Congratulations 😊 We are so very proud of each and every one of you!

Our final regional of the season was a bit hectic and very EARLY – but also successful! We are honored and blessed with genuine dancers who are team players, and know that the most important role they have as a Company Member is to support one another...and each of you has done an amazing job fulfilling that role, especially this year during the pandemic ♥

A special congratulations to our Senior Company Graduates on their final competition of their TDS careers. We can't even believe that this time is here. If your futures have any reflection of your accomplishments thus far, we are certain that you will be nothing short of amazing! We love you, we encourage you and we support you always...never forget your roots... #tdssolesisters
