

# RecoveryWerks!

Changing the world through recovery one **underserved** community at a time

## Our Mission:

RecoveryWerks! provides proven recovery support services in a safe and nurturing environment for teens and families in rural communities affected by substance use. We educate, partner with local agencies, and advocate for strong community support systems to reduce the stigma of addiction and increase recovery success.

## Our Beliefs:

Recovery works when there is a belief in a Higher Power.

Recovery works when physical, mental and spiritual issues are addressed as a whole.

Recovery works when clients are empowered to break the cycle of addiction and dependency through the 12 steps.

Recovery works in fellowship when clients feel safe and have access to education, counseling, sponsorship, and support groups.

*All donations to RecoveryWerks! are tax deductible and have a huge impact in bringing recovery to teens and families in our community.*

*Visit our website for online giving or for more info.*

## Holiday Recovery Tools

Another holiday season is quickly approaching. For many, this time of year brings families together, sharing stories and holiday meals, exchanging gifts and ideas.

However, for families that have someone suffering from Substance Use Disorder, the holidays can be the most emotionally and spiritually destructive times of the year.

Maybe the ideas we share are rejected, dinners are filled with drinking, stories turn into old resentments and our hope for this season is shattered.

Recovery tools that we learn at RecoveryWerks! can bring hope. We can make a point to go to a meeting, talk with our sponsor, work another step, read some recovery literature, become a sponsor and help someone else out, pray, meditate, use our group phone list, and have sober fun with other group members. We are not trapped, we have a way out and today is a good day no matter what the circumstance.
