GOVERNOR DODGE STATE PARK

Governor Dodge State Park encompasses over 5,000 rolling, forested acres of Wisconsin's unique driftless region and provides recreational opportunities for outdoor enthusiasts of all types. There are two lakes with beaches and boating. Hiking trails pass by historic features including a native rock shelter, a pioneer cemetery and springhouses. Two family campgrounds and a designated horse campground offer overnight accommodations.

The 25 miles of well-maintained horse trails at Governor Dodge are among the finest in the State. Trail loops of varying lengths are mostly wooded and traverse high ridges, restored prairies and pristine forests. Trails offer beautiful views of the park's lakes and many rock outcroppings. Water and toilet facilities are available at the horse day use area and other points throughout the park.

GOVERNOR DODGE EQUESTRIANS

As a committee of the Friends of Governor Dodge State Park, the Friends of Governor Dodge-Equestrians share the Friend's mission of supporting recreation, education and environmental stewardship in the park. **As equestrians**, our special focus is to promote and enhance equestrian facilities and opportunities at Governor Dodge. Since the inception of this group in 2015, we have funded some user enhancements to the park's existing facilities and hosted a variety of fun and educational events in the park. More events are planned for the future and volunteers are always needed to help plan, publicize and host events.

The Friends is a 501(c)3 private non-profit. Monetary gifts to the Friends of Governor Dodge-Equestrians support worthwhile equestrian-oriented projects and are tax deductible.
