

Sunshine

**Rise and shine
Little sleepyhead
Now's the time
Up and out of bed**

**Greet the day
Give your hand to me
Don't delay
I've got a plan, you see**

**If you have the time
Nothing's on your mind
Bask in the sunshine**

**If you have the time
Nothing's on your mind
Bask in the sunshine**

**You're an owl
And I'm an early bird
Dig for worms
In the garden dirt**

**Let's forget
All the times we hurt
You're the one
In case you hadn't heard**

**If you have the time
Nothing's on your mind
Bask in the sunshine**

**If you have the time
Nothing's on your mind
Bask in the sunshine**

**If you have some time
Won't you clear your mind
Bask in the sunshine**

**Make your troubles mine
Everything is fine
Bask in the sunshine**

**Put your hand in mine
Hearts that intertwine
Bask in the sunshine**

**All we need is time
A little peace of mind
Bask in the sunshine**
