Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Related Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

38-39

June 30, 2016

INDEPENDENT AUDITOR'S REPORT

To the Commissioner Towns County, Georgia Hiawassee, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Towns County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Towns County Health Department, which represents 100 percent of the assets, net position, and revenues of the aggregate discretely presented component units. Other auditors audited those financial statements. They have furnished their report thereon to us and we base our opinion, insofar as it relates to the amounts included for Towns County Health Department, on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Towns County, Georgia, as of December 31, 2015, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8, and budgetary comparison information on pages 30 through 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Towns County, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements and the schedule of projects constructed with special sales tax proceeds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements on pages 33 through 36 and the schedule of projects constructed with special sales tax proceeds on page 37 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and projects constructed with special sales tax proceeds are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2016, on our consideration of Towns County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Towns County, Georgia's internal control over financial reporting and compliance.

Alexander, Almand and Bangs, LLP

Alverda, Austr & Roy, us

Gainesville, Georgia

Management's discussion and analysis provides an objective and easily readable analysis of the Government's financial activities for the year ended December 31, 2015. The analysis provides summary financial information for Towns County and should be read in conjunction with the Government's financial statements.

FINANCIAL HIGHLIGHTS

- The County's assets exceeded its liabilities at the close of the fiscal year by \$23,609,844 (net position).
- The government's total net position increased \$ 1,250,282 for the current year, a 5.6% increase. The increase occurred due to continued practice of the conservative fiscal policies adopted by the County Commissioner. The county will continue to follow these policies as it faces continued decline in the tax digest as well as other revenue sources such as LOST revenue. The increase can also be contributed to a SPLOST referendum that was passed in 2011 that has provided additional funding for much needed capital expenditures.
- o County general fund, SPLOST fund and non-major funds are in interest bearing bank accounts whenever eligible, earning \$ 27,456 in additional funds for the 2015 year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Government's basic financial statements comprise three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. The Government-wide financial statements present an overall picture of the Government's financial position and results of operations. The Fund financial statements present financial information for the Government's major funds. This report also contains other supplementary information in addition to the basic financial statements themselves.

The **Government-wide financial statements** are the Statement of Net Position and the Statement of Activities. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental Activities are primarily supported by property taxes, sales taxes, other taxes, and federal and state grants, fines, and charges for services.

The statement of net position present the County's assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Over time the change in net position is an indicator of the improvement (an increase) or deterioration (a decrease) in the County's financial condition.

The statement of activities present the revenues and expenditures of the County. The difference between these is the change in net position for the year.

Both of the government-wide financial statements identify the various functions of Towns County that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through charges and user fees. The governmental activities of Towns County include general government, public safety, court system, health and welfare, recreation and culture, public works, housing and development.

The government-wide financial statements include not only Towns County, Georgia itself (known as the primary government), but also a legally separate Towns County Health Department, a component unit of the County. Financial information for the component unit is reported separately from the financial information presented for the primary government itself.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Towns County can be divided into two categories: governmental funds and fiduciary funds. These statements provide financial information for the major funds of Towns County. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures) and current available resources.

Fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances for all governmental funds. A statement of revenues, expenditures, and changes in fund balances is provided for the Government's General Fund.

Fund financial statements provide more detailed information about the Government's activities. Individual funds are established to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

GOVERNMENT-WIDE FINANCIAL INFORMATION

The government-wide financial statements and the fund financial statements provide different pictures of the Government. The government-wide financial statements provide an overall picture of the Government's financial standing as shown in results for Governmental Activities. These statements are comparable to private-sector companies and give a good understanding of the Government's overall financial health and how the Government paid for the various activities, or functions, provided by the Government.

At December 31, 2015 and 2014 respectively, the County's assets exceeded liabilities by \$ 23,609,844 and \$ 22,359,562. The largest portion of the County's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. Capital assets are used to provide services to citizens and they are not available for future spending. Although the investment in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net Position as of December 31, 2015 and 2014

FUND FINANCIAL INFORMATION

Major Governmental Funds

General Fund

The General Fund is used to account for all governmental financial resources not restricted by local, state or federal laws. As of December 31, 2015, the General Fund had assets of \$ 9,431,708, liabilities of \$ 357,108, and deferred inflow of resources of \$ 5,335,033.

The final budget for the General Fund decreased by \$ 161,983 from fiscal year 2014 to fiscal year 2015 based on final budgeted appropriations.

Splost Fund

On March 15, 2011, the voters passed a 1% Special Purpose Local Option Sales Tax to be imposed in Towns County for a period of time not to exceed 6 years for the raising of an estimated \$ 12,700,000 (\$ 12,545,000 for capital projects and \$ 155,000 for bond issuance costs) for the purpose of funding the acquisition, construction, and equipping of the following capital outlay projects within Towns County: parks and recreation improvements including the acquisition, construction and equipping of a multi-purpose recreational/community building; road and bridge purposes, which purposes may include pedestrian cross-walks, parking and capital equipment thereto; fire department vehicles, equipment, facilities, and fire hydrants; construction and improvements to the public library, water and sewer improvements including solid waste, storm water management, and equipment thereto; ambulances and other public safety vehicles and equipment; and industrial and economic development improvement to include infrastructure and possible land acquisition.

For the City of Hiawassee, the 1% Special Purpose Local Option Sales Tax will be used for parks and recreation improvements including the acquisition, construction and equipping of a park and buildings, equipment and related facilities; road, street, and bridge purposes, which purposes may include sidewalks, bicycle paths, pedestrian cross-walks and turn lanes, and capital equipment related thereto; fire hydrants and improved fire protection facilities and water lines and equipment related thereto; construction and improvements to the Hiawassee Water Treatment Plant and water treatment facilities including water storage; Hiawassee Sewer Plant and sewer treatment facilities, and industrial and economic development projects for downtown development including renovation of the Hiawassee City Square.

For the City of Young Harris, the 1% Special Purpose Local Option Sales Tax will be used for parks and recreation improvements; road, street, and bridge purposes, which purposes may include sidewalks, bicycle paths, pedestrian crosswalks, and capital equipment thereto; and water and sewer improvements including fire hydrants, solid waste, storm water management and equipment.

The tax was imposed beginning July 1, 2011. The voters adopted a bond resolution and a bond placement agreement was signed for the issuance of Towns County General Obligation Sales Tax Bond Series 2011 with a principal amount of \$6,200,000 for the capital outlay projects described above. The bond has a fixed interest rate of 2.35%. The bond provides for the pledge of special sales tax proceeds for the payment of the bond, for the collection of the special sales tax, for the placement and sale of the bond, and to declare an official intent to reimburse certain costs from proceeds.

The estimated special purpose sales and use tax revenue shall be divided between and among Towns County, the City of Hiawassee and the City of Young Harris in accordance with an Intergovernmental Agreement which is on file in the office of the County Clerk of the Commissioner of Towns County.

As of December 31, 2015, the Splost Fund had assets of \$ 847,410 and liabilities of \$ 139,582. The projects are estimated to be 73% complete as of December 31, 2015.

Further detail of the Splost Fund is provided in the fund financial statements, notes to the financial statements and schedule of projects constructed with special sales tax proceeds.

CAPITAL ASSETS ACTIVITY

During fiscal year 2015, the County's investment in capital assets grew \$ 203,206 net of depreciation. The County spent \$ 1,158,413 in capital outlay (which included \$ 157,786 in the Splost fund, \$ 325,528 in the nonmajor funds, and \$ 675,099 in the general fund), and adjustments for depreciation were \$ 885,416 and \$ 9,392,187 accumulated depreciation for its governmental activities. The County allocated Splost funds of \$ 307,014 to the City of Hiawassee and the City of Young Harris. See the Schedule of Projects Constructed with Special Sales Tax Proceeds for further detail. The County placed in service multiple capital assets with a combined value of \$ 1,956,894 and disposed of capital assets of \$ 69,791. Further detail on capital assets is provided in the notes to the financial statements.

Total Capital Assets at Year-end	\$ 29,135,631	\$ 28,047,009

LONG-TERM DEBT

The County issued general obligation sales tax bond, 2011 series to fund capital projects. The original bond issue totaled \$6,200,000 with a fixed interest rate of 2.35%. Principal payments are due annually beginning September 1, 2012 and will continue through September 1, 2017. Interest payments are due semi-annually beginning September 1, 2011 and will continue through September 1, 2017. As of December 31, 2015 and 2014, the balance of the bond was \$2,160,000 and \$3,200,000, respectively.

Further detail on long-term debt liability is provided in the notes to the financial statements.

GENERAL FUND BUDGETARY HIGHLIGHTS

General Fund revenues of \$8,541,411 did not exceed budgeted revenues of \$9,085,135 and budgeted use of surplus reserves of \$493,398 in 2015. An amount of \$458,809 was used in surplus at the end of the year.

General Fund expenditures (before transfers) were less than budgeted. With total appropriations of \$ 9,590,565, and budgeted expenditures before transfers of \$ 9,107,033, the County actually spent \$ 8,560,513 or \$ 546,520 less than budgeted, for the year ending December 31, 2015. This was achieved through continued implementation of conservative fiscal policies adopted by the Commissioner.

ECONOMIC FACTORS

The issues facing the national economy correlate with the County's local economy. The County plans to maintain a conservative fiscal position while the economic conditions dictate.

Budgets are reviewed on a monthly basis with each department head to determine that expenditures are within the overall adopted budget. The County Commissioner holds department head meetings to discuss any overspending, when necessary, and requires department heads to curtail spending in order to bring their department in line with the budget.

The budget for the general fund 2016 includes \$ 9,453,101 for general operations and equipment and another \$ 473,898 in special earmarked funds including the LMIG Grant, hotel/motel tax collected and disbursed, and the D.A.T.E funds for a total of \$ 9,926,999.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Towns County's finances for those interested. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the following:

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Towns County, Georgia (the "County") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Reporting Entity

Towns County, Georgia is a political subdivision of the State of Georgia governed by an elected commissioner. The accompanying financial statements present the government and its component unit, an entity for which the government is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

The component unit columns in the combined financial statements include the financial data of the County's component units which meet the criteria established by governmental accounting standards. The Towns County Health Department issues separate financial statements which have a June 30 year-end as required by state statutes.

A brief description of discretely presented component unit follows:

<u>Towns County Health Department</u> (health department): The health department is charged with determining the health needs and resources of its jurisdiction, developing programs, activities, and facilities responsive to those needs, and enforcing all laws related to health matters unless they fall under the jurisdiction of other agencies. The health department is governed by the Towns County Board of Health (Board). The Board includes seven members representing government, health professions, and the needy. The County appoints the voting majority of the Board. The health department is fiscally dependent on the County since it must have its budget approved by the County. Additionally, the County provides significant operating subsidies to the department.

Complete financial statements of the Towns County Health Department may be obtained from their administrative office at the following location:

Towns County Health Department 41 River Street Hiawassee, Georgia 30546

Based on the GASB criteria, the following potential component units are not financially accountable to the Commissioner and their operations are not considered component units and are not included in this report because the government does not have the ability to exercise influence over their daily operations, approve budgets or provide funding.

Related Parties

Towns County Board of Family and Children Services – although the Board is appointed by the County, this is considered a State agency with funding and oversight by the State.

Towns County Recreation Authority – the Board is appointed by the County. However, the County has no ability to impose its will, nor does the County have a financial obligation for the Authority.

Other

Towns County Board of Education – has a separately elected Board and provides services to residents of the County.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statements of net position and the statements of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statements of activities demonstrates the degree to which the direct expenditures of a given function or segment is offset by program revenues. Direct expenditures are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for government funds and proprietary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenditures are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property taxes as available if they are collected by the end of the current fiscal period. Revenues susceptible to accrual are considered as available if they are collected within 60 days of the end of the current fiscal period. Intergovernmental grant revenues, entitlements, and contributions are recognized in the year in which all eligibility requirements are met. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales tax, franchise taxes, fines, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Basis of Presentation (continued)

The *Splost Fund* is the government's 2011 Special Purpose Local Option Sales Tax capital projects fund that accounts for the receipts and disbursements of (1%) sales tax currently collected from 2011 through 2017. The primary revenue sources are sales taxes and primary expenditures for the county are parks and recreation improvements and acquisitions, road and bridge improvements, water and sewer improvements, fire department vehicles, fire hydrants and equipment, construction and improvements to the public library, ambulance and other public safety vehicles and equipment, industrial and economic development, improvements and acquisitions.

The estimated special purpose sales and use tax revenue shall be divided between and among Towns County, the City of Hiawassee and the City of Young Harris in accordance with an Intergovernmental Agreement which is on file in the office of the County Clerk of the Commissioner of Towns County.

The non-major governmental funds are combined and reported in a single column in the fund financial statements.

Additionally, the government reports the following fund types:

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of others.

Agency funds are custodial in nature and do not represent results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. This fund is used to account for assets that the government holds for others in an agency capacity.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. General revenues include all taxes.

Assets, Liabilities, and Net Position or Equity

Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the government to invest in obligations of the U.S. Treasury and its agencies and instrumentalities; bonds or certificates of indebtedness of this state and its agencies and instrumentalists; certificates of deposits of banks insured by FDIC.

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivable/payable" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds".

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables and Payables (continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable, available financial resources.

Property taxes were levied on October 22, 2015 and were due January 10, 2016. Interest of 1% per month is assessed on taxes not paid by this date. The taxes are subject to lien after January 10, 2016. A penalty of 10% is assessed on taxes not paid by this date.

The County bills and collects its own property taxes and also those for the School Board and the State. Only the County's tax levy is recognized as revenue when levied and uncollected taxes are recorded as deferred revenue in the general fund.

Inventory and Prepaid Items

Inventories of the primary government are not recorded due to a lack of materiality.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, culverts, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Roads, bridges and culverts acquired prior to December 31, 2003, have not yet been reported.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40
Building Improvements	10-25
Machinery and Equipment	5-10
Vehicles	5
Infrastructure	10-50

Compensated Absences

Employees earn personal leave at the rate of 10 hours per month for full-time employees. Personal leave cannot be accrued in excess of 480 hours. Upon request, employees can be paid for personal leave up to their accumulated hours. Personal leave benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The total compensated absence liability is reported on the government-wide financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Fund Balance

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Government Fund Type Definitions, the County classifies government fund balances as follows:

- Non-spendable includes fund balances that cannot be spent either because it is not in spendable forms or because of legal or contractual constraints.
- Restricted includes fund balance amounts that are constrained for specific purposes which are externally
 imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling
 legislation.
- Committed includes fund balance amounts that are constrained for specific purposes that are internally
 imposed by the government through formal action of the highest level of decision making authority and does
 not lapse at year-end.
- Assigned includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the County Commissioner.
- Unassigned includes positive fund balance with the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The County doesn't have an official policy; however, the County uses restricted/committed amounts to be spent first when both restricted and unrestricted net position is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the County would first use committed, then assigned, and lastly unassigned amounts of unrestricted net position when expenditures are made.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (continued)

The County does not have a formal minimum fund balance policy.

A schedule of fund balances is as follows:

						Non-Major Governmental		Total Governmental			
		General		Splost			Funds			Funds	
Fund Balances:									***************************************		
Non-spendable											
Prepaid items	\$	172,888	\$	•	•	\$		-	\$	172,888

Total Fund Balance	_\$_	3,739,567	_\$	707,828	3	\$	479,	459_	_\$_	4,926,854	

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Note 2 - DEPOSITS AND INVESTMENTS

Custodial credit risk – deposits: In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government's policy for custodial credit risk is to obtain collateral from financial institutions in accordance with state law. The government's bank balances were insured or collateralized as of December 31, 2015.

The County utilized the direct method and pooled method of securing deposits of public funds as described below.

- Under the direct method, a depository shall secure the deposits of each of these public depositors separately.
- Under the pooled method, a depository shall secure deposits of public bodies which have deposits with it through a pool of collateral established by the depository with a custodian for the benefit of public bodies having deposits with such depository as set forth in code Section 45-8-13.1.

Note 3 - RECEIVABLES

Receivables as of the year end for the County's individual major funds, nonmajor governmental funds in the aggregate, and enterprise fund including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Splost	Non-Major Governmental Funds	Component Unit TC Health Department	
Receivables:	Φ 4 540 540	ф	Φ.	ф	
Property taxes	\$ 1,512,549	\$ -	\$ -	\$ -	
Other taxes	203,636	248,067	-	-	
Ambulance	264,362	-	-	-	
Fines	1,767,914	-	-	-	
Other accounts	103,664	-	45,671	23,098	
Intergovernmental	20,186	-	-	-	
Total Gross Receivables	3,872,311	248,067	45,671	23,098	
Allowances for uncollectibles	(715,280)			•	
Total Net Receivables	\$ 3,157,031	\$ 248,067	\$ 45,671	\$ 23,098	

Government funds report unavailable and unearned revenue as deferred inflow of resources. Unavailable revenue is receivables that are not considered to be available to liquidate liabilities of the current period. Unearned revenue is resources that have been received but not yet earned. Unearned revenues typically involve property taxes received by year end for the subsequent year. The various components of deferred inflow of resources reported in the governmental funds at the end of the current fiscal year were as follows:

	<u>Unavailable</u>	Unearned	Total		
General Fund: Property tax Probation fines	\$ 73,433 1,149,144	\$ 4,112,456 	\$ 4,185,889 1,149,144		
Total	\$ 1,222,577	\$ 4,112,456	\$ 5,335,033		

Note 4 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2015, was as follows:

	Beginning			Ending	
Not being depreciated:	Balance	Increases	Decreases	Balance	
Land	\$ 4,510,217	\$ -	-	\$ 4,510,217	
Construction in progress	3,740,613	349,741_	1,956,894	2,133,460	
	8,250,830	349,741	1,956,894	6,643,677	
Other Capital Assets:					
Land improvements	289,521	81,060	-	370,581	
Buildings	12,481,294	1,271,583	-	13,752,877	
Equipment	5,888,493	349,006	69,791	6,167,708	
Infrastructure	1,136,871	1,063,917		2,200,788_	
	19,796,179	2,765,566	69,791	22,491,954	
Accumulated Depreciation					
Land improvements	170,954	14,197	-	185,151	
Buildings	3,240,415	366,588	-	3,607,003	
Equipment	4,871,455	411,637	69,791	5,213,301	
Infrastructure	293,738	92,994	_	386,732	
	8,576,562	885,416	69,791	9,392,187	
Net Capital Assets	\$ 19,470,447	\$ 2,229,891	\$ 1,956,894	\$ 19,743,444	

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities

General government	\$ 33,501
Public Safety	429,333
Public works	161,046
Health and welfare	64,673
Culture/recreation	 196,863
Total	\$ 885,416

Note 5 - CURRENT AND LONG TERM DEBT

Long-Term Debt

Long-term liability for the year ended December 31, 2015 was as follows:

Description	Beginning Balance	:	New Debt	Debt Retired	Ending Balance	Amount Due Within 12 Months	Amount Due After 12 Months
Government Activities General obligation sales		•					
tax bond, 2011 series Compensated absences	\$3,200,000 110,730	\$	- 166,096	\$1,040,000 153,795	\$2,160,000 123,031	\$1,065,000 123,031	\$ 1,095,000 -
	\$3,310,730	\$	166,096	\$1,193,795	\$2,283,031	\$1,188,031	\$ 1,095,000

Long-Term Debt Descriptions

General obligation sales tax bond, 2011 series: These bonds were issued to fund capital projects. Principal payments are due annually beginning September 1, 2012 and will continue through September 1, 2017. Interest payments are due semi-annually beginning September 1, 2011 and will continue through September 1, 2017. The bonds bear interest at a fixed rate of 2.35%. The original issue totaled \$ 6,200,000.

The annual payments required on the general obligation sales tax bond at December 31, 2015 are as follows:

General obligation sales tax bond						
nber 31, Principal		Total				
1,065,000	42,418	1,107,418				
1,095,000	17,155	1,112,155				
\$ 2,160,000	\$ 59,573	\$ 2,219,573				
	Principal 1,065,000 1,095,000	Principal Interest 1,065,000 42,418 1,095,000 17,155				

Compensated absences: These are liquidated in the general fund for the governmental activities; see Note 1 for a further explanation of compensated absences. The County has reported 100% of the compensated absence liability as due in one year, as the County expects to use earned vacation within one year.

Note 6 - CONTINGENCIES

The County is a party to several legal proceedings which normally occur in governmental operations. As of the date of this financial statement, no awards in these cases have been made against the County. The results of any litigation, however, contain elements of uncertainty, and liability, if any, which might result from these proceedings would not, in the opinion of management, have a material adverse effect on the ability of the County to meet its financial obligations.

The County receives financial assistance from some federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the County at December 31, 2015.

Note 7 - INTERFUND AND COMPONENT UNIT RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at December 31, 2015, consist of the following amounts and represent cash held in the General Fund for the specified Special Revenue Funds:

Primary Government	Interfund Receivables			Interfund Payables		
General Fund Capital Projects Fund	\$	178,222		\$	1,385 122,662	
Special Revenue Fund

Note 8 - RETIREMENT PLANS

Defined Contribution Plan

Plan description

Effective April 1, 1999, the County, by signing an adoption agreement, adopted the Towns County Money Purchase Plan, a defined contribution plan sponsored and administered by The Benefit Marketing Group, Inc. This plan allows employees to participate after completing one year of service. The Commissioner has the authority under which the plan provisions or contribution requirements are established or may be amended.

Note 8 - RETIREMENT PLANS (CONTINUED)

Funding policy

The County contributes ½% of salary as a base contribution. In addition, for each employee who contributes not less than 4.0% of his compensation to the Towns County Public Employee Deferred Compensation Program, the County will contribute 3.5% of that employee's compensation.

Annual contribution

The contribution for 2015 was \$ 96,353.

Other plans

In addition to the above mentioned retirement plan, the following pension and retirement plans cover County employees, but the County is not legally responsible for contributions to those plans. Other governmental entities are legally responsible for these contributions as well as required disclosures.

Georgia Firefighters' Pension Fund

The Georgia Firefighters' Pension Fund is a cost-sharing multiple employer defined benefit pension plan for the purpose of paying retirement benefits to firefighters of the State of Georgia. Any person employed as a firefighter or enrolled as a volunteer firefighter within the State of Georgia is eligible for membership. The County contributes \$ 15 per month for employed and volunteer firefighters to the Georgia Firefighters' Pension Fund.

Probate Judges' Retirement Fund of Georgia

The Probate Judge is covered under a pension plan that requires that certain sums from marriage licenses and fines or bond forfeitures be remitted to the pension plan before the payment of any costs or other claims.

Clerk of Superior Court Retirement Fund

The Clerk of Superior Court is covered under a pension plan that requires that certain sums from fees and fines or bond forfeitures be remitted to the pension plan before the payment of any costs or other claims.

Sheriff's Retirement Fund/Peace Officer's Annuity and Benefit Fund

The Sheriff and Sheriff's Deputies are covered under separate pension plans which require that certain sums from fines or bond forfeitures can be remitted by the Probate Judge or Clerk of Superior Court to the pension plans before the payment of any costs or other claims.

Note 9 - GEORGIA MOUNTAIN REGIONAL COMMISSION

Towns County, in conjunction with other cities and counties in the area are members of the Georgia Mountain Regional Commission (GMRC). Membership in the GMRC is automatic for each municipality and county in the state. *The Official Code of Georgia Annotated (OCGA) Section 50-8-34* (Georgia Planning Act of 1989) provides for the organizational structure of the GMRCs. Each county and municipality in the state is required by law to pay minimum annual dues to the GMRC. The County paid annual dues in the amount of \$ 13,510 to the GMRC for the year ended December 31, 2015.

The GMRC Board membership includes the chief elected official of each county and municipality of the area. The County board members and municipal board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality) to serve as the nonpublic Board member from a County.

Note 9 – GEORGIA MOUNTAIN REGIONAL COMMISSION (CONTINUED)

The Georgia Planning Act of 1989 (*OCGA 50-8-34*) defines the GMRCs as "public agencies and instrumentalities of their members." Georgia laws also provide that the member governments are liable for any debts or obligations of such an agency beyond its resources (*OCGA 50-8-39.1*).

Separate financial statements may be obtained from: Georgia Mountain Regional Commission, P.O. Box 1720, Gainesville, Georgia 30503-1720.

Note 10 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST

The County landfill is exempt from financial assurance requirements per the Georgia Environmental Protection Division. The Solid Waste Management Rule, section 391-3-4-.13(3), states that local government owners and operators of landfills that were taking less than 100 tons per day that ceased receipt of waste by April 8, 1994 are exempt from financial assurance requirement.

The landfill closed December 31, 2006 and received a closure certificate on August 5, 2008. The County incurred landfill monitoring costs of \$ 30,959 in the current year.

Note 11 - RISK MANAGEMENT

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters.

Workers' Compensation

The County participates in the Association County Commissioners of Georgia (ACCG) Group Self Insurance Workers' Compensation Fund (GSIWCF), a self-insured pool cooperative arrangement among its members to finance workers' compensation coverage. The fund is owned by its members and is managed by a seven member Board of Trustees who are representatives from participating counties. The ACCG-GSIWCF operates under the authority of *OCGA 34-9-150* et seq. and the Georgia Insurance Commissioner's Office.

The members of ACCG-GSIWCF are assessable if the losses that ACCG must pay exceed the assets of the pool. At December 31, 2015, there was no need for such an assessment. Therefore, no liability for this has been included in these financial statements.

As a part of this risk pool, the County is obligated to pay all contributions and assessments to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by this fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents that could require the fund to pay any type of loss. The County is also to allow all the pool's agents and attorneys to represent the County in investigations, settlement discussions, and all levels of litigation arising out of any claims made against the County.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenditures incurred for investigation, negotiation or defense.

Other

The County participates in the Association County Commissioners of Georgia (ACCG) Interlocal Risk Management Agency (IRMA), a risk sharing arrangement among Georgia County Governments. The fund exists by authority of *OCGA 36-85-1* et seq. Premium liabilities are based on the estimated ultimate cost of settling the claims, including effects of inflation and other society and economic factors. The IRMA Limits of Liability shall not be charged with the first \$ 5,000 of any loss for law enforcement claims. Losses up to \$ 100,000 per individual claim or \$ 1,000,000 for all claims are paid by IRMA. However, excess losses, if any, are covered by reinsurance and would be paid by the reinsurer. The members of IRMA are assessable if the losses that IRMA must pay exceed the assets of the pool. At

Note 11 - RISK MANAGEMENT (CONTINUED)

Other (continued)

December 31, 2015, there was no need for such an assessment. Therefore, no liability for incurred but unreported liabilities is needed.

As a part of this risk pool, the County is obligated to pay all contributions and assessments to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by this fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents that could require the fund to pay any type of loss. The County is also to allow all the pool's agents and attorneys to represent the County in investigations, settlements discussions, and all levels of litigation arising out of any claims made against the County.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenditures incurred for investigation, negotiation or defense.

The County also purchases combined automobile, crime, liability and property insurance coverage from the ACCG-IRMA. A \$ 1,000 deductible applies to each claim. The following is a summary of coverage at December 31, 2015:

Property Losses	\$ 5,000,000	Aggregate
Comprehensive General and Law		
Enforcement Liability	5,000,000	Per Occurrence
Automobile Liability	5,000,000	Per Occurrence
Errors and Omissions	5,000,000	Per Occurrence
	10,000,000	Aggregate
Crime Coverage	150,000	Per Occurrence

The County has no outstanding claims in excess of coverage for which a liability should be recorded as of December 31, 2015. Settled claims in the past four years have not exceeded the coverage.

Note 12 - SIGNIFICANT ESTIMATES

As discussed in Note 1, estimates are used in the preparation of these financial statements. Three estimates qualify as significant estimates in that it is reasonably possible that the estimates will change in the near term due to one or more future confirming events and this change will have a material effect on the financial statements. These estimates are as follows:

The estimate for allowance for doubtful accounts related to fines: This estimate is calculated at 35% of the fines due to the County less amounts received in the first 60 days after year end. This estimate will be assessed in future periods and adjusted as necessary based on actual results.

The estimate for allowance for doubtful accounts related to ambulance services: This estimate is calculated at 60% based on total insurance adjustments. This estimate will be assessed in future periods based on insurance adjustments.

The estimate for accumulated depreciation on capital assets: This estimate is based on the original or estimated cost of the assets, depreciated over the estimated useful lives using the straight line method.

Note 13 - HOTEL/MOTEL TAX

During the year ended December 31, 2015, the County had receipts of \$ 385,601 based on the tax rate of 5% and spent \$ 258,063 to support the Towns County Tourism Authority as prescribed in an intergovernmental agreement with the Authority. Under *OCGA 48-13-51*, collections over the 3% base are restricted for use to promote tourism, conventions, and trade shows. The Towns County Tourism Authority provides reporting to verify compliance with funding restrictions. Restricted funds totaling more than the required \$ 231,361 were used for the specified purpose. The County complied with the requirements of this law.

Note 14 - JOINT VENTURES

Towns County participates with Union, Banks and Lumpkin Counties in the North Georgia Waste Management Authority. The Authority studied solid waste disposal issues, developed a plan to recycle waste paper and has leased those facilities to private entities. Towns County has an ongoing financial interest and obligation for funding debt service requirements. The participating counties are annually assessed varying amounts to cover the Authority's inability to service its debt. During the year 2015, Towns County paid \$ 13,735 to the Authority. Financial statements for the Authority are available from the Authority at 624 Green Street, Gainesville, Georgia, 30501.

Note 15 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 30, 2016, the date the financial statements were available to be issued.

TOWNS COUNTY, GEORGIA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION December 31, 2015

NOTE 1 – BUDGETARY BASIS

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund and all Special Revenue Funds. All annual appropriations lapse at fiscal year-end. The County does not formally use encumbrance accounting.

All department heads of the government submit requests for appropriation to the government's sole commissioner so that a budget may be prepared. The budget is prepared by fund, function and activity, and line item, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. The government's sole commissioner holds public hearings and may add to, subtract from, or change appropriations. The commissioner may amend the line item budget within a department's appropriation. However, expenditures may not legally exceed budgeted appropriations at the department level which is the legal level of control.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

During the current year all functions of the County operated within budgeted appropriations.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Commissioner Towns County, Georgia Hiawassee, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the government activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Towns County, Georgia, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Towns County, Georgia's basic financial statements, and have issued our report thereon dated June 30, 2016. Our report includes a reference to other auditors who audited the financial statements of Towns County Health Department, as described in our report on Towns County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Towns County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Towns County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Towns County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering Towns County, Georgia's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
