

LIBRARY of the Saltwater Fly Anglers of Delaware

Our club library includes books, CDs, cassettes (cassette player available upon advance request), [NOTE! All VHS titles have been converted to DVDs] and DVD videos pertaining to fly fishing – both fresh and saltwater, are available. Catalogs are no longer being maintained. The library will be brought to monthly meetings unless the librarian cannot attend and cannot make arrangements for someone else to bring everything. Titles include those relating to techniques and how-to, as well as, some that are more for your reading, viewing or listening pleasure.

HERE IS WHAT YOU DO TO CHECK OUT AN ITEM:

1) The item must be signed out in the spiral notebook. Write down: A) the title of the book/video you are borrowing, B) the Library Item# and if a book or DVD, C) the date checked out and D) your name (PRINTED & READABLE). Since many members may wish to check out popular titles, it is suggested that titles be returned a month after checkout (at the next meeting) or in 60 days at a maximum.

2) When the item is returned, cross out the line and enter the date returned. A title that has been checked out may be returned to the librarian whenever you see that person, at a meeting or if fishing (borrow book will be filled out for you if not at a meeting). The librarian will attempt to keep all titles available up-to-date on this posted listing which will be sent out at least annually. If you have a book or video to donate to SFAOD, please bring it to a meeting and give to the librarian. If you wish to check out an audio cassette – there are still a couple – ask the librarian for a loaner tape player (it will probably be the next meeting before this can happen).

If books or videos have been checked out for two months, I will send reminders to those who have items still outstanding, asking them to bring them to the next meeting.

Librarian:

Steve Halstead, (410) 259-1588, 302 Lorraine Dr. Frederica, DE 19946, rxflyfisher@gmail.com

Addendum: Some videos may be available in both VHS tape format and DVD – ask if you don't find what you are looking for. Members may have personal reference material they are willing to share. All VHS format videos have been converted to DVDs. We still will keep the VHS tapes through 2017. At that time we will need to decide how to dispose of them. If you have other VHS videos that you would like to have converted to DVD format, please let me know. If you wish to donate them to the club library, this conversion will be free. If you do not wish to donate them, I may be able to find the time to convert them, but I can promise nothing. It may take a while before I find the time to do it.

Steve Halstead, Librarian

- #98 Silver Creek & A Cousin Down Under (Hooked on Fly Fishing) – DVD
- #100 Fly Fishing Video Magazine – Utah’s Green River Trout – DVD
- #101 *Sporting Fly – Alaskas Kenai River – 2006 – (see a 14.5# rainbow caught) - DVD*
