Join us on a customized Uganda adventure! The Republic of Uganda is in east central Africa and borders Kenya, South Sudan, the DRC, and Rwanda. Populated by dozens of ethnic groups, Uganda is a diverse country called the pearl of Africa. It has many ecosystems, including fertile land, and a booming coffee trade. They are one of the few countries that can claim they are home to the rare Mountain gorillas!

Program Highlights

- 8 nights / 11-day journey through Uganda. Itinerary brought to you in collaboration with the Justice Tourism Foundation who partner to provide sustainable resources to the Kahangi community.

Cultural Exploration

- Tick a bucket list item off your list with a very special opportunity to trek into the Bwindi impenetrable forest in Southern Uganda to find the protected and rare **mountain gorillas**. They live in one of the richest ecosystems in Africa with some 120 species of mammals, hundreds of bird types along with butterflies, frogs and other reptiles like geckos and chameleons.
- Strap on your hiking boots and head into Kibale Forest to look for the local **Chimpanzee**. Your wildlife ranger will help you navigate the forest to find the troop that have inhabited the area dating back to 1993. There are thirteen species of primate in the area that you may also see as you trek.

Community Focus

- Gain authentic cultural insight during a day spent in the **Kahangi Village near Fort Portal**. Learn about their authentic lifestyles through interaction with villagers including visiting a small farm or tea plantation, stroll through the village, perhaps picking tea, basket weaving, cooking local dishes and visiting the nearby waterfall.
- Volunteer alongside local villagers on an **environmental conservation initiative**. Help with construction of tree beds at a tree nursery or transplanting trees in a degraded forest site as a way of supporting their climate change and conservation efforts.
- Learn about the lives of **rural women**, the custodians of traditions and indigenous knowledge. Their resilience and commitment to extended family and community have kept the African family intact through centuries of adversity.
- Spend a couple nights in an immersive cultural storytelling experience with an **indigenous community near Kibale National Park**. Connect with the locals and explore the rich traditions, history, and culture of a marginalized communities to gain the perspective of true village life.
- Join the locals for a **traditional village banquet** including helping with the cooking, making of traditional banana wine, coffee roasting and get into the traditional cultural music and dancing!

Why Nanda Journeys?

*Travel for people with purpose and passion.
Sustainable travel that supports global
communities.*
