Jamestown, N.Y. 14702-0821

Gary Swanson has been spending his time at Daytona International Raceway during the month of November!

He attended the Historic Sports Racing event and saw fellow club members, Jeanne and Alistair Oag crewing a 2017 TA2 Camaro. Later on in the month, he participated in the Turkey Rod Run held at the Speedway. Gary shared the following details with us!! (Black & white pictures don't do it justice!)

"It is a 1965 Chevy C-10 powered by a built up Chevy 400c.i. small block V-8. It has a Turbo 350 transmission, 12 bolt posi-traction rear end, air conditioning, and front disc brakes. Has been lowered front and back, and has 18" front wheels and 20" in the rear.

This year was the 45th annual Turkey Rod Run event, held every Thanksgiving weekend in the infield at Daytona Speedway. It is billed as the largest combined event in the country for show cars (no judging), car corral, and flea market. Probably 95% modified vehicles, almost no factory stock, about the opposite of Hershey in that regard."

Merry Christmas
Happy New Year
