

Hello county staff!

We're a non-profit service designed to help your community get and keep CalFresh any time, from any device. Our mission is to help close the CalFresh participation gap. We are committed to helping you continuously improve the enrollment process and to providing a dignified experience for CalFresh applicants.

Leo O'Farrell, the CalFresh Program Director at the San Francisco HSA has said, "This is the first site that let's you apply for CalFresh on your phone. You are not tethered to a computer, you don't have to be with a CBO, you don't have to visit an office. You can do it wherever you are."

GetCalFresh.org is delivered by Code for America, on behalf of the people of California. Code for America is a non-profit organization dedicated to helping governments increase access to critical services by leveraging technology.

Easy for you, easy for your clients.

A better application experience

A mobile-friendly application assistance tool, written in plain language that only takes 10 minutes. Applications come through like any other submitted via MyBenefitsCalWin.org or C4Yourself.com. It works on any device, no download needed.

An easy way to send verification documents

Residents take photos and submit required documents right from their phone. No scanners or snail mail required.

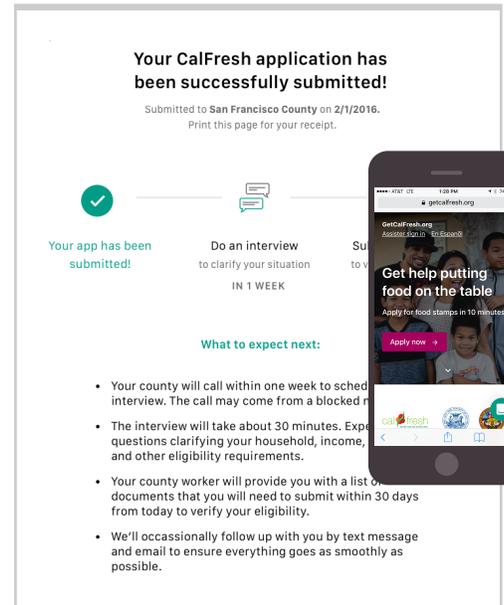

A more supportive enrollment process

Residents get timely reminders and on-demand support to navigate the enrollment process via text message, email and live chat.

We're great listeners who act on feedback

We're responsive to data, feedback, and requests from counties, users, and CBOs, and are constantly adding new services and features.

Shape the future of CalFresh.
