

MINIMUM requirements of Board members of The Las Vegas Disc Golf Club

Be at every event hosted/or supported at least 2 hours before event tee off time. This is to help with course setup, player signup, merchandise management. Expect 8+/- hours for bagtags. Monthlies and sanctioned tournaments can be shorter or longer depending upon format.

Stay at event after playing in the event to help with management of other players, checking scores, selling merchandise.

Stay until after the event, even after the final results have been posted, tags/payout given out etc, to help clean up the course, pack up any club items.

The club holds 12 bagtag events (mostly) on the first saturday of each month, but always on the weekend.

The club has approximately 12 other events, held on Saturdays, Sundays, and sometimes Thursday and/or Friday, about 2 weeks apart from the bagtags.

The club holds at least 4 board meetings a year, usually held on the weekend, as this is when most board members can all get together. These meetings have lasted up to 6 hours, depending on the topics. They tend to get shorter as the year progresses, with the longest meeting in december to determine the next year's schedule and operations.
