RE: Horse Intake Questionnaire

Thank you for contacting Horse Heritage Educational Program! We are currently evaluating horses for our waiting list. We often need certain types of horses to accommodate our riders' needs. We are looking for horses that are:

- Quiet, patient and un-flappable
- Willing to work with anyone (male/female)
- Sound, with a consistent and steady gait at the walk, jog/trot and lope/canter
- Able to live in a pasture setting with other horses
- Needs minimal specialized care (feeding/shoeing/medical) outside of routine care
- Able to work up to 6 hours per day (with a break)
- Able to work alone or with other horses
- Comfortable in both an indoor arena and on the trail
- Full size horses only – no mules, donkeys, ponies or minis
- Horse must be at least 14.0h and not exceed 16.0h
- We prefer horses between 10-18 years old

If you would like us to consider care leasing your horse for our program, please complete the attached questionnaire and return it to:

Horse Heritage Educational Program

Y / N Are you able to send your horse's halter and bit to the program?

What are your reasons for wanting to lease your horse to HHEP? _____

Is there anything else you would like to tell us about your horse? _____

If your horse is selected, Horse Heritage Educational Program (HHEP) requests a trial on any new horse coming into our program to make sure that the horse is suitable and happy in this environment.

Not every horse is cut out to be a therapy horse. We will contact you as soon as we make a decision on your horse's potential to be a part of our program.

All horses coming into HHEP for a trial are required to be up to date on shoeing, deworming, vaccinations and dental work.

If your horse is asked to become part of our program, a use lease agreement will be sent to you. All horses in HHEP are under use agreements.

Again, HHEP thanks you for your time and generosity to our program. Horses are the backbone of the program. We look forward to meeting you and your horse!
