

"This is my beloved hometown dance school. These teachers love what they do and come in everyday ready to teach us something new. It is thanks for FDA that I am who I am. They gave me a great foundation in dance for me to continue on and major in dance at KSU. This place truly was my home away from home."

"This was by far the best dance studio I could ever be involved with. Everyone treated you like family and the instructors were just amazing. I got my little cousin Maddie to start dancing and she's apart of Production. I couldn't be anymore proud. Thanks FDA for the best years I had."

"I danced for Fairport dance Academy for 14 years. Not only did I learn all of the technical skills for dance but also learned poise, grace and how to take care of my body. The teachers at the school are so dedicated and by far some of the best role models I have ever met. This was one of the best decisions my mother ever made to send me here."

"My daughter danced at FDA from the age of five till eighteen! This is the only place to dance nothing compares!!! The teachers are amazing and the recital is first class!! Fairport Dance Academy is the only place for your kids to learn to dance!"

"We LOVE FDA!!!! Our girls have been there for 3 years now and they both love it. Nicole Debiase and the entire staff are great with the kids, professional, and very accomodating. The recitals speak for themselves

as being the best productions in town! I would recommend everyone to this dance school!! Very cute and quaint!”
