

### DESCRIPTION

*DISSOLVE* removes concrete film, scale, rust, algae, scum, red mud, copper and brass oxidation stains, and other insoluble carbonates by safely dissolving them.

*DISSOLVE* eliminates the need for costly and potentially damaging grinding or harmful acids.

*DISSOLVE* removes mortar and plaster film from construction finishes, including anodized aluminum window frames, painted surfaces, door frames, stair risers, bathroom fixtures, and synthetic stucco without damage to the surface. Its unique blend of inhibitors and detergents make handling and storage safe.

### ADVANTAGES

- Economical - No need for labor intensive grinding.
- Easy to handle - No special safety precautions are required. Normal professional care is all that is required.
- Stable in storage - Kept in original container and free from contamination or freezing, product has long shelf life.
- Rinses quickly and completely - Water soluble, *DISSOLVE* is harmless to soils, grass, slabs, asphalt and foundation structures in dilutions obtained through rinsing.
- Won't damage aluminum or paint - When used as directed, *DISSOLVE* is safe on these surfaces.
- Estimated Coverage Rate Per Gallon- 200-300sf

### FOR USE BY

- Building Contractors
- Concrete Finishers
- Terrazzo Contractors
- E.I.F.S. Applicators
- Specialty Contractors
- Clean-up Contractors
