Guest program: *Today accompanying guests will enjoy a visit to County Kilkenny with Kilkenny Castle and Jerpoint Park. The town of Kilkenny is often referred to as "the Marble City" and is the most interesting and best preserved of the medieval Irish cities. It owes its immense charm to the various impressive historical monuments. Kilkenny Castle has been an important site since it was built by the Anglo-Normans in the 12th century. The castle has been remodeled in Victorian times and set in extensive parklands which was the principal seat of the Butler family, Marquesses and Dukes of Ormonde. Due to major restoration works, the central block now includes a library, drawing room, and bedrooms decorated in 1830's splendor, as well as the beautiful Long Gallery. A warm Irish welcome is guaranteed at Jerpoint Park, a period family home and working sheep farm. A sheep dog demonstration with a collie dog herding sheep in the farmyard is a sight to behold!*

Dinner will be provided at a local restaurant or pub.

After dinner, head to **O'Shea's Merchant Pub** for a night of traditional Irish music and dancing (optional). The pub has a long history of traditional music, with many of the greats in Irish music playing here over the years. Monday nights they offer a set dancing night with a chance to join in!

It will inspire and guide you on a journey to discover the stories of Irish emigration around the world, from early times to the modern day.

Enjoy lunch at a local restaurant.

This afternoon the group will visit the world-famous **Guinness Brewery** to discover the secrets of both creating and pouring the perfect pint. Guinness, an Irish dry stout, lovingly referred to as "The Black Stuff" by locals, has been brewed in Ireland since 1759.

Drive to Cork & visit Hill of Uisneach

The group will depart after breakfast for **Cork** in southwest Ireland. In route you will stop for lunch.

This afternoon the group will enjoy a guided meditation and tour at the **Hill of Uisneach**, one of the most sacred and historical sanctuaries in the world. This ancient ceremonial site, in the barony of Rathconrath in County Westmeath, is in Irish mythology the location of the center of Ireland connected with both ley lines and sacred geometry. It is where the five provinces of Ireland meet and where the magical otherworld is said to be accessible via the **Catstone** (*Aill na Mireann* or Stone of Divisions). The stone is also reported to be the burial location of goddess Eriu (also one of the Tuatha de Danann). Tour with a local guide and take part in a special meditation session this afternoon. The Ancient Walkway connects the royal sites of Uisneach and Tara, and its remains can be seen today. Uisneach predated Tara as a royal residence for the High Kings of Ireland.

Head to the hotel this evening to check in and to have dinner at the hotel or nearby.

Professional Program Day

Wrap up your professional exchange today with a morning visit to a **community healthcare facility** to continue discussions around how at this local level they are working to improve the health and wellbeing of service users, staff and the wider population of Cork and Kerry. Key areas of improvement include chronic diseases, staff health and system reform. A meeting will also be requested with the **Cork ARC, Cancer Support House** to learn about the free services provided to patients and their families during this difficult journey.

Lunch will be provided at a local restaurant today.

Guest program: *Today accompanying guests will depart for a trip to Mizen Peninsula. Mizen Head Irish Lights Signal Station is located at Ireland's most southwesterly point, at the end of the Mizen Peninsula, where the currents meet from the west and south coasts and where waves from the mid-Atlantic crash into the land. Mizen Head Fog Signal Station was sanctioned in 1906 by the Irish Lights Board to combat the high loss of life and shipping on the rocks. Visitors can dare to cross the iconic bridge high above the gorge; watch for seals and their pups in the swell below; experience the solitude of the keepers' lives and the elemental power of the restless Atlantic where the ocean currents swirl; laugh with exhilaration into the fresh salt-laden sea air. Tour the visitor center and gift shop before heading back to Cork.*

DAY 7: Friday, September 25

Ring of Kerry & Muckross Farms

This morning head out for a full day trip that includes highlights of the **Ring of Kerry**. This will include **Moll's Gap** and **Ladies View**. Moll's Gap provides magnificent views of Macgillycuddy's Reeks Mountains. The rocks at Moll's Gap are formed of old red sandstone and a great scenic vantage point. Ladies View is another scenic vantage point whose name stems from the admiration of the view given by Queen Victoria's ladies-in-waiting during their 1861 visit.

After lunch at a local pub or café, the group will head to **Muckross Traditional Farms**. Greeted upon arrival by a schoolmaster, proceed into a classroom for a short background on school life in the early 1900s and learn some Irish words. Then take part in a butter making and scone making demo. The *Bean an Tis* (women of the house) will explain the importance of butter to the Irish farmer's wife, how it was transported throughout the world, and why Irish butter is ranked so high both at home and abroad. Sample the wares and have some tea or coffee afterwards.

Return to Cork where dinner is by individual arrangement (own expense).

Built in 1446, Blarney Castle is famous for its Blarney stone, the Stone of Eloquence, which is traditionally believed to have the power to bestow the gift of eloquence on all those who kiss it.
