INTRODUCTION

This guide provides information about the evaluation process used in the underwriting and issuing of Medicare supplement insurance policies. Our goal is to process each application as quickly and efficiently as possible while assuring proper evaluation of each risk. To ensure we accomplish this goal, the producer or applicant will be contacted directly by underwriting if there are any problems with an application.

POLICY ISSUE GUIDELINES

All applicants must be covered under Medicare Part A & B in Michigan, Texas and Washington; in all other states, only Part A is required. Policy issue is state specific. The applicant's state of residence controls the application, forms, premium and policy issue. If an applicant has more than one residence, the state where taxes are filed should be considered as the state of residence. Please refer to your introductory materials for required forms specific to your state.

Open Enrollment

To be eligible for open enrollment, an applicant must be at least 64 ½ years of age (in most states) and be within six months of his/her enrollment in Medicare Part B.

Applicants covered under Medicare Part B prior to age 65 are eligible for a six-month open enrollment period upon reaching age 65.

Additional Open Enrollment periods for Residents of the following states:

Connecticut – Year-round open enrollment.

Maine – One month open enrollment period every year in June for Plan A.

Individuals who have had a Medicare supplement plan or another health plan that supplements benefits provided by Medicare within 90 days are eligible for a plan that provides equal or lesser benefits. Please include documentation verifying the Plan information or the benefits of the coverage being replaced. Also be sure to include documentation showing the current coverage is in force or was in force within the last 90 days.

Applicants replacing a current 1990 Standardized plan with a 2010 Modernized plan, may apply for a 2010 Modernized Medicare supplement plan of equal or lesser benefits and would **not** be subject to underwriting guidelines.

Oregon – Annual Open Enrollment lasting 60 days, beginning 30 days before and ending 30 days after the individual's birthday, during which time a person may replace any standardized Medicare supplement policy with a policy of equal or lesser benefits. Coverage will not be made effective prior to the individual's birthday. Please include documentation verifying the Plan information and paid to date of the current coverage.

Washington – Individuals who currently have a standardized Medicare supplement plan may replace the plan as indicated below on an open enrollment basis.

- Persons with a Plan A may only move to another Plan A.
- Persons with a Plan B, C, D, E, F, G, M or N may move to any other Plan B, C, D, F (including high deductible), G or M. (Whether higher or lower in benefits compared to current plan.)
- Persons with a "Standardized" Plan H, I or J may move to another less comprehensive Plan B, C, D, E, G or M.
- Persons with a Plan J will qualify for our Plan J guaranteed issue Conversion rule. See Page 6 for details.
- Please include documentation verifying the Plan information.

Note: Plans E, H, I and J are no longer available for new business as of June 1, 2010.

Selective Issue

Applicants over the age of 65, or under age 65 in the states listed above, and at least six months beyond enrollment in Medicare Part B will be selectively underwritten, except in Connecticut, which is a year-round open enrollment state. All health questions must be answered. The answers to the health questions on the application will determine the eligibility for coverage. If any health questions are answered “Yes,” the applicant is not eligible for coverage. Applicants will be accepted or declined. Elimination endorsements will not be used.

In addition to the health questions, the applicant’s height and weight will be taken into consideration when determining eligibility for coverage. Applicants who fall outside the established guidelines for standard rating could receive a premium rate increase of 10%, 20% or be declined (a chart detailing the height and weight class ratings can be found on page 14). In the states of Connecticut, Texas and Washington, premium rate-ups do not apply. Coverage will be declined for those applicants who are outside the established height and weight guidelines, except for applicants in Connecticut and Washington.

Health information, including answers to health questions on applications and claims information, is confidential and is protected by state and federal privacy laws. Accordingly, United of Omaha and its affiliated companies do not disclose health information to any non-affiliated insurance company. Affiliated companies include Mutual of Omaha Insurance Company, Omaha Insurance Company and United World Life Insurance Company.

1. Between age 64 ½ and 65 – The first of the month the individual turns age 65
2. All Others – Application date or date of termination of other coverage, whichever is later

Replacements

A “replacement” takes place when an applicant terminates an existing Medicare supplement/Select policy and replaces it with a new Medicare supplement/Select policy. United of Omaha or Omaha Insurance Company requires a fully completed application when applying for a replacement policy (both internal and external replacements).

A policyowner wanting to apply for a non-tobacco plan must complete a new application and qualify for coverage. Policyowners wishing to change their Risk Class rating because of weight loss must maintain that weight loss for at least 12 months. A new application is required and will be underwritten.

If an applicant has had a Medicare supplement/Select policy issued by Mutual of Omaha or one of its affiliates within the last 60 days, any new applications will be considered to be a replacement application. If more than 60 days has elapsed since prior coverage was in force, then applications will follow normal underwriting rules.

All replacements involving a Medicare supplement, Medicare Select or Medicare Advantage plan must include a completed Replacement Notice. One copy is to be left with the applicant; one copy should accompany the application. The replacement cannot be applied for on the exact same coverage and exact same company.

The replacement Medicare supplement policy cannot be issued in addition to any other existing Medicare supplement, Select or Medicare Advantage plan.

Reinstatements

When a Medicare supplement policy has lapsed and it is within 90 days of the last paid to date, coverage may be reinstated, based upon meeting the underwriting requirements. Renewal commission rates will continue based on the policy’s duration.

When a Medicare supplement policy has lapsed and it is more than 90 days beyond the last paid to date, the coverage cannot be reinstated. The client may, however, apply for new coverage. All underwriting requirements must be met before a new policy can be issued.

Medicare Select to Medicare Supplement Conversion Privilege

Policyowners covered under a Medicare Select plan with United of Omaha or Omaha Insurance Company may decide they no longer wish to participate in our hospital network. Coverage may be converted to one of our Medicare supplement plans not containing network restrictions. We will make available any Medicare supplement policy offered in their state that provides equal or lesser benefits. A new application must be completed; however, evidence of insurability will not be required if the Medicare Select policy has been in force for at least six months at the time of conversion.

Telephone Interviews

Random telephone interviews with applicants will be conducted on underwritten cases. Please be sure to advise your clients that we may be calling to verify the information on their application.

In Wisconsin, telephone interviews will be conducted with applicants age 75 and over on underwritten cases.

If there is a Power of Attorney signing the application, a health interview with the Applicant will be required. If we are unable to perform an interview with the applicant, we will require two years of current medical records at the applicants expense.

Pharmaceutical Information

United of Omaha and Omaha Insurance Company have implemented a process to support the collection of pharmaceutical information for underwritten Medicare supplement applications. The “Authorization

to Disclose Personal Information (HIPAA)” is included in the Agreement and Authorization section of the application. Prescription information noted on the application will be compared to the additional pharmaceutical information received.

Policy Delivery Receipt

Delivery receipts are required on all policies issued in South Dakota and West Virginia.

Two copies of the delivery receipt will be included in the policy package. One copy is to be left with the client. The second copy must be returned to United of Omaha in the postage paid envelope which is also included in the policy package.

In Kentucky and Nebraska the policy is allowed to be mailed directly to the insured. If this option is elected, the delivery receipt does not need to be included in the policy package. If the policy is not mailed directly to the insured a delivery receipt will need to be included in the policy package.

Plan J Guaranteed Issue Conversion

Anyone who is issued a standardized “1990” Plan J before June 1, 2010 can keep that plan with all of the existing benefits as long as they choose and continue to pay the premiums.

However, in ME, NE, and WA where Plan J was available for new business until June 1, 2010 the following special guaranteed issue rules apply.

Policyholders who have a United of Omaha or affiliate company Plan J can convert to another available plan offered by United of Omaha or affiliate company in your state of residence, at any time, without having to pass underwriting.

Applicants who have a Plan J with another company, and want to convert to one of our available plans, would be subject to both the normal application process AND underwriting rules, unless they’re in a guaranteed issue situation.

Plan J Guaranteed Issue Conversion Options

Maine Mutual Plan J may convert to one of our available United of Omaha Plans A, F, G or M.

Washington Mutual Plan J may convert to one of our available United of Omaha Plans A, F, or G.

Utilizing the Calculate Your Premium Form (excluding Connecticut)

- Enter the **base** premium on line #2 and proceed with the instructions that follow.

Types of Medicare Policy Ratings

- **Community-rated** - The same monthly premium is charged to everyone who has the Medicare policy, regardless of age. Premiums are the same no matter how old the applicant is. Premiums may go up because of inflation and other factors, but not based on age.
- **Issue-age-rated** – The premium is based on the age the applicant is when the Medicare policy is bought. Premiums are lower for applicants who buy at a younger age, and won't change as they get older. Premiums may go up because of inflation and other factors, but not because of applicant's age.
- **Attained-age-rated** – The premium is based on the applicant's current age so the premium goes up as the applicant gets older. Premiums are low for younger buyers, but go up as they get older. In addition to change in age, premiums may also go up because of inflation and other factors.

Note: If a premium is paid by a business account, refer to the “Business Checks” section of this guide to determine if acceptable, and if so, which rate type will be applied.

Completing the Premium on the Method of Payment Form

Premiums are calculated based upon the applicant's exact age at the time of application, not their age as of the requested coverage effective date.

Initial Premium

- The amount determined from the Calculate Your Premium Form will be the amount you enter on the Initial Premium Amount box.
- Mark the appropriate mode for the **initial** payment.

Ongoing Premium Payments

- Determine how the client wants to be billed going forward (**renewal**) and select the appropriate mode on the Ongoing Premium Payments section.
- **Monthly billing is not allowed.**

Collection of Premium

At least one month's premium must be submitted with the application. If a mode other than monthly is selected, then the full modal premium must be submitted with the application.

- Money orders, cashier's checks and counter checks are only acceptable if obtained by the applicant. Third party payors cannot obtain a money order or cashier's check on behalf of the applicant.
- **NOTE:** The Company does not accept post dated checks or payments from Third Parties except for approved List-Bill and other situations. Immediate family and domestic partners are acceptable payors. We do not accept checks or payments from Foundations as premium for Medicare supplement/Select **for either** individuals or List-Bill situations.

List-Bill Collection of Premium

Use List-Bill for United of Omaha and Omaha Insurance Company Medicare supplement plans paid through an employer or a third-party list-bill administrator. In order to use the List-Bill program, you must establish and maintain a List-Bill account for three or more individuals. Program participants must be retirees (and/or their spouses) of the employer indicated on the enrollment form. The employer's active employees are not eligible. You will need to follow the steps in the List-Bill Administration Guide (M27005) and submit a completed List-Bill Enrollment Form (M27024). Both documents can be found on Sales Professional Access under the **Product Name** "Premium Payment-List Bill". For more information, contact a customer service representative at 1-800-877-1050 or find the List-Bill training powerpoint presentation located on Sales Professional Access on the product page for List-Bill.

In Kentucky, employers may not directly contribute to any portion of the premium. Premiums must be paid entirely with policy holder funds.

Business Checks

If premium is paid by a business account, complete the information located on the Payor Information section (Part II) of the Method of Payment Form. Business checks are acceptable if they are submitted for the business owner, the owner's spouse, or retirees of the business. ERISA (unisex) rates apply to retirees of the business.

Premium Receipt

The Premium Receipt must be completed and provided to applicant if premium is collected.

NOTE: Do not mail a copy of the receipt with the application.

Shortages

The company will communicate with the producer by telephone, e-mail or FAX in the event of a premium shortage. The application will be held in pending until the balance of the premium is received. Producers may communicate with Underwriting by calling 1-800-995-9324 or by FAX at 1-402-351-2552.

Our General Administrative Rule – 12 Month Rate

Our current administrative practice is not to adjust rates for 12 months from the effective date of coverage.

Refunds

In the event of rejection, incomplete submission, overpayment, cancellations, etc., the company will not cash checks. The company will destroy all checks and refund credit cards. Refunds on List-Bill groups are made to the List-Bill administrator/payor.

NOTE: Applicant’s signature must match name of applicant on the application. In rare cases where applicant cannot sign his/her name, a mark (“X”) is acceptable. For their own protection, producers are advised against acting as sole witness.

HEALTH QUESTIONS

Unless an application is completed during open enrollment or a guaranteed issue period, all health questions, including the question regarding prescription medications, must be answered. Our general underwriting philosophy is to deny Medicare supplement coverage if any of the health questions are answered “Yes”. For a list of uninsurable conditions and the related medications associated with these conditions, please refer to the next pages in this guide.

There may, however, be situations where an applicant has been receiving medical treatment or taking prescription medication for a long-standing and controlled health condition. Those conditions are listed in the health questions.

A condition is considered to be controlled if there have been no changes in treatment or medications for at least two years. If this situation exists and you would like consideration to be given to the application, answer the appropriate question “Yes,” and attach an explanation stating how long the condition has existed and how it is being controlled. Be sure to include the names and dosages of all prescription medications.

People with diabetes (insulin dependent or treated with oral medications) who also have one or more of the complicating conditions that are specified in the health question, are not eligible for coverage. For purposes of this question, hypertension (high blood pressure) is considered a heart condition. Some additional questions to ask your client to determine if he/she does have a complication include:

1. Does he/she have eye/vision problems?
2. Does he/she have numbness or tingling in the toes or feet?
3. Does he/she have problems with circulation? Pain in the legs?

Consideration for coverage may be given to those persons with well-controlled cases of hypertension and diabetes. A case is considered to be well controlled if the person is taking no more than two oral medications for diabetes and no more than two medications for hypertension. A combination of insulin and one oral medication would be the same as two oral medications if the diabetes were well controlled. In general, to verify stability, there should be no changes in the dosages or medications for at least two years. Individual consideration will be given where deemed appropriate. We consider hypertension to be stable if recent average blood pressure readings are 150/85 or lower.

Uninsurable Health Conditions

Applications should not be submitted if applicant has the following conditions:

<p>AIDS Alzheimer’s Disease ARC Any cardio-pulmonary Disorder requiring oxygen Cirrhosis Chronic Hepatitis Chronic Hepatitis B Chronic Hepatitis C Chronic Hepatitis D Autoimmune Hepatitis Chronic Active Hepatitis Chronic Steatohepatitus Chronic Kidney/Renal Disease Chronic Nephritis Chronic Glomerulonephritis Chronic Protein loss in the Urine (proteinuria) Requiring 4 or more MD office visits per year in the follow up of renal disease Chronic Renal Insufficiency Hypertensive Chronic Renal Disease Nephrotic Syndrome Chronic Obstructive Pulmonary Disease (COPD) Other chronic pulmonary disorders to include: Asbestosis Chronic bronchitis Chronic Cardiopulmonary Disease Chronic obstructive lung disease (COLD) Chronic asthma Chronic interstitial lung disease Chronic pulmonary fibrosis</p>	<p>Cystic fibrosis Pulmonary Hypertension Sarcoidosis Bronchiectasis Scleroderma Emphysema End-Stage Renal Disease (ESRD) Kidney disease requiring dialysis Kidney (renal) Failure/End-Stage Renal Disease (ESRD) Any kidney disorder that has the applicant being evaluated for, or who is currently on dialysis Amyotrophic Lateral Sclerosis (Lou Gehrig’s Disease) Lupus - Systemic Multiple Sclerosis Myasthenia Gravis Organ transplant Osteoporosis with fracture Parkinson’s Disease Pulmonary Hypertention Senile Dementia Other cognitive disorders to include: Mild cognitive impairment (MCI) Delirium Organic brain disorder Cerebrovascular Disease with cognitive deficits Dissociative Amnesia Huntington’s Chorea (Huntington’s Disease) Post Concussion Syndrome with residual problems</p>
