

Portland's Premier Women's Full-Contact Football

Dear

As you may or may not know, I'm a proud member of the Portland Fighting Shockwave; a WOMEN'S full-contact football team! Last season was the team's 17th season and we ended the regular season 6-2 and making it to playoffs the last 2 of 3 years. We are getting ready to kick-off our 18th season and intend to build upon our success!! Official practices started in January and we are settling in to all the conditioning, drills, bumps and bruises while learning all we can about the game of football. Because the sport we love is expensive to play, because the sport we love is expensive to play, and isn't supported by traditional parks and recreation programming or city funding, the team is also working hard to earn financial support.

Every player on our team is required to volunteer at team fundraising events and pay/earn/raise \$850 for our Player Fee which helps cover our training costs, practice facilities, game venue and other various team expenses. In addition, we also have to pay own travel expenses including a flight to California. Despite multiple team events to raise money, it's still difficult to cover all of our costs. Field rentals are over \$15,000 per season, our helmets need to be reconditioned and even bad referees demand to be paid 😊 As a team, we hope to raise over \$42,000. The team and I would really appreciate your donation to help us meet these critical needs.

The Fighting Shockwave has provided me and other women the rare and exciting opportunity to play full-contact football. With your support, we are looking forward to keeping our gridiron dream alive and bringing a league championship to Portland.

GO FIGHTING SHOCKWAVE!

Thank you,
