## ANCIENT STONE...

*Creating durable, dramatic  
architectural accents that reflect your  
unique tastes and styles at a fraction of the  
cost of natural stone . . .*

*Creating points of pride for international  
celebrities as well as prominent businesses  
in the community.*

*Turn your backyard into a Mediterranean oasis of splendor. Ancient Stone can mix styles and centuries to create architectural romance. The flexibility of cast stone makes it possible for Ancient Stone to sculpture the outdoor fireplace, railings, balusters and pool surroundings that you deserve and desire.*

*Ancient Stone is more economical and durable with a greater design flexibility than natural stone. Proudly made in the USA, Ancient Stone is locally produced. Ancient Stone can turn your home or business into a distinct and dramatic expression of classic elegance.*

*A*ddison Mizner, the east coast contemporary of Frank Lloyd Wright, created and used naturally-made cast stone to build many historic homes in West Palm Beach. Using the same cast stone process, Ancient Stone will design and create signature pieces that distinguish your home from all others.

*C*apture the classic elegance of the Mediterranean or Romanesque periods with cypress ceilings supported by cast stone columns.

Create a period room using cast stone pillars designed with a European flavor and a nuance of the old-world look.

Decorate your home with distinctive, architectural accents. Ancient Stone produces a variety of cast stone trims and mouldings designed to enhance any style and setting. Ancient Stone can match virtually any spectrum of colour.

*W*hether you prefer a casual or more formal lifestyle, Ancient Stone can fashion a unique fireplace with a simple or ornate mantle. The fine craftsmanship and exceptional design are sure to be a hallmark of opulence.
