No Charge to You*

There is no charge to you for flu vaccine at our clinics. To help cover state costs, ADH will charge your insurance company for the cost of giving the vaccine. Together we can save the state millions! If you do not have insurance, or your insurance does not pay for flu vaccine, the vaccine will still be no charge to you.

Please bring your driver's license. Our staff may be able to copy or scan your driver's license to get your name, age, and address. This speeds up the data entry process which means less time at the clinic for you and shorter lines!
