To Whom It May Concern:

I have been taking piano lessons from Paul Burd for 10 months now and I have truly loved it. Paul is knowledgeable and insightful as a teacher, is patient when he needs to be and also knows when to push you forward. On top of that, his method of teaching both classical and jazz/pop at the same time makes lessons fun, diverse and never dull. In short, I highly recommend studying piano with Paul.

In the past 10 months I have learned not only a lot of new techniques, but also a lot of new styles. Paul has a firm grasp on the stylistic differences between pieces and can convey these ably. My repertoire continues to grow with exciting and entertaining music—thanks, Paul!

Sincerely,
