"Frauen auf der Welt"

Frauen auf der Welt ist eine Ausstellung im abstrakt expressiven Stil. Mit unterschiedlichen Kunsttechniken versucht die Künstlerin die Emotionen der Frauen auf der ganzen Welt zu illustrieren. Die Inspiration nimmt sie von medialen Nachrichten auf, in denen über Frauen aus allen Teilen der Welt berichtet worden ist. Durch die expressive Aufarbeitung spürt der Betrachter, mit welchen Emotionen Frauen ihr Leben gestalten. Gleichzeitig lässt die abstrakt-expressive Darstellung Raum für die eigenen Assoziationen und Interpretationen.

"This lovely folk tale enchanted me when I was a small boy in Afghanistan. I am grateful to Asma Salehi for re-telling it to a whole new generation and for helping salvage a small piece of Afghan culture."
