

OUR INSTRUCTORS

We are proud of the staff we have assembled at The Baseball Warehouse. Our instructors have over 300 years of professional experience in Minor League and Major League Baseball as players, coaches, scouts and front office executives. We have instructors who have been MLB All Stars, World Series MVP's, World Series Champions, MLB Coaches, MLB General Managers and many other accolades. The experience we have as a staff can help players at any level and with any skill set. As a staff we believe good fundamental instruction in a positive and challenging environment will help players maximize their abilities and love for the game.
