## **CEC District 20 Presents “Facts about Teen Vaping”**

April 17, 2019, 7pm.

IS 259 William McKinley

7305 Fort Hamilton Parkway

Brooklyn, NY 11228

**Achala Talati- Acting Director of Tobacco Policy and Programs**

**✚ Health Risks of Vaping**

**Shawn McClain- Field Support Liaison for District 20 Superintendent’s Office**

**✚ District 20’s Vaping Protocol**

With special guests,

NYS Senator Andrew Gounardes and City Council Member Justin Brannan to speak about city and state anti-vaping initiatives and to hear your concerns.

**We urge our entire District 20 Community to attend this very important event**

“The teen years are critical for brain development, which continues into young adulthood. Young people who use nicotine products in any form, including e-cigarettes, are uniquely at risk for long-lasting effects.”

- National Institute on Drug Abuse 2018
