Project Takeover 101

...we just make it so easy!

*Not happy with your supplier?
Another price increase this year?
Unreasonably long lead-times?
Need to modernize a product?
Ready to make the change?*

Let's talk :))

Ask Xintec, in confidence, for no obligation analysis and takeover proposals, and see **Sensor Expertise, Flexibility, Low Cost Manufacturing, Local Engineering and Local Customer Service** at work for You.

We are experts not only in new designs, but also in projects takeovers, including UL approved components and data intense automotive sensors and assemblies with full PPAPs. Quality is the fundamental principle of everything we do. We have excellent references from our customers.

Make us Your Preferred Sensor Supplier!
