*For pictures, dancers will wear their costume, tights & dance shoes. Dancers with **one costume** will have a **\$25 photo fee**. Dancers with **two or more costumes** will have a **\$50 photo fee**. These fees are due on picture day – cash or check made payable to Focus Photography. These fees cover all the photos and include digital download access to all of your dancer's photos in an online gallery. No additional purchase is required - you'll be able to download and share your images directly from the online photo link.

*All dancers will have their individual and group pictures taken during their scheduled class times. If you prefer not to have an individual picture taken, please email asod@centurytel.net in advance to let us know. Due to many families with multiple dancers and classes, it's not possible to schedule all pictures on the same day, and we appreciate your understanding if picture days don't align for everyone. The schedule may be adjusted slightly as we approach the picture day, we will send an updated email if there are any changes.
