amazing is that only from Earth can this Storyline be viewed, as if it was made for Humans, to Read and Comprehend from Earth. It is because the Plan of Redemption is only for Humans, not Fallen Angels, Lucifer or 'Aliens'. As Paul states in the Book of Romans, the Signs of the Zodiac are the 'Silent Witness' to Jesus' Plan of Redemption from Mankind's Fall.

**THE MAZZAROTH**  
 According to the research of E.W. Bullinger, the constellations proclaim the Plan of Man's Redemption through the main character, Jesus Christ. Each constellation is but a facet or 'angle' of an attribute and characteristic of the Messiah. Likewise, the configuration of the stars can be superimposed onto the Earth and many locations are specifically copied or mirrored as such.
