### Standard Gable Truss

These Gable Trusses come in sizes from 10' - 80' wide. The standard pitch is 4/12 although we can custom build steeper if needed.

### Lean To- Truss

Lean to trusses are most often made on a 2:12 pitch. Other pitches are available if specified.

### Bar Joist - Header Truss

Our bar Joist is a steel beam that takes place of a post. This will enable you to have either a 20' - 30' opening between post.
