via raisinglittlesuperheroes.com

Instructions:

- Color the template and cut out; or follow the template to cut out color construction paper
- Form a circle with one of the strips of paper and tape together to secure.
- On the next and following circles, thread the paper strip through another circle and tape.
- On one end, tape on the head
- Tape the tongue on to the head
- Glue googly eyes onto head (or color in eyes)
- On the other end, tape the tail.

Now you have a snake!
