

Dear Jersey Coast Shark Anglers,

Thank you so much for the \$1,500 scholarship. It was very generous for the club to award this scholarship to me, and I am very appreciative of it. As you know, I plan on attending Stockton University this fall and this money will help me tremendously to cover the expenses of college. It is my goal to earn my degree in Marine Sciences and it is my hope to some day work in an area where I can help to protect and preserve the beauty we have in Ocean County. Your award will help me to pursue these goals. Thank you again so much for this very generous scholarship.

Sincerely,

Sara Lapsley
