

NATIONAL PARTNERS IN HEALTHCARE

Anesthesia Services

June 1, 2021

Anesthesia services are now being provided to our patients by National Partners in Healthcare (NPH). NPH is contracted with most insurance companies - however it is your responsibility to check with your insurance company to guarantee coverage. If you elect to have an NPH anesthesiologist involved in your care:

- Beginning June 1, 2021, you will be obligated to pay NPH for anesthesia services, regardless of your insurance policy benefits and limitation of coverage
- You will receive monthly bills, electronically or by mail
- You will receive telephone calls asking you to pay

If you have questions or concerns about your past or present anesthesia bill, please email ECCO Anesthesia: s_farnoush@yahoo.com . If your issue was not resolved to your satisfaction, please contact our office to help you further.

Sincerely,

Deborah Finney, Administrator
