STORE AT ROOM TEMPERATURE.

Recommended Use: As a dietary supplement, mix 27 grams (approx. one scoop) in eight ounces of water or any other beverage per day, or as directed by your health care practitioner. Use a blender or shaker bottle, and shake or mix well. For best blending results, liquid should be at room temperature.

PaleoBeef contains HydroBEEF™, a highly concentrated, pure beef protein, produced through an exclusive hydrolysis and ultra filtration process. This proprietary process begins with beef from animals raised in Sweden, without hormones and free of any GMO grains, grasses, hay, and/or ensilage. The process allows the protein to be hydrolyzed into a higher concentration of functional peptides.

- pure protein – over 97% protein
- proprietary process yields more peptides for easier assimilation
- high protein nitrogen score of 101.5
- no allergens
- tested free of hormones and antibiotics

HydroBEEF™ is purified beef protein containing both complete and collagen proteins that are naturally found in beef. Delivering these proteins as peptides allows for better absorption and assimilation. It's the ultimate protein supplement for those on a Paleo diet or anyone who wants the unique protein profile that comes only from beef.

PaleoBeef is the perfect protein for those who:

- want a true Paleo protein source
- want the power of beef to build muscle, cartilage & ligaments †
- are dairy sensitive
