

# **Days of Rain**

**Stationary front  
Took away the sun  
Turned our path to mud  
Chills us to the bone**

**It's been raining so long**

**Out of my control  
Out of your control  
Out of our control**

**Nimbus billow dark above  
Tumid buckets bleeding out  
Saturating thirsty ground  
Resurrecting sunken souls**

**Ebon ceiling hung  
Long occluded sun  
You are not alone  
Falls on everyone**

**It's been raining so long**

**Out of my control  
Out of your control  
Out of our control**

**Nimbus billow dark above  
Tumid buckets bleeding out  
Saturating thirsty ground  
Resurrecting sunken souls**
