

# Is your office overtaken by documents?

Get rid of the paper and save money!

Attend our **FREE SEMINAR (and have lunch on us)** and learn how to:

- ✓ Organize and streamline the paper processes in your business.
- ✓ Reduce costs and time associated with finding and retrieving documents.
- ✓ Save space by getting rid of file cabinets.
- ✓ Increase cash flow through workflow solutions.

## Secure Document Management – What makes EO Johnson different?

### • Consulting approach

We don't sell "out of the box" solutions and expect your business to adapt to that. Instead, we consult with you so we can fully understand your processes. We use Lean Process Mapping which allows us to customize the right solutions that work with your processes.

### • Software

User friendly software that can work in any part of your organization (i.e. AP, AR, HR). It can be used in tandem with core systems (so no expensive modules needed), and workflows can be created/automated to streamline tedious processes.

### • Support

LOCAL support ensures you get full functionality! Our specialized engineering team provides professional and friendly support that you can't get from out of town/state phone support.

**Thursday**  
**June 1, 2017**  
**11:30am - 1:00pm**  
(No charge for lunch)  
Holiday Inn Conference Center  
1701 4th St. NW  
Austin, MN
