## Strategic Sourcing & Supply Chain Manager Technology, Aerospace & Regulated Environments

@ Rindee@me.com [www.linkedin.com/in/rindee](http://www.linkedin.com/in/rindee)

### SUMMARY

Senior Supply Chain Leader with 20+ years of experience driving strategic sourcing, supplier performance, and operational excellence across technology, aerospace, and oil & gas. Proven track record managing \$30M+ spend portfolios, delivering multimillion-dollar cost savings, and leading cross-functional teams to improve delivery, compliance, and inventory performance. Strong IT foundation with hands-on expertise implementing ERP-driven planning, inventory systems, and data-based decision frameworks. Adept at navigating regulated environments including ITAR/FAR compliance, supporting new product introduction, and building scalable, resilient supply chain processes. Known for leading high-performing teams and aligning Engineering, Operations, IT, and Finance around clear, measurable outcomes.

### CORE COMPETENCIES

Strategic Sourcing • Supplier Governance • ERP/MRP Systems • Contract Negotiation • Inventory Optimization • Cross-Functional Leadership • IT-Enabled Process Improvement

### KEY ACHIEVEMENTS

#### 💎 Spend Portfolio Management

Managed \$30M+ spend portfolio with 98% ITAR/FAR compliance, strengthening supplier governance and risk controls.

#### 💎 Annual Cost Savings

Delivered \$2.5M in annual cost savings through strategic renegotiation, supplier consolidation, and process optimization.

#### 💎 Delivery Time Improvement

Improved on-time delivery by 25% by implementing new ERP-driven inventory and planning systems.

### EXPERIENCE

#### Supply Chain Manager 08/2025 - 12/2025

##### Wavelynx Technologies Broomfield, CO

- Led strategic sourcing of components aligned with engineering, quality, and production requirements
- Managed supplier lead times, inventory levels, and supply risk to improve delivery performance
- Directed international logistics, freight optimization, and tariff cost tracking
- Leveraged ERP data for demand and supply planning
- Supported New Product Introduction (NPI) through close partnership with Engineering and Operations
- Enhanced landed-cost visibility across customs, transportation, and material spend to improve cost transparency.

#### Strategic Sourcing & Indirect Supply Chain 06/2022 - 08/2025

##### Sierra Space Broomfield, CO

- Owned indirect supply chain strategy across Business Services, Marketing, IT, and regulated procurement categories
- Managed \$30M+ annual spend and complex multi-vendor contract portfolio
- Achieved 98% compliance with ITAR and FAR requirements
- Increased vendor compliance by 18% by implementing audit and performance governance frameworks
- Implemented inventory systems improving on-time delivery by 25%
- Led cross-functional sourcing initiatives with Engineering, Legal, Finance, and Operations

#### Supply Chain & Strategic Procurement 02/2020 - 06/2022

##### Redwire Space/Roccor Longmont, CO

- Led RFP/RFQ processes, supplier selection, and contract negotiations
- Reduced supply chain costs by 15% through vendor strategy and process improvements
- Implemented a new inventory management system
- Reduced procurement lead time by 30% using supplier scorecards and performance metrics
- Built and deployed a formal supplier evaluation and governance program

#### Procurement & Supply Chain Manager 12/2017 - 02/2020

##### Extraction Oil & Gas Greeley, CO

- Achieved 30% cost savings by optimizing procurement strategies and negotiating with key suppliers.
- Increased working capital efficiency through optimising inventory levels and enhancing yard operations.
- Negotiated contracts driving measurable cost savings and service improvements.
- Achieved 25% cost savings by optimizing procurement strategies and negotiating with key suppliers.
- Increased working capital efficiency by \$15 million by optimizing inventory levels and improving yard operations.
- Built relationships and quarterly meetings with government regulation committees.

#### Supply Chain & IT Leadership Roles 1994 - 2017

##### Anadarko/Discovery Natural Resources/Enerplus

- Held progressively senior roles across supply chain, IT systems, and operations
- Led large-scale vendor ecosystems, audits, compliance initiatives, and system implementations
- Drove multimillion-dollar cost reductions and operational efficiency programs

## KEY ACHIEVEMENTS

---

### Vendor Compliance Increase

Increased vendor compliance by 18% through audit frameworks, performance metrics, and policy alignment.

## TRAINING / COURSES

---

### AI - Implications for Business Strategy

MIT

## MY LIFE PHILOSOPHY

---

Build resilient systems, empower teams, and lead with clarity and accountability - excellence is a daily practice.

— "Rindee"

## EDUCATION

---

Studied Information Technology - Business Degree

1988
