

Remind App

Angel Academy will be using a Remind app to communicate with each parent. Each parent can sign up by texting this number 81010 for each group. Then in the message part type in the correct code for which group your child will be attending preschool. You will have to enter your first and last name. You will then have to answer a question if you are a parent, student, or teacher. Then reply with just the letter “P”. You will receive a message that you have joined the Preschool class. Now we will be able to communicate with you. Both Mom and Dad can sign up if wanted.

2 day – text this message [@2morning](#)

3 day – text this message [@3morning](#)

5 day – text this message [@e728c3](#)

This is a secure app that Angel Academy uses to send out reminders of what is happening at Angel Academy.
