Torii's Summer Adventure

written by
Janelle Condra

illustrated by
Alan Condra

Hi, my name is Torii.

I am a very friendly and curious dog who loves to play! I live where there are lots of trees and lakes. Many of my animal friends live in the woods where I have fun exploring all year long. I go on adventures in the spring, summer, fall, and even winter! My family comes along, and likes to take pictures while I'm on my adventures. They even made me a photo album of my very own so I can share all the fun I've had.

I am looking at it right now.

Come and look at my photo album with me!
We can start at the beginning so you can see what
I looked like when I was a puppy. Then I will share
my pictures from a fun summer adventure at the lake.

This is me on the first day my new people family brought me home.
I was so small and cute back then, but like most puppies...

I got in trouble a lot!
I liked to dig in the yard and chew on things...
