

# CORROSION COLLEGE

## CALL TO CHECK DATES FOR UP COMING COURSES!

Unequaled opportunity to gain the upper hand in the never-ending fight against the destructive costs of corrosion damage.

### Explore & Understand

proven strategies for combating corrosion. Corrosion College enables graduates to apply the concepts learned in this course to important aspects of their careers.

### Comprehensive Curriculum

including case studies, laboratory workshops plus interactive presentations detailing the proper installation and use of anti-corrosion products. (Flip for more info)

### Grants 1.5 CEUs (15 PDHs)

to participants for participation and successful completion. CEUs are available from Kilgore College or Purdue University.

## Corrosion College

Corrosion College provides hands-on experience in understanding the process of corrosion through two days of intensive instruction conducted by professionals in the field of corrosion protection. Since 1996 Corrosion College has graduated over 2,500.

**Class size is limited to the first 15 registrants.**

## Rouzer Group

Rouzer Group invites you to attend an **all expense paid** corrosion training in Gilmar, TX. We believe knowledge of the most recent findings in corrosion can benefit you, your employees and your long-term business plans.
