Dear Members,

On behalf of the Phoenix Chapter of Brandeis National Committee (BNC), we welcome you to another exciting BNC year of fun and learning.

As you read through this year's Study Group Guide you will see that the subject areas are vast and the number of groups impressive. The groups are formed and led by our very talented members who act as facilitators. The study groups offer opportunities to learn new skills, experience cultural sites and performances, discuss books, films and the issues of our times, share experiences in almost every genre and explore the Valley. With our many and varied choices, there is definitely something for everyone!

Special thanks to our Study Groups VPs Joellyn Pollock and Kathleen Witkin, along with their Study Groups Committee, Study Guide Coordinator Sara Leopold and Study Group Registrar Merrill Kalman for their exceptionally interesting 2019-2020 Study Guide. Kudos and thank you to our over 80 study group facilitators, for providing our members with educational and social activities.

All the best,
Marcia Langer & Judy Levine
Co-Presidents, BNC Phoenix Chapter

Dear Members,

Welcome to the 2019-2020
Study Group Guide!

You will find many returning and exciting new study groups, covering a broad array of interests and pursuits from learning to eating to playing or all at the same time!

Come join your friends and meet new ones at a variety of activities. Take a risk and join a new group that you haven't tried before. You'll be amazed how much fun it is.

Since study groups are available only to paid-up members of the Brandeis National Committee (BNC), now is the time to join or renew, which you can do online. See page 3 for detailed instructions.

The study group schedule was created to contain as few conflicts as possible. With that said, we are fortunate to have so many groups that you will have to make some choices and some groups with variable meeting dates and times may occasionally overlap. Participants of both groups will have to choose which wonderful activity to attend!

Our website address is:

<http://www.brandeisphoenix.org/study-groups.html>

This Study Guide also is available there, along with a link to the **Study Group Registration Form**.

IMPORTANT: Please keep in mind that many groups fill up quickly - some almost immediately - so plan to register as soon as possible, even if you won't be back in Arizona until winter. We encourage you to share this Study Guide with any of your friends who are not yet members of BNC.

Your study group fees are used to offset the administrative expenses of our BNC Phoenix Chapter. Any surplus study group fees are designated to support the University's library.

We hope you will take advantage of all that our BNC Phoenix Chapter has to offer!

Your Study Group VPs,
Joellyn Pollock and Kathleen Witkin

Our state of Arizona contributes much to the literary world, with authors and also with story settings. This group will focus on both. Once a month, for six months, we will be treated to an appearance by an author who is either from Arizona, resides in Arizona now or uses Arizona as a locale for a book. The author will speak to us about his/her life and writing. There will be a question and answer period followed by book signings. You do not need to read the author's book in advance but you are, of course, welcome to do so. Books will be available for purchase that day. The authors do not charge us for their appearance, but selling books is how they make their living, so it is always nice for our group to support them. You must RSVP to Merrill each month to assure a seat. **The first meeting will be October 21.** Location: JCC, 12701 N. Scottsdale Road, Scottsdale 85254. Maximum 150.

About Brandeis University

Brandeis was founded in 1948 by the American Jewish community and established as a nonsectarian university with a founding principle of being open and welcoming to faculty, students and staff of all backgrounds, beliefs and experiences. This was especially meaningful at a time when Jews, other ethnic and racial minorities, and women, faced discrimination in higher education.

The university was named by Louis D. Brandeis, the first Jewish justice of the U.S. Supreme Court. Justice Brandeis made an indelible mark on modern jurisprudence by shaping free speech, the right to privacy and the rights of ordinary citizens.

Brandeis University is animated by a set of values that are rooted in Jewish history and experience: a reverence for learning, an emphasis on critical thinking, and a commitment to the Jewish ideal of making the world a better place through one's actions and talents. Among the faculty and alumni are several Nobel Laureates, MacArthur Foundation "genius grant" recipients, Pulitzer Prize winners and a number of Emmy-Award-winning actors, broadcasters and producers.

Regarded as a top-tier university with global reach, Brandeis is poised to lead in education and research in the 21st century.

Mission Statement

Brandeis National Committee is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, nonsectarianism and service to the community.
