requirements. She also pointed out that administration added a part time position, public works added a full time Code Officer position, and the salary for economic development was split between performing arts and economic development.

Motion by John Mahony, Second by Phil Clemmer to approve Ordinance 2017-003 on first reading. The motion carried unanimously 7/0.

NEW BUSINESS

Appoint New Judge, Barbara Ferguson

Mayor Sam Lee states that a new judge needs to be appointed and the staff is recommending Barbara Ferguson. He asks Judge Finley if she approves of this and she states that she does.

Motion by Matthew King, Second by Phil Clemmer. Motion carries unanimously 7/0.

1st Reading Ordinance No. 2017-004 Proposed 2017-2018

Mike Pitman begins by stating he was hoping that by giving each line a small budget to being with, they would have a large surplus in the end and could go back and fill in the smaller budgeted areas, but that did not happen. He stated this is a tight budget, nearly 17 million with a $42,000 surplus. There is only one new employee added to the budget. It includes a 2% cost of living raise for every employee effective July 1. There is a decrease in the transfer from the gas system. There is an increase in the retirement as well as in insurance. There is a $20,000 reserve. Phil Clemmer asks if there is anything included in the gas fund about an addition pump station. Mike Pitman states that there is not because another take point would be a couple million dollar project. He states that his intent is to one day build another station but that is a couple million dollar project as well. Phil Clemmer asks if the Gas budget is going to be voted on separately, Mike clarifies that everything will be voted on together. Mike states that our intent is to keep the Performing Arts Center operational and open. They would like to bring in a third party with experience and knowledge on how to run a facility like that. The Mayor states that any third party would have to go through RFP before one is selected. Matthew King asks why Public Works salary line has dropped so much. Naomi states that that goes back to the reclassifications due to FLSA.
