PREFINISHED CEILINGS & WALLS

E-Peck™

The beauty is consistent. Not too little. Not too much. And always available. Our E-Peck™ distressing is available on all of our woods. Our unique manufacturing process enhances what takes Mother Nature decades to perfect.

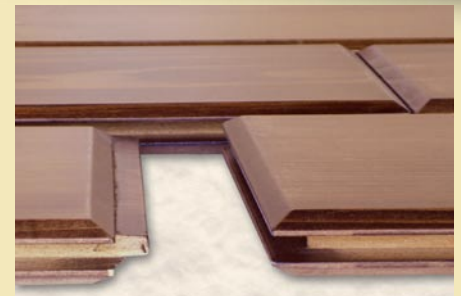

Exquisite for ceilings or walls, the applications do not end there. Let Synergys' E-Peck™ add interest to your bar area, or as an accent to your outdoor room or lanai.

CYPRESS ❖ PONDEROSA PINE ❖ CEDAR

Synergy Wood Products is *the* choice in quality prefinished wood products, for homeowners and professionals alike.

- ❖ Less waste, with all the advantages of end-matching and coordinated moldings, all ready to install.
- ❖ Available in a variety of colors with a true furniture quality finish.
- ❖ Custom color matching available.
- ❖ Matching mouldings and trim available.

End Matched Tongue & Groove

- ❖ Allows for an interlocked end joint.
- ❖ In ceiling applications, the joint does not have to align with the truss above giving you a true random pattern.
- ❖ Installation time significantly reduced.
- ❖ Waste typically 5% or less.
